Owner agrees that no surface water is to be discharged into the sanitary sewerage collection system and will make adequate provision that this will not occur.

The required storm water retention facilities for the development must be completed before any occupancy permits shall be issued.

All public improvements, which shall be completed within 2 years after approval of the Plat of Subdivision, shall be inspected by the Village upon completion and if they are found to be in compliance with the requirements of the Code and in accordance with the final engineering plans they shall thereupon, without unreasonable delay, be accepted by the Village. In the event the Owner

conveys to the Village any of the water retention/detention areas so that said areas are eligible for exemption from real estate taxes, Owner shall nevertheless be responsible for all maintenance of said areas until formal acceptance thereof by the Village.

SECTION SIX: Construction of Streets; Sidewalks; Street Lights; Miscellaneous.

A. Streets.

The Owner shall provide access to the site. Owner shall be responsible for keeping all adjacent streets free from construction debris and for repair of damages to the streets caused by Owner's construction traffic. All deliveries of construction supplies or materials shall be restricted to certain streets or temporary haul roads designated by the Village.

Also, Owner shall be required to keep all public streets located on the Subject Property as well as adjoining streets free from mud and debris generated by construction activity on the Subject Property. Such streets must be cleaned at least once a week, and more often if required by Village in its sole judgment. For each day that the streets are not cleaned as required hereunder during construction, Owner shall be subject to a fine as provided in the Land Development Code. If any such fine is not promptly paid, the Village shall have the right to stop any and all further construction until paid.

B. Sidewalks.

Owner shall be required to construct sidewalks all in accordance with the terms of this Agreement, the Code and final engineering plans approved by the Village.

C. Street Lights.

Owner shall be required to install street lights in accordance with the Code and final engineering plans approved by the Village.

D. Dedications.

The Village shall accept the dedication of any street right-of-way upon completion of the street improvements and acceptance thereof by the Village. All public street rights-of-way to be located on the Subject Property shall be at least 60 feet in width.

E. Miscellaneous.

The cost of all street (parkway) trees shall be included in the required letter of credit for each phase of the development of the Subject Property, with the amounts to be computed on the same basis as the amounts to be included in the letter of credit for all other public improvements for the Subject Property (the installation of street trees will be accounted for in the Owner's Letter of Credit). The street tree(s) for each residence shall be planted not later than the planting season next

following the issuance of the Village occupancy permit for said residence. Should the trees not be planted by the next planting season (spring or fall), the Village may, at its option, draw on the letter of credit to install said street (parkway) trees. Nothing contained herein shall prohibit assigning, delegating or transferring the responsibility for planting such trees by contract or declaration to home building contractors applying to the Village for building construction permits. However, the Owner shall at all times remain primarily liable to the Village for such installation and, in any event, responsibility for the installation of street (parkway) trees shall not be assigned or transferred by Owner to the homeowner (end user). All street trees shall be planted in accordance with the Village-approved subdivision landscape plan.

SECTION SEVEN: Easements.

The Owner agrees at the time of approval of the Annexation Agreement to grant to the Village, and/or obtain grants to the Village of, all necessary easements for the extension of sewer, water, street, or other utilities, including cable television, or for other improvements which may serve not only the Subject Property, but other territories in the general area. Also, Owner shall grant a blanket easement to the Village to have access to and the right to maintain any storm water management facilities located on the Subject Property for storm water management purposes. The Village shall have the right, but not the duty, in its discretion to go in and perform such maintenance work if necessary and to charge the Owner for the costs of the same, including the right to record a lien against the Subject Property if such costs are not paid.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee thereunder. It shall be the responsibility of the Owner to obtain all easements, both on site and off site, necessary to serve the Subject Property.

SECTION EIGHT: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property annexed, and of each lot respectively encompassed by this Agreement shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date each respective permit for development of each lot is issued. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village of Orland Park at such time. Notwithstanding the foregoing, the dollar amounts for the contributions set forth in Section Three above shall not be increased during the term of this Agreement; however, all other fees, etc. set forth under the various ordinances of the Village shall be paid by the Owner at the rate set forth in the Village ordinances at the time each permit is issued.

