Re: LPC # 0316255194 - Cook County
Chicago/Chicago Venture (Walnut Street Properties)
821 North Cicero Street
LUST Incident No. 20011340
LUST Technical File

Dear Mr. Casper:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the 45-Day Report and Corrective Action Completion Report submitted for the above-referenced incident. This information is dated December 10, 2001; was received by the Illinois EPA on December 11, 2001; and was prepared by Pioneer Engineering & Environmental Services, Inc. Citations in this letter are from the Environmental Protection Act (Act) and 35 Illinois Administrative Code (35 IAC).

The Corrective Action Completion Report and the Professional Engineer Certification submitted pursuant to 35 IAC Section 732.300(b) and Section 732.409(b) indicate the remediation objectives set forth in 35 IAC Section 732.408 have been met.

Based upon the certification by Charity Simpson, a Registered Professional Engineer of Illinois, and pursuant to Section 57.10 of the Act (415 ILCS 5/57.10), your request for a no further remediation determination is granted under the conditions and terms specified in this letter.

Issuance of this No Further Remediation Letter (Letter), based on the certification of the Registered Professional Engineer, signifies that: (1) all statutory and regulatory corrective action requirements applicable to the occurrence have been complied with; (2) all corrective action concerning the occurrence has been completed; and (3) no further remediation concerning the occurrence is necessary for the protection of human health, safety and the environment. Pursuant to Section 57.10(d) of the Act, this Letter shall apply in favor of the following persons:

1. Cole Taylor Bank Trust Number 01-9064

GEORGE H. RYAN, GOVERNOR

Page 2

2. The owner and operator of the UST(s);
3. Any parent corporation or subsidiary of the owner or operator of the UST(s);
4. Any co-owner or co-operator, either by joint-tenancy, right of survivorship, or any other party sharing a legal relationship with the owner or operator to whom the letter is issued;
5. Any holder of a beneficial interest of a land trust or inter vivos trust, whether revocable or irrevocable;
6. Any mortgagee or trustee of a deed of trust of the owner of the site or any assignee, transferee, or any successor-in-interest of the owner of the site;
7. Any successor-in-interest of such owner or operator;
8. Any transferee of such owner or operator whether the transfer was by sale, bankruptcy proceeding, partition, dissolution of marriage, settlement or adjudication of any civil action, charitable gift, or bequest; or
9. Any heir or devisee of such owner or operator.

This Letter, and all attachments, including but not limited to the Leaking Underground Storage Tank Environmental Notice, must be filed within 45 days of its receipt as a single instrument with the Office of the Recorder or Registrar of Titles in the County where the above-referenced site is located. In addition, the Groundwater Ordinance must be filed as an attachment of this letter with the Office of the Recorder or Registrar of Titles of the applicable county. This Letter shall not be effective until officially recorded by the Office of the Recorder or Registrar of Titles of the applicable County in accordance with Illinois law so it forms a permanent part of the chain of title for the above-referenced property. Within 30 days of this Letter being recorded, a certified copy of this Letter, as recorded, shall be obtained and submitted to the Illinois EPA. For recording purposes, it is recommended that the Leaking Underground Storage Tank Environmental Notice of this Letter be the first page of the instrument filed.

CONDITIONS AND TERMS OF APPROVAL

LEVEL OF REMEDIATION AND LAND USE LIMITATIONS

1. The remediation objectives for the above-referenced site, more particularly described in the Leaking Underground Storage Tank Environmental Notice of this Letter, were established in accordance with the requirements of the Tiered Approach to Corrective Action Objectives (35 IAC Part 742) rules.
2. As a result of the release from the underground storage tank(s) associated with the above-referenced incident, the above-referenced site, more particularly described in the attached Leaking Underground Storage Tank Environmental Notice of this Letter, shall not be used in

a manner inconsistent with the following land use limitation: The groundwater under the site shall not be used as a potable water supply.

3. The land use limitation specified in this Letter may be revised if:
 - a) Further investigation or remedial action has been conducted that documents the attainment of objectives appropriate for the new land use; and
 - b) A new Letter is obtained and recorded in accordance with Title XVII of the Act and regulations adopted thereunder.

PREVENTIVE, ENGINEERING, AND INSTITUTIONAL CONTROLS

4. Preventive: Prior to commencement of any future excavation and/or construction in or near the contaminated zone on the remediation site, a safety plan for this remediation site is required that is consistent with NIOSH Occupational Safety and Health Guidance Manual for Hazardous Waste Site Activities; OSHA regulations, particularly in 29 CFR 1910 and 1926; state and local regulations; and other U.S. EPA guidance as provided. At a minimum, the plan should address possible worker exposure if any future excavation and construction activities occur within the contaminated soil. The area to be addressed by the safety plan is shown on the attached Site Base Map.

