## 1.03 LEASE EXECUTED BY LESSOR WITHOUT WARRANTIES

It is expressly covenanted and agreed by the parties hereto that the Lessor executes and delivers this Lease without representation or warranties concerning Lessor's title to the Premises and authority to execute this Lease, the size of the Demised Premises, the useable areas of the Demised Premises, and building and zoning laws affecting the Demised Premises. The Lessee has examined the title to the Demised Premises and Lessor's authority to enter into this Lease, the size of the Demised Premises, and the useable areas of the Demised Premises, and is satisfied therewith. Lessee has further examined the building and zoning laws concerning the Demised Premises and is satisfied that he may construct the improvements which are hereinafter set forth in Section 6.01 of this Lease and that said Lessee may use the Demised Premises in accordance with the uses set forth in Section 3.07 of this Lease:

- A. In the event on the date hereof or any time hereafter, the building and zoning laws do not permit the use set forth in Section 3.07 hereof or the construction set forth in Section 6.01 hereof, the Lessee agrees, at its own expense within one (1) year of the date of this Lease, to take such action as may be necessary to obtain such zoning change and building permits;

## ARTICLE TWO

### 2.01 RENT AND ADDITIONAL COMPENSATION

The Lessee covenants and agrees, in consideration of the leasing of the Premises aforesaid, to pay to the Lessor as rent for the said Demised Premises:

- A. **BASIC ANNUAL RENTAL PAYMENT:** During the ten-year period from January 1, 2006, through December 31, 2016, the annual rental shall be ONE HUNDRED TWENTY THOUSAND AND NO/100 DOLLARS (\$120,000.00) per annum, payable in semi-annual installments each in the amount of \$60,000.00 to be due on the 1<sup>st</sup> day of every January and the 1<sup>st</sup> day of every July during the term hereof with the first installment being due on the 1<sup>st</sup> day of January 2006. The annual rent for the first year shall be equal to 10% of the appraised fair market value of the fee simple estate of the land upon which the Demised Premises is located. The annual rent so established shall remain in force and effect for a period of ten (10) years, subject to adjustment as hereinafter provided.

Lessee has deposited \$60,000.00 with the Lessor on October 25, 2005, as its bid deposit in connection with its proposal to lease the Demised Premises. The bid deposit shall be applied as Lessee's first semi-annual rental payment due January 1, 2006.

- B. **TEN-YEAR PERIODIC RENTAL ADJUSTMENT:** Reappraisal on each periodic ten-year anniversary following the effective date of this Lease, and every ten-year periodic anniversary thereafter shall be made. The fixed annual rental to be paid by Lessee to Lessor for the next ten-year period shall be adjusted and predetermined in accordance with the conclusions of a review of the fair market value of the fee simple estate upon which the Demised Premises are located, (independent of the improvements constructed by Lessee on the property subsequent to the effective date of this Lease) in accordance with 70 ILCS 2605/8c by not less than two (2) appraisals prepared by appraisers who are members of the American Institute of Real Estate Appraisers or a similar equivalently recognized professional organization, which shall be procured and paid for by the Lessee and delivered to the Lessor. The annual rental payment for each following ten-year period will be increased or decreased, by multiplying the fair market value of the fee simple estate upon which the Demised Premises is located by the same percentage used to determine the annual rental payment for the first ten-year period. The Lessor shall have the right to procure and pay for a third appraisal, which may be considered in determining the fair market

# UNOFFICIAL COPY

value of the fee simple estate. The fair market value of the fee estate and the rental for the Demised Premises shall be established by the Board of Commissioners of the Lessor. Such fair market value shall not be less than the lowest appraisal nor higher than the highest appraisal, including the appraisal, if any procured, by the Lessor. The appraisals required of the Lessee shall be made and dated within the last ninety (90) days of the ten-year period of this Lease which will be expiring. Said appraisals shall be delivered to the Lessor not later than forty-five (45) days prior to the end of the ten-year period. In the event that fair market value and/or the annual rent for the next ten-year period has not been established by the Board of Commissioners of the Lessor before the commencement of any new period, the Lessee shall continue to pay the annual rent established for the last year of the prior ten-year period until such reappraisal and decennial rent adjustment. (Annual rent adjustments shall also apply to any deferred decennial rent adjustment, which is not made in a timely manner). ALL TEN-YEAR PERIODIC ANNUAL RENT ADJUSTMENTS PURSUANT TO THIS SUBPARAGRAPH 1, WHEN EXECUTED SHALL BE MADE WITHOUT REGARD TO THE ANNUAL RENT IN EFFECT FOR THE LAST YEAR OF THE PRECEDING TEN-YEAR PERIOD. Upon the establishment of fair market value and the adjusted annual rental to be paid for that ten-year period, at any time later than the end of any period of this Lease, such fair market value and rent shall take effect as of the first (1st) day of the period; the Lessee shall, within thirty (30) days, after notice, pay such additional rent as may be required if fair market value is higher than the previous period; if fair market value is lower than the previous period, the Lessee shall be given credit to apply on the next rental payment when said payment is due.

