Explanation of powers granted in the statutory short form power of attorney for property. This Section defines each category of powers listed in the statutory short form power of attorney for property and the effect of granting powers to an agent. When the title of any of the following categories is retained (not struck out) in a statutory property power form, the effect will be to grant the agent all of the principals rights, powers and discretions with respect to the types of property and transactions covered by the retained category, subject to any limitations on the granted powers that appear on the face of the form. The agent will have authority to exercise each granted power for and in the name of the principal with respect to all of the principals interests in every type of property or transaction covered by the granted power at the time of exercise, whether the principals interests are direct or indirect, whole or fractional, legal, equitable or contractual, as a joint tenant or tenant in common or held in any other form; but the agent will not have power under any of the statutory categories (a) through (e) to make gifts of the principals property, to exercise powers to appoint to others or to change any beneficiary whom the principal has designated to take the principals interests at death under any will, trust, joint tenancy, beneficiary form or contractual arrangement.