The groundwater under the site described in the attached Leaking Underground Storage Tank Environmental Notice of this Letter shall not be used as a potable supply of water. No person shall construct, install, maintain or utilize a potable water supply well. In accordance with Section 3.65 of the Act, "potable" means generally fit for human consumption in accordance with accepted water supply principles and practices.

Engineering: A building and asphalt/concrete barrier that is sufficient in thickness to inhibit the inhalation and ingestion of the contaminated media as well as to impede contaminant migration to the groundwater must remain over the contaminated soils as outlined in the attached Site Base Map. This building and asphalt/concrete barrier is to be properly maintained as an engineered barrier to inhibit inhalation and ingestion of the contaminated media and/or to impede contaminant migration to the groundwater.

Institutional: This Letter shall be recorded as a permanent part of the chain of title for the above-referenced site, more particularly described in the attached Leaking Underground Storage Tank Environmental Notice of this letter.

Groundwater Use Ordinance

Section 11-8-390 of the Municipal Code of Chicago effectively prohibits the installation of potable water supply wells (and the use of such wells) and is an

UNOFFICIAL COPY

Page 4

acceptable institutional control under the following conditions:

Each affected or potentially affected (as shown through contaminant modeling) property owner and the City of Chicago must receive written notification from the owner/operator desiring to use the ordinance as an institutional control that groundwater remediation objectives have been approved by the Illinois EPA. Written proof of this notification shall be submitted to the Illinois EPA within 45 days from the date of this Letter. The notification shall include:

- a) The name and address of the local unit of government;
- b) The citation of the ordinance used as an institutional control in this Letter.
- c) A description of the property being sent notice by adequate legal description or by reference to a plat showing the boundaries;
- d) A statement that the ordinance restricting the groundwater use has been used by the Illinois EPA in reviewing a request for groundwater remediation objectives;
- e) A statement as to the nature of the release and response action with the name, address, and Illinois EPA inventory identification number; and
- f) A statement as to where more information may be obtained regarding the ordinance.

The following activities shall be grounds for voidance of the ordinance as an institutional control and this Letter:

- a) Modification of the reference ordinance to allow potable uses of groundwater;
- b) Approval of a site-specific request, such as a variance, to allow use of groundwater at the site;
- c) Violation of the terms of an institutional control recorded.

As a part of its corrective action, the LUST site has relied upon Section 11-8-390 of the Municipal Code of Chicago that prohibits potable uses of groundwater as defined therein. Proof of notification of affected parties, if any, shall be submitted in accordance with 35 IAC 742.1015(b) and (c) within 45 days of the issuance of this NFR Letter.

Page 5

5. Failure to establish, operate, and maintain controls in full compliance with the Act, applicable regulations, and the approved corrective action plan may result in avoidance of this Letter.

OTHER TERMS

6. Any contaminated soil or groundwater removed, or excavated from, or disturbed at the above-referenced site, more particularly described in the Leaking Underground Storage Tank Environmental Notice of this Letter, must be handled in accordance with all applicable laws and regulations under 35 IAC Subtitle G.
7. Further information regarding the above-referenced site can be obtained through a written request under the Freedom of Information Act (5 ILCS 140) to:

Illinois Environmental Protection Agency
Attention: Freedom of Information Act Officer
Bureau of Land #24
1021 North Grand Avenue East
Post Office Box 19276
Springfield, IL 62794-9276

8. Pursuant to Section 57.10(e) of the Act (415 ILCS 5/57.10(e)), should the Illinois EPA seek to void this Letter, the Illinois EPA shall provide notice to the owner or operator of the leaking underground storage tank(s) associated with the above referenced incident and the current title holder of the real estate on which the tanks were located, at their last known addresses. The notice shall specify the cause for the avoidance, explain the provisions for appeal, and describe the facts in support of the avoidance. Specific acts or omissions that may result in the avoidance of this Letter include, but shall not be limited to:
 - a) Any violation of institutional controls or industrial/commercial land use restrictions;
 - b) The failure to operate and maintain preventive or engineering controls or to comply with any applicable groundwater monitoring plan;
 - c) The disturbance or removal of contamination that has been left in-place in accordance with the Corrective Action Plan or Completion Report;
 - d) The failure to comply with the recording requirements for the Letter;
 - e) Obtaining the Letter by fraud or misrepresentation; or
 - f) Subsequent discovery of contaminants, not identified as part of the investigative or remedial activities upon which the issuance of the Letter was based, that pose a threat to human health or the environment.