## (1) TEN-YEAR PERIODIC RENTAL ADJUSTMENT OF LEASEHOLDS CONSISTING OF IMPROVED (AT THE TIME OF LEASING) REAL ESTATE

The foregoing to the contrary notwithstanding, where Lessee, at the commencement of this Lease, occupies real estate with Lessor-owned improvements already constructed and in place upon the Demised Premises, all decennial reappraisals of the Demised Premises for the purpose of making a decennial rental adjustment shall be appraised as improved with all improvements in place and "as-is" and "as-found."

In the event that Lessee shall, with Lessor's approval, demolish any improvement in existence on the Demised Premises at the time same is demised to Lessee, and replace it either in kind or in specie during the term hereof, all decennial appraisals shall ascribe a value to the replacement improvement for purposes of the appraisal equal to its original cash purchase price, less depreciation, plus the

# UNOFFICIAL COPY

depreciated value of the original improvement at the time of its removal. All valuations of the replacement improvement shall be made using the "replacement" cost rather than "market value" approach. Any improvement removed by Lessee must be removed and not replaced for a period of ten (10) consecutive years before the value of such improvement may be disregarded in a subsequent decennial appraisal if a decennial appraisal occurs before ten (10) full years has elapsed, then the depreciated value of the improvement (whether original or replacement) at the time of its removal shall be included in the appraisal for that ten- (10) year term.

In the event Lessee shall demolish any improvement in existence on the Demised Premises at the time same is demised to Lessee and not replace same, any decennial appraisal shall include the depreciated fair market value of the improvement until at least ten (10) years shall have expired.

- C. All annual rental payments required to be made by Lessee hereunder shall be paid in semi-installment(s), in advance, to be due on the first day of every January and the first day of every July during the term of this Lease with the first installment being due on the first day of January, 2006.

Lessee has deposited \$60,000.00 with the Lessor on October 25, 2005, as its bid deposit in connection with its proposal to lease the Demised Premises. The bid deposit shall be applied as Lessee's first semi-annual rental payment due January 1, 2006.

- D. **INTERIM ANNUAL RENTAL PAYMENT ADJUSTMENTS.** On the first- through ninth-year anniversary of the effective date of this Lease, and the first- to ninth-year anniversary of a decennial rent adjustment, the annual rent to be paid by Lessee to Lessor shall be adjusted by multiplying the initial annual rental or the rental in effect for the previous one-year term (except for the one-year period following a decennial rent adjustment based on appraisals as set forth in Paragraph 2.01 Section (b) hereof by the percentage of change in the Consumer Price Index for the Chicago Metropolitan Area, published by the United States Department of Labor, Bureau of Labor Statistics, as established on the first day of January immediately preceding the term of this Lease (in the case of the first annual rental adjustment hereunder) and every January 1st thereafter during the term hereof. In the event the Consumer Price Index is discontinued, the Board of Commissioners of the Lessor shall, in its sole discretion select and utilize any other economic activity index of the United States government which reasonably reflects economic activity in the Metropolitan Chicago Area.

It is expressly understood and agreed that the forcible collections of the rent by any legal proceedings or otherwise by the Lessor or any other action taken by Lessor under any of the provisions hereof, except a specific termination or forfeiture of this Lease, shall not be considered as releasing the Lessee from its obligation to pay the rent as herein provided for the entire period of this Lease.

## 3.04 WAIVER OF COUNTERCLAIM

In the event Lessor commences any legal proceedings for non-payment of rent, forcible detainer, or violation of any of the terms hereof, Lessee will not interpose any counterclaim or set off of any nature or description in any such proceedings.

