ANNEXATION AGREEMENT

#125

This Annexation Agreement made and entered into this 19 day of August, 2003, by and among the Village of Northfield, a municipal corporation of Cook County, Illinois (hereinafter called "the Village") and between the homeowners in the Longmeadow Farm Homeowners' Association (hereinafter "the Owners") (together "the Parties");

RECITALS

WHEREAS, the Parties desire that the territory commonly known as the Longmeadow Farm Subdivision and legally described and shown on Exhibit "A" attached hereto (hereafter called "the Subject Territory"), a territory which is contiguous to the Village but not included within the corporate limits of any other municipality, be annexed to the Village on the terms and conditions of this Annexation Agreement; and

WHEREAS, the Owners constitute a majority of the electors residing in the Subject Territory as well as a majority of the property owners of record of the subject Territory; and

WHEREAS, the Owners have executed a certain Petition for Annexation to the Village of Northfield, a true and correct copy of which is attached as Exhibit "B" and

WHEREAS, the Parties wish to enter into a binding agreement with respect to the annexation of the Subject Territory and provide for various other matters to be contingent upon the annexation, pursuant to provisions of Division 15.1 of the Illinois Municipal Code, codified at 65 ILCS 5/11-15.1-1 et seq. (2000).

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants of this Agreement, the Parties agree as follows:

UNOFFICIAL COPYEXHIBIT A

AGREEMENT

1. **RECITALS AND EXHIBITS.** The recitals set forth above and the exhibits attached hereto are hereby incorporated herein and made an integral part hereof as material terms of this Agreement as if fully set forth herein.

2. **CONDITIONAL AGREEMENT.** The Parties agree that the terms of this Annexation Agreement are subject to and conditioned upon the annexation of the Subject Territory to the Village of Northfield. In the event that the annexation does not occur, then this Annexation Agreement shall be void, and of no further effect. In the event of the annexation of the Subject Territory is not completed for any reason, it is the Parties' intention to return to the status quo prior to execution of this Annexation Agreement. If no Final Order pursuant to a Petition for Annexation is entered by the Circuit Court on or before December 31, 2003, this Agreement shall become null and void, unless extended by written agreement of the Parties. For purposes of this Agreement a "Final Order" shall include an Ordinance of Annexation adopted by the Village if no court action is necessary.

Furthermore, in the event that annexation to the Village has occurred, and any one or more of the Parties subsequently materially breaches its obligations under this Agreement, then either party may request disconnection from the Village and the Parties shall take whatever steps which are necessary to achieve said disconnection.

3. **PARTIES TO TAKE NECESSARY STEPS.** Subject to the provisions of Article VII of Chapter 65 of the Illinois Compiled Statutes, the Parties agree to do all things necessary or appropriate to cause the Subject Territory to be duly and validly annexed to the Village as promptly as practicable after the execution of this Annexation Agreement.

4. **ZONING.** The parties agree that upon annexation, the Subject Territory will be zoned in the "R-1" single family dwelling district under the Zoning Ordinance of the Village of Northfield. It is expressly understood that the zoning classification of "R-1" shall survive this Agreement and continue to be the zoning classification of the Subject Territory after the term of the Agreement expires.

5. **LEGAL CONFORMING STRUCTURE AND LOT STATUS.** Upon annexation and zoning to the Village's "R-1" zoning classification, the single family dwellings and lots in the Subject Territory that are in existence at the effective date of annexation shall be considered legal conforming structures and lots and deemed to be in full compliance with the Village's Zoning Ordinance. Such structures and lots shall not be considered non-conforming structures or lots and shall not be subject to any provisions of the Zoning Ordinance regulating non-conforming uses. The status of such lots and structures as conforming shall survive the term of this Agreement. Notwithstanding the foregoing, such structures may not be enlarged in a manner that results in one or more of the required yards becoming less than the minimum size permitted by the Zoning Ordinance, nor may such structures be enlarged to increase the height or floor area ratio above the maximums permitted by the Zoning Ordinance, unless a variance is granted pursuant to the Village variance procedures.

6. **IMPROVEMENTS.**

A, B and C below shall be known as "the Improvements".

A. **Sanitary Sewer Extension.** The Village agrees to construct a sanitary sewer system ("Sanitary Sewer") of sufficient size to serve all the homes in the Subject Territory, and in general conformity with the preliminary engineering plans attached hereto as Exhibit C. This

UNOFFICIAL COPYEXHIBIT A
Page 4 of 81

improvement shall include the abandonment of existing septic systems. For purposes of this Agreement, the system shall be deemed to be of sufficient size if it meets generally accepted engineering standards for a similar system serving the same number of homes under similar conditions.