Page 6

Within 35 days after the date of mailing of this final decision, the owner or operator may petition for a hearing before the Illinois Pollution Control Board (Board) to contest the decision of the Illinois EPA. (For information regarding the filing of an appeal, please contact the Board at 312/814-3620.) However, the 35-day period for petitioning for a hearing may be extended for a period of time not to exceed 90 days by written notice provided to the Board from the owner or operator and the Illinois EPA within the 35-day initial appeal period. (For information regarding the filing of an extension, please contact the Illinois EPA's Division of Legal Counsel at 217/782-5544.)

Submit the certified copy of this letter, as recorded, to:

Illinois Environmental Protection Agency
Bureau of Land - #24
LUST Section
1021 North Grand Avenue East
Post Office Box 19276
Springfield, Illinois 62724-9276

If you have any questions or need further assistance, please contact the Illinois EPA project manager, Steve Jones, at 217/524-1253.

Sincerely,

Hernando A. Albarracin

intended for human consumption is grown. No groundwater well, cistern or other groundwater collection device installed after May 14, 1997, may be used to supply any potable water supply system, except at points of withdrawal by the City of Chicago or by a unit of local government pursuant to intergovernmental agreement with the City of Chicago.

SECTION 2. This ordinance shall be in full force and effect from and after its passage and approval.

Property of Cook County Clerk's Office

UNOFFICIAL COPY

STATE OF ILLINOIS,-

County of Cook. ss.

I, JAMES J. LASKI, City Clerk of the City of Chicago in the County of Cook and State of Illinois, DO HEREBY CERTIFY that the annexed and foregoing is a true and correct copy of that certain ordinance now on file in my office for an amendment of Title 11, Chapter 8 of Municipal Code of Chicago by addition of new Section 390 defining potable water and prohibiting use of certain groundwater collection devices to supply any potable water supply system.

I DO FURTHER CERTIFY that the said ordinance was adopted by the City Council of the said City of Chicago on the twenty-eighth (28th) day of November, A.D. 2001 and deposited in my office on the twenty-eighth (28th) day of November, A.D. 2001.

I DO FURTHER CERTIFY that the vote on the question of the adoption of the said ordinance by the said City Council was taken by yeas and nays and recorded in the Journal of the Proceedings of the said City Council, and that the result of said vote so taken was as follows, to wit:

Yeas 47, Nays 0.

I DO FURTHER CERTIFY that the said ordinance was delivered to the Mayor of the said City of Chicago after the adoption thereof by the said City Council, without delay, by the City Clerk of the said City of Chicago, and that the said Mayor failed to return the said ordinance to the said City Council with his written objections thereto at the next regular meeting of the said City Council occurring not less than five (5) days after the adoption of the said ordinance.

I DO FURTHER CERTIFY that the original, of which the foregoing is a true copy, is entrusted to my care for safe keeping, and that I am the lawful keeper of the same.

[L.S.]

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of the City of Chicago aforesaid, at the said City, in the County and State aforesaid, this sixth (6th) day of December, A.D. 2001.

JAMES J. LASKI, City Clerk.

RENEE CIPRIANO, DIRECTOR

**RECORDING REQUIREMENTS FOR
NO FURTHER REMEDIATION LETTERS****Introduction**

The Illinois EPA's Bureau of Land (BOL) issues a No Further Remediation (NFR) Letter at the completion of site remediation activities under the LUST Program and the SRP. The letter signifies that 1) the person conducting remediation has satisfied the respective BOL laws and regulations, and 2) that no further remediation is necessary to protect human health and the environment for the property described in the letter, so long as the site is used in accordance with the terms of the NFR letter.

Significance

When properly recorded, the NFR Letter holds legal significance for all applicable parties outlined in the Illinois Environmental Protection Act for the program in question. (See 415 ILCS 5/57.10(d) and 58.10(d).) However, if not properly recorded, the NFR Letter *holds no legal significance for anyone*. Furthermore, if not properly recorded, the Illinois EPA will take steps to void the NFR letter in accordance with the regulations pertaining to the program under which the remediation was performed.

Duty to Record

The duty to record the NFR Letter is *mandatory*. You *must* submit the letter and Environmental Notice to the Office of the Recorder or the Registrar of Titles of the county where the site is located *within 45 days after receipt of the letter*. You must record both the NFR Letter and the Environmental Notice. Both must be recorded in accordance with Illinois law so that it forms a permanent part of the chain of title to ensure current and future users of the property will be informed of the conditions of the institutional controls. A certified copy of the letter and Environmental Notice as recorded must be sent to the Illinois EPA. Failure to record the NFR Letter and the Environmental Notice in accordance with the regulations will make the letter voidable.

For More Information

Please refer to Tiered Approach to Corrective Action Objectives (TACO) Fact Sheet 3 available from the Illinois EPA by calling 1-888-299-9533 or by accessing it on our Agency's website directly at <http://www.epa.state.il.us/land/taco/3-no-further-remediation-letters.html>.

GEORGE H. RYAN, GOVERNOR