No occupancy permit shall be issued for any building prior to the completion and approval by the Village Engineer of the required public improvements, except for the final surface course of the streets. The Village will not finally accept any public improvements until after the final surface course of asphalt has been placed on the private drive or easement. Provided, however, the

construction and installation of the public improvements to be done by Owner may be commenced at any time after Owner has delivered to Village an irrevocable letter of credit (the form of security which Owner elects to provide) in a form satisfactory to, and from a bank or other financial institution approved by, the Village in the amount of 125% of the Owner's Engineer's estimate of the cost of construction and installation of all such improvements as approved by the Village Engineer, or 110% of actual construction contract costs, including all required lighting, streets and street lights, sidewalks, landscaping, street trees, sewer and water lines and storm water management facilities. The Village Engineer may, in his discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed.

All public improvements shall be constructed and installed within two (2) years from the date of approval of the Plat of Subdivision; however, if the completion date falls after September 30th, the date shall be the following May 30th. Notwithstanding any other provision of this Agreement, no construction of public improvements shall commence until the plans and specifications for the public improvements have been approved, the agreement for construction of the public improvements as herein provided has been executed, the minimum security has been provided, the requirements of Ordinance No. 2084 have been met, and until documentation, including a copy of the Permit if applicable, or evidence is received by the Village that Owner is not violating a wetland regulation or a regulation relating to waters of the United States and the Owner has shown the Village a permit for building a roadway on a floodplain. Further, no earthwork shall be done in any area tentatively identified as wetlands until an appropriate permit or permission has been obtained and such permit or permission is shown to the Village. The Plat(s) of Subdivision shall contain such restrictive covenants, drainage covenants and easement provisions as are or were required by the President of the Board of Trustees as a condition to approval of the Plat(s) of Subdivision which may be approved in two or more phases.

Owner, at Owner's own cost, agrees to provide the Village "as built" engineering plans and specifications upon substantial completion of the public improvements or at the request of the Village Engineer but in no event later than the time required by Ordinance No. 2084.

It is agreed that all of the public improvements contemplated herein shall upon acceptance thereof by the Village, become the property of Village and be integrated with the municipal facilities now in existence or hereafter constructed and Village thereafter agrees to maintain said public improvements. Acceptance of said public improvements shall be by resolution of the President and Board of Trustees only after the Village Engineer or Village Engineer Consultant has issued his Certificate of Inspection affirming that the improvements have been constructed in accordance with approved Engineering Plans and Specifications. Owner agrees to convey by appropriate instrument and Village agrees to promptly accept, subject to terms hereof, the public improvements constructed in accordance with the approved Engineering Plans and Specifications.

SECTION NINE: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Owner's option but not conflicting with any Village utility.

SECTION TEN: Impact Requirements.

Owner agrees that any and all contributions, dedications, donations and easements provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents, and in particular the future residents of the Subject Property, with access to and use of public utilities, streets, libraries, schools, parks and recreational facilities, police protection, and emergency services. Owner further agrees that the contributions, dedications, donations and easements required by this Agreement are uniquely attributable to, reasonably related to and made necessary by the development of the Subject Property.

SECTION ELEVEN: Finding Effect and Term and Covenants Running with the Land.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of seven (7) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the payment of monies to the various Village recapture funds, contributions to the Village construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

SECTION FOURTEEN: Signs.

After application is made to the Village's Building Department Director, and all required fees are paid, the Village will permit Owner to erect and maintain one outdoor advertising sign for this proposed development only, with such sign to be not more than 40 square feet, double-faced in size to be no higher than 10 feet from the top of the sign to ground level and may be exteriorly illuminated, and any such sign shall be located on the subject property and may so remain for the duration of Owner's sales program. The location of the sign upon the Subject Property shall be in accordance with the Code and shall have reasonable setbacks from streets and highways as the interest of safety may require. The Village shall have the right to compel removal of, and Owner shall so remove, such sign within 90 days after the last building permit is issued, or within 4 years from the date of this Agreement, whichever occurs later; provided, however, Owner shall in any event remove such sign no later than the time its development and all dwelling units are completely sold.

