### Section 3-4 of the Illinois Statutory Short Form Power of Attorney for Property Law

Section 3-4. Explanation of powers granted in the statutory short form power of attorney for property. This Section defines each category of powers listed in the statutory short form power of attorney for property and the effect of granting powers to an agent. When the title of any of the following categories is retained (not struck out) in a statutory property power form, the effect will be to grant the agent all of the principal's rights, powers and limitations with respect to the types of property and transactions covered by the retained category, subject to any limitations on the granted powers that appear on the face of the form. The agent will have authority to exercise each granted power for and in the name of the principal with respect to all of the principal's interests in every type of property and transaction covered by the granted power of the time of exercise, whether the principal's interests are direct or indirect, whole or fractional, legal, equitable or contractual, as a joint tenant or tenant in common or held in any other form; but the agent will not have power under any of the statutory categories (a) through (c) to make gifts of the principal's property, to exercise powers to appoint to others or to change any beneficiary whom the principal has designated to take the principal's interests at death under any will, trust, joint tenancy, beneficiary form or contractual arrangement. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's property or affairs; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory property power and will be liable for negligent exercise.