B. Storm Sewer Improvement. The Subject Territory is currently served by a storm sewer system. The parties acknowledge that the current storm sewer system is in need of substantial upgrading including the construction of a lift station, as generally described in the preliminary engineering plans prepared by Seaton Engineering and attached hereto as Exhibit D. Upon the Parties reaching an agreement as to the nature, scope and anticipated cost of the storm sewer improvements, the Village shall be responsible for the final design and installation of the agreed-upon improvements in a timely fashion, and all of the costs associated with said improvements shall be included in the Amount of Payment and the Method of Payment as set forth in Section 7 of this Agreement. If after reasonable good faith negotiation, the parties cannot reach an agreement as to the nature, scope or anticipated cost of the storm sewer improvements, this provision will be void and the storm sewer improvements described above will not be considered part of the "Improvements" for purposes of Section 7 of this Agreement. The parties' inability to reach agreement as to the storm sewer improvements described in this provision shall not affect the validity of the annexation or any other provision of this Annexation Agreement.

C. Repair of the Roadway. The Village agrees to resurface that portion of Longmeadow Road which will be within the Village boundaries by virtue of the annexation. Resurfacing of the roadway may include, but is not limited to, milling and replacement of the surface course. The Village, in its apportioning of the Special Service Area tax burden, will take into

account that those properties located on Hibbard Road and Illinois Road will not benefit by this improvement. The Village may establish an overlay Special Service Area for the improvements contemplated by this provision. The Longmeadow Farm Association at its option may elect to pay for this improvement in full upon its completion.

7. COMPLETION AND PAYMENT.

The Village shall complete the construction of the Improvements within one year of the entry of a Final Order pursuant to the Petition for Annexation, but no later than December 31, 2004, except as otherwise provided in this Section. The time for completing the Improvements shall be extended by the number of days that is equal to the number of days lost due to delays beyond the control of the Village. Such delays shall include, but are not limited to, acts of neglect by the Owners, fires, floods, labor disputes, abnormal weather conditions or acts of God. The Owners agree to pay their individual respective shares of the Cost of the Installation of the Improvements as set forth below. The Owners agree that once the Village has notified the Owners' or their attorney that the Village has begun the bid process that no action of any kind will be taken by the Owners to vacate or in any way invalidate the Final Order or Ordinance of Annexation. The Parties agree that the Owners' respective share of the costs shall be as follows:

A. Amount of Payment.

1. Those Households included in this Annexation ("Class 1 Household"): Each household included in this annexation shall pay a proportionate share of the Cost of the Installation of the Improvements, and that share shall be proportional to the individual household's equalized assessed value relative to the equalized assessed

value of the entire Special Service Area. Each Class I Household shall be a part of the Special Service Area to be established by the Village as described below.

2. Those Households not included in this Annexation, but paying the Cost of Installation (Class II Household) Each household which opts out of the original annexation pursuant to 65 ILCS 5/7-1-2 *et seq.* may nevertheless be included, at that Household's election, in the number of homes to be served by the Improvements for purposes of computing the cost of installation as set forth in 7.A.1 above. Each Class II Household shall become part of the Special Service Area and pay its respective share of the Cost of the Installation of the Improvements through the Special Service Area. A Class II Household that complies with its obligations under this provision shall have the right to connect to the sanitary sewer system at any time within the twenty year term of this Agreement, contingent only upon that Household's annexation to the Village. Annexation of a Class II Household to the Village at a future date will not result in additional fees relating to the Improvements.
3. Those Households not included in this Annexation and Not Paying the Cost of Installation ("Class III Household"). It is anticipated that certain households which are eligible for annexation may exercise their legal right to opt out of the annexation and elect not to pay their

respective shares of the Cost of the Installation of the Improvements

at the time the Subject Territory is annexed to the Village. In the event such a Class III Household later elects to annex, the Village shall have the right to impose upon the Class III Household a proportionate share of the Cost of the Installation of the Improvements, based on the homeowner's equalized assessed valuation, plus 8% interest compounded annually, plus any applicable Village fees in effect at the time the annexation is sought. Additionally, a Class III Household shall reimburse the Village for the incidental expenses in processing the annexation, which fee shall be \$2,500 if the election is made in the first twelve months that this agreement is in force and \$5,000 if the election is made thereafter. In the event that one or more Class III properties subsequently connect to the sanitary sewer system or otherwise benefit from the Improvements, the Village shall ensure that the respective share of the Payment Amount for Class I and Class II Households is recalculated to take into account the amounts to be received by the Village from the newly connecting Class III Household. However, the interest on the newly connecting Class III Household's proportionate share of the Cost of Installation of the Improvements shall not be apportioned, but shall be retained by the Village as a portion of the

UNOFFICIAL COPYEXHIBIT A

Page 8 of 81

consideration for its entry into this Annexation Agreement and as payment for a portion of its administrative costs.

B. Costs to be Included. For purposes of this Agreement "Cost of the Installation of the Improvements" shall include all costs associated with the design, inspection, installation and testing of the Improvements including connection to each home and the Village's and Owners' legal fees for the annexation, Annexation Agreement and Special Service Area, to the maximum extent permitted by law.