SECTION FIFTEEN: Provisional Occupancy Permits.

The Village, in accordance with the requirements of Title 5, Chapter 1, of the Orland Park Municipal Code, will grant provisional permits for individual residences between November 1st and May 15 if weather prevents the Owner from completing the following work for any such residence (it being understood that if other work remains to be done, no occupancy permit, provisional or otherwise, will be issued).

SECTION SIXTEEN: Permits and Letter of Credit.

The Owner shall not be entitled to obtain any building permits, nor any sign permits, and shall not be entitled to construct any model units, signs, sales and/or rental offices or any other appurtenant facilities unless and until the proper letter of credit or cash deposit has been made to the Village in accordance with the Code. The letter of credit or cash deposit shall specifically include an amount to cover the cost of street trees and sidewalks as required by the Code and this Agreement.

Owner agrees that any dirt stock piles resulting from the development of the Subject Property shall be located in places as designated and approved by the Village, and for reasonable time periods not to exceed the earlier of either five years or the date on which ten (10) of the homes to be built on the Subject Property have been substantially completed, unless an extension is agreed to by the Village. In addition, the Village, after providing Owner with 10 days advance written notice, shall have the right to draw upon the letter of credit provided for in this agreement to relocate or remove any dirt stock pile which results from the development should they not be placed in an approved location or if the pile is causing a storm water drainage problem, or should it not be permitted to remain beyond the time period specified by the Village; provided, however, that the Village will not draw upon the letter of credit if Owner relocates or removes the stock piles as directed by the Village within the 10 day notice period.

SECTION SEVENTEEN: Conveyance, Dedication and Donation of Real Estate and Certain Personal Property.

Any conveyance, dedication or donation of real estate required of the Owner (hereinafter referred to as Grantor for purposes of this Section Seventeen) to the Village or other governmental authority under this Agreement shall be made in conformance with the following requirements and any other applicable provisions of this Agreement:

A. Fee Simple Title. The conveyance, dedication or donation shall be of a fee simple title by trustee's deed or other appropriate instrument.

B. Merchantable Title. Title to the real estate shall be good and marketable.

C. Form and Contents of Deed. The conveyance, dedication or donation shall be by delivery of a good, sufficient and recordable deed, plat of dedication, or appropriate dedication on a recorded plat of subdivision. The deed, conveyance or dedication may be subject only to:

(1) covenants, restrictions and easements of record, provided the same do not render the real estate materially unsuitable for the purposes for which it is being conveyed, dedicated or donated;

(2) terms of this Agreement;

(3) general taxes for the year in which the deed, conveyance or dedication is delivered or made and for the prior year if the amount of prior year's taxes is not determinable at the time of delivery, conveyance or dedication; and

(4) such other exceptions acceptable to the grantee.

D. Title Insurance. Grantor, shall provide to the Village (hereinafter referred to as Grantee for purposes of this Section), not less than ten (10) days prior to the time for delivery of the deed, conveyance or dedication, a commitment for title insurance from Chicago Title Insurance Company or such other title insurance company acceptable to the Grantee. The commitment for title insurance shall be in usual and customary form subject only to:

(1) the usual and customary standard exceptions contained therein;

(2) taxes for the year in which the deed is delivered and for the prior year if the amount of such prior year's taxes is not determinable at the time of delivery of the deed, conveyance or dedication;

The commitment for title insurance shall be in the amount of the fair market value of the real estate and shall be dated not less than twenty (20) days prior to the time for delivery of the deed, conveyance or dedication. Grantor shall further cause to be issued within thirty (30) days after delivery of the deed, conveyance or dedication a title insurance policy in such amount from the company issuing the commitment for title insurance, subject only to the exceptions stated above.

All title insurance charges shall be borne by Grantor.

E. Taxes, Liens, Assessments, Etc.

General taxes and all other taxes, assessments, liens and charges of whatever nature affecting the real estate shall be paid and removed prior to delivery of the deed, conveyance or dedication. F. Delivery of Deed, Conveyance or Dedication.

