Dear Property Owner,

You have informed the Village of Glenview Engineering Department that you are installing a fence at the following location:

In addition, you have indicated that the fence will be constructed in a Public Utility & Drainage Easement. Please be advised that the new fence must not impede the natural flow of water in its' vicinity. Also, contact JULIE and use caution when digging for fence-there is sanitary sewer within the easement. Fence posts must not be closer than 3 (three) feet to sanitary sewer line.

Please be advised that the Village of Glenview **will not be responsible** for the replacement of or any damages to, the fence in the easement, for any maintenance or installation work required. The above information is also valid for any future owners of the above said property.
