INTEREST RATE AND MONTHLY PAYMENT CHANGES

The Note provides for changes in the interest rate and the monthly ( syme) is, as follows:

2.

(A) Interest Rate

interest will be charged on unpeld Principal until the full amount of Principal has him reld. I will pay interest at a yearly rate of 1,9500 %. The interest ata will pay will change as provided in this Section 2. %. The interest ate will pay will

The inherest rate required by this Section-2-Is the rate I will pay both before and after any levi-ult described in Section 7(B) of this Note.

(B) Interest Change Dates

(B) Indexest Change Dates
The interest rate is will pay may change on the first day of February 2006
and on that same day every month thereafter. Each date on which my interest rate could change is
called an "interest Change Date".

(C) Interest Rate Limits
My interest rate will never be greater than 3.9500 %. My interest rate will never
be less than the amount of the then applicable Margin described in Section 2(E) below.

(D) Index
Beginning with the first interest Change Date, my interest raiss will be based on an Index. The
"Index" is the Twelve Month Average of the morthly yields (the "Monthly Yfelds") on actively traded United
States Treasury securation adjusted to a constant maturity of one year as published by the Federal
Reserve Board in the Federal Statistical Release entitled "Selected Interest Rate (H.16)." The Twelveanth Average is determined by adding together the Monthly Yields for the most recently available twelve
months, dividing that sum by 12, and then rounding the resulting number to four decimal places. The
most recent Index figure available as of the dain 13 days before each Interest Change Date is called the
"Current Index."

If the Index, or any substitute Index, is no longer available, the Note Holder will choose a new Index which is based upon comparable information. The Note Holder will give me notice of this

(E) Calculation of Interest Rate Changes Before each Interest Change Date, the Note Holder will calculate my new interest rate by adding

Before each Interest Change Date, the Note Holder will calculate my new interest rate by adding points ( 2,5400 %) (the "Marght") to the Current Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one-persontage point (0,125%). Subject to the limits stated in Section 7(C) above, the rounded amount will be my new interest rate, which will become effective on the Interest Change Date. That interest rate will remain in effect until the next interest Change Date. That interest rate will remain in effect until the next interest Change Date. Section 2(C) above, a new Mergin will be established. The new Index and Margh will result in an Interest rate that is substantially similar to the Interest rate that was in effect at the time that the old index become unavailable.

(A) Time and Place of Paymente