To the extent not provided in this Agreement, delivery of the deed, conveyance or dedication shall occur at a date, time and place mutually agreeable to Grantor and Village, otherwise at a date, time and place set by Village not less than thirty (30) days after notice thereof is given by Village to Grantor.

G. Environmental Assessment.

Not less than five days prior to any conveyance, dedication or donation of real estate required under this Agreement, any Village ordinance or other requirement, the Grantor, at its sole cost and expense, shall have caused to be prepared and submitted to the Village, a written report of a site assessment and environmental audit, in scope, form and substance, and prepared by an independent, competent and qualified environmental engineer ("Engineer") satisfactory to the Village (the "Environmental Audit"), and dated not more than sixty (60) days prior to the transfer date, showing the Engineer made all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial and customary practice in an effort to minimize liability, which takes into account and satisfies the "innocent landowner" provision set forth at 42 U.S.C. 96901(35), such that consistent with generally accepted engineering practice and procedure, no evidence or indication came to light which would suggest there was a release of substances on the property which could necessitate an environmental response action, and which demonstrates that the property and the facility complies with, and does not deviate from, all applicable federal, state, county, regional and local environmental statutes, laws, ordinances, rules and regulations, including any licenses, permits or certificates required thereunder.

The Environmental Audit shall also demonstrate that the property and the improvements located thereon, if any, do not contain:

- (1) asbestos in any form;
- (2) urea formaldehyde;
- (3) transformers or other equipment that contain fluid containing polychlorinated biphenyls;
- (4) underground storage tanks, or
- (5) any other chemical, material or substance, the exposure to which is prohibited, limited or regulated by any federal, state, county, regional or local authority (the "Authorities") or which poses a hazard to the health and safety of the occupants of the property or the facility, or the occupants of adjacent property.

The Environmental Audit shall also demonstrate that the property and facility are not, and have not been, the subject of any past, existing or threatened investigation, inquiry or proceeding concerning environmental matters by the Authorities, and that no notice or submission concerning environmental matters has been given or should be given with regard to the property and the facility to the Authorities. The Environmental Audit shall demonstrate that the property and facility are not subject to, or covered by, the requirements of the Emergency Planning and Community Right-To-Know Act of 1986, 42 U.S.C. 11001, et seq., and that the property is not now being used and has never been used for any activities involving directly or indirectly the use, treatment, storage or disposal of any hazardous or toxic chemical, material, substance or waste.

The Grantor of the property and facility acknowledges and agrees that the Village shall not be obligated to take title to any land if, in its sole and exclusive judgment (including without limitations, information revealed by the Environmental Audit), that the use or condition of the property, or any part thereof, poses a material health, safety or environmental hazard.

SECTION EIGHTEEN: Reimbursement of Village for Legal and Other Fees and Expenses.

A. To Effective Date of Agreement.

- (2) all attorneys' fees incurred by the Village; and

(3) miscellaneous Village expenses, such as legal publication costs, recording fees and copying expenses.

B. From and After Effective Date of Agreement.

Except as provided in the paragraph immediately following this paragraph, upon demand by Village made by and through its President, Owner from time to time shall promptly reimburse Village, for all enumerated reasonable expenses and costs incurred by Village in the administration of the Agreement, including and limited to engineering fees, attorneys' fees and out of pocket expenses involving various and sundry matters such as, but not limited to, preparation and publication, if any, of all notices, resolutions, ordinances and other documents required hereunder, and the negotiation and preparation of letters of credit and escrow agreements to be entered into as security for the completion of land improvements.

In the event the Village exercises such option, then Owner shall reimburse the Village from time to time on written demand from the President of Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other expenses of litigation, incurred by the Village in connection therewith. The obligation of Owner to reimburse Village under the terms of this subparagraph 2 shall terminate if no such legal proceedings are brought within one (1) year from the date of the annexation of the Subject Property and, further, such obligation of reimbursement shall not apply if such legal proceedings are based upon alleged errors, omissions or unlawful conduct of Village and not the Owner.

In the event the Village institutes legal proceedings against Owner for violation of this Agreement and secures a judgement in its favor, the court having jurisdiction thereof shall determine and include in its judgment all expenses of such legal proceedings incurred by Village, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the Village in connection therewith.