C. Method of Payment - Special Service Area. Households shall be billed for their respective share of the Cost of Installation of the Improvements pursuant to a Special Service Area tax to be established by Village Ordinance. The Ordinance shall provide for the tax, the total of which shall not exceed the total Cost of the Installation of the Improvements. The tax may be paid either:

- (1) in a lump sum; or
- (2) as amortized over the maximum number of years permitted by law up to a period of twenty (20) years;

If the respective share is not paid in a lump sum, the tax will be added to the Owners' tax bill and interest will be added at a rate not to exceed the incremental cost of bonds or other financing used by the Village to initially finance the construction of the Improvements. To the extent the Village issues municipal bonds or utilizes other

UNOFFICIAL COPY

EXHIBIT

A
Page 9 of 81

municipal financing to pay for the construction of the Improvements, the Village agrees to use its best efforts to obtain the lowest possible interest rate on any such financing. As partial consideration for the Village's obligations pursuant to this Agreement, each individual Owner agrees not to be a party to any petition for a referendum to set aside the Special Service Area. If for any reason a Court of competent jurisdiction sets aside the creation of the Special Service Area, the Village shall not be required to fund or install the Improvements and the Village shall accept and approve any properly filed Petition for Disconnection of the Subject Territory.

- D. Easements. This Agreement assumes that the existing easements will be sufficient to permit the Village of Northfield to install the required Improvements so that no additional easements will be needed. Nothing in the Agreement shall be deemed to obligate the Village of Northfield to obtain additional easements. If it becomes necessary to install some portion of the Improvement outside of existing easements, however, the parties acknowledge and agree that the Village may request additional easements from individual Owners. If an affected Owner refuses to convey a requested easement to the Village without charge, and it is not reasonably feasible to modify or adjust the construction of the Improvements so as to negate the need

UNOFFICIAL COPYEXHIBIT A

Page 10 of 81

for the easement, then the Village of Northfield may, in writing, declare this Agreement to be null and void.

8. **ROADWAY.** The Parties agree that all streets or other roadways within the Subject Territory shall remain private or to the extent that the annexation includes public roadways, those roadways shall, to the extent permitted by law, remain within the maintenance jurisdiction of the government entity now exercising such jurisdiction. Notwithstanding this provision, the Parties agree that the Village shall provide police services in the Subject Territory upon its annexation, and the Village is authorized to enforce applicable traffic laws or ordinances on the private roadways within the Subject Territory.

9. **ADDRESS.** The Parties agree that it is the option of each Owner as to whether to utilize a Northfield address or a Winnetka address for his or her own property and the Village will take no action of any kind, either direct or indirect, to change or cause to be changed the address for any property in the Subject Territory. However, if any other jurisdiction causes an address to be changed because of an action taken by the Village necessary to meet its obligations under this Annexation Agreement, the Village shall not be deemed to have breached this covenant.

10. **PLAT OF ANNEXATION.** The Village agrees to prepare or cause to be prepared at the Owner's expense, a Plat of Annexation of all properties to be annexed, sufficient for recording purposes. This obligation is contingent upon the Homeowners' tender of a current plat of survey for each of those parcels being voluntarily annexed.

11. **INDIVIDUAL PLATS.** The Owner of each individual property to be annexed shall supply to the Village, at the Owner's expense, a survey of their property completed within the last two years.

12. **MWRDGC EXISTING CONNECTIONS.** All Owners whose property is connected directly to the Metropolitan Water Reclamation District of Greater Chicago interceptor sewer shall not be required to pay for or connect to the Village sanitary sewer unless required by some governing body other than the Village.

13. **ANNEXATION FEES.** The Village agrees not to impose any annexation fees or impact fees of any kind regarding this annexation other than as stated in this Agreement.

14. **ADOPTION OF ORDINANCES AND RESOLUTIONS.** The Village agrees to adopt such ordinances and resolutions, and hold such public hearings, as are necessary to effectuate the terms of this Agreement.

15. **SEVERABILITY.** If any provision of this Agreement is held invalid, such provision shall be deemed to be excised and the validity of the rest of the Agreement shall not be affected, provided, however, that if the provision or provisions held invalid are so material to the Parties' overall agreement so as to render that agreement no longer reflective of the Parties' intent, then the entire Agreement shall be deemed null and void in the same manner contemplated in Section 2 of this Agreement.

16. **SUCCESSORS AND ASSIGNS.** This Agreement shall inure to the benefit of and be binding upon the successors in title of the Owners and upon the successor corporate authorities of the Village of Northfield and successor municipalities.

17. **REMEDIES.** Any party to this Agreement, including the successors in title, may either in law or in equity, by suit, action or other proceeding, enforce and compel performance of this Agreement.
