amount of the monthly payment that would be sufficient to repay the projected Principal belance I am expected to owe as of the Payment Change Date in full on the maturity date at the interest rate in effect 45 days prior to the Payment Change Date in substantially equal payments. The result of this criculation is the new amount of my monthly payment, subject to Section 4(F) below, and I will riske payments in the new amount until the next Payment Change Date unless my payments are changed earlier under Section 4(H) of the Note.

Unless Section 4(H) and 4(I) below apply, the amount of my new monthly payment, beginning with a Payment Change Date, will be limited to 7 1/2% more or less than the amount I have been paying. This payment cap applies only to the Principal Payment and does not apply to any escrow payments Lender may require under the Security Instrument.

(G) Changes in My Unpaid Principal Que to Negative Amortization or Accelerated Amortization Since my payment amount changes less frequently than the interest rate and since the monthly payment is subject to the payment limitations described in Section 4(F), my monthly payment could be less or greater than the amount of the interest portion of the monthly payment that would be sufficient to repay the unpaid Principal I owe at the monthly payment date in full on the maturity date in substantially equal payments. For each month that the monthly payment is less than the interest portion, the Note Holder will subtract the monthly payment from the amount of the interest portion and will add the difference to my inpaid Principal, and Interest will accrue on the amount of this difference at the current interest care. For each month that the monthly payment is greater than the interest portion, the Note Holder will apply the excess towards a Principal reduction of the Note.

(H) Limit on My Unpaid Principal; Increased Monthly Payment

My unpaid Principal can never exceed a maximum amount equal to 125% of the principal amount original borrowed. In the event my unpaid Principal would otherwise exceed that 125% limitation, I will begin paying a new monthly payment until the next Payment Change Date notwithstanding the 7 1/2% annual payment increase limitation. The new monthly payment will be an amount which would be sufficient to repay my then unpaid principal in full on the maturity date at my interest rate in effect the month prior to the payment due orde in substantially equal payments.

On the FIFTH anniversary of the due date of the first monthly payment, and on that same (I) Required Full Monthly Payment day every FIFTH year thereafter, the monthly payment will be adjusted without regard to the payment cap limitation in Section 4(F).

The Note Holder will deliver or mail to me a notice of any changes in the amount of my

monthly payment before the effective date of any change. The notice will include information required by law to be given me and elso the title and telephone number of a person who will enswer any questions I may have regarding the notice.

(K) Failure to Make Adjustments

If ro, any reason Note Holder fails to make an adjustment to the Interest rate or payment emount as described in this Note, regardless of any notice requirement, I agree that Note Holder may, upor discovery of such failure, then make the adjustment as if they had been made on time. I also agree gut to hold Note Holder responsible for any damages to me which may result from Note Holder's failure to make the arijustment and to let the Note Holder, at its option, apply any excess munies which I may have peid to partial prepayment of unpaid "Principal."