It is understood and agreed by and between the parties hereto that if the Lessee shall default in the payment of any of the rent herein provided for upon the day the same becomes due and payable, and such default shall continue for thirty (30) days after notice thereof in writing given by the Lessor or its agent or attorneys to the Lessee in the manner hereinafter provided, or in case the Lessee shall default in or fail to perform and carry out any of the other covenants and conditions herein contained, and such default or failure shall continue for ninety (90) days after notice thereof and provided that Lessee has not initiated corrective action with respect to the default which is the subject of said notice within the initial thirty (30) days of said notice in writing given in like manner, then and in any and either of such events, it shall and may be lawful for the Lessor, at its election, at or after the expiration of said thirty (30) days or said ninety (90) days (as the case may be) after the giving of said notice to declare said term ended, either with or without process of law, to re-enter, to expel, remove, and put out the Lessee or any other person or persons occupying the Demised Premises, using such force as may be necessary in so doing, and repossess and restore Lessor to its first and former estate, and to distrain for any rent that may be due thereon upon any of the property of the Lessee located on the Demised Premises, whether the same shall be exempt

Prior to entering upon said Demised Premises, the Lessee shall furnish to the Lessor certificates of such insurance or other suitable evidence that such insurance coverage has been procured and is maintained in full force and effect. Upon Lessor's written request, Lessee shall provide Lessor with copies of the actual insurance policies within ten (10) days of Lessor's request for same. Such certificates and insurance policies shall clearly identify the Demised Premises and shall provide that no change, modification in or cancellation of any insurance shall become effective until the expiration of thirty (30) days after written notice thereof shall have been given by the insurance company to the Lessor. The provisions of this paragraph shall in no wise limit the liability of the Lessor as set forth in the provisions of 4.01 above.

## 4.04 INSURANCE ON IMPROVEMENTS

The Lessee shall keep any buildings and improvements erected, constructed or placed on the Demised Premises fully insured to the replacement cost thereof against loss by explosion, fire and/or windstorm or other casualty loss for their full replacement cost at Lessee's own expense at all times during the term of this Lease by an insurance company or companies approved by the Lessor. Lessor shall be a named insured on all of said insurance policies and a certificate of insurance evidencing same shall be provided to Lessor and kept current at all times throughout the term of this Lease. All policies of insurance indemnifying against such loss by explosion, fire and/or windstorm so insured shall be payable to the Lessor, as additional security for the payment of rent and the performance by the Lessee of the covenants herein; said policy or policies to be delivered to the Lessor as soon as issued, provided, however, that in the event of loss to or destruction of said buildings and other improvements, the insurance proceeds received by the Lessor in excess of the amounts then due for rent and charges under the provisions of this Lease shall be held in trust by the Lessor for the repair, restoration or rebuilding of such damaged or destroyed buildings and other improvements, and shall be disbursed therefor by said Lessor only on architect's certificates after the Lessee has, at its own expense, without charge or lien upon said buildings or other improvements, restored, rebuilt or repaired the same to an extent that will enable the Lessor, with the insurance money remaining in its hands after the payment of the rent and charges due it, to complete said buildings or other improvements in as good condition as they were in before the said loss or damage by explosion, fire and/or windstorm.

## 4.05 FAILURE OF LESSEE TO INSURE IMPROVEMENTS

In the event the Lessee should at any time neglect, fail or refuse to insure or to keep insured the buildings and other improvements on said Demised Premises as above provided, then the Lessor at its election may procure or renew such insurance and the amount paid therefor shall be repaid by the Lessee to the Lessor with the rents next thereafter falling due under this Lease, together with interest thereon at the rate of two percent (2%) in excess of the prime rate charged by the

principal bank in Chicago, Illinois, to its commercial borrowers as determined on the first date of a delinquency from the respective dates of any such payments.

## 4.06 RIGHT OF LESSEE TO RECOVER PROCEEDS

It is covenanted and agreed by and between the parties hereto that the Lessor shall not be held responsible for the collection or non-collection of any of said insurance money in any event but only for such insurance money as shall come into its hands. The Lessee, however, shall have the right in the name of the Lessor to sue for and recover any and all sums payable under any of said policies for losses arising thereunder provided it shall indemnify and save harmless the Lessor from any costs or attorney's fees in connection with any such proceeding to recover such insurance money. However, all sums so recovered shall be paid to the Lessor to be applied as herein provided.

## 4.07 APPLICATION OF INSURANCE PROCEEDS

It is covenanted and agreed by and between the parties hereto that in case of damage to the buildings and improvements to be erected, constructed or placed on the Demised Premises, as aforesaid, or the destruction thereof (or loss or damage to any buildings or other improvements thereafter standing upon the Demised Premises) the Lessee shall repair, restore or rebuild the same within one year from such destruction or damage, and in such case the insurance money received by the Lessor pursuant to the terms of this Lease under said policies, after deducting therefrom the reasonable charges of the Lessor for handling such insurance and all costs and expenses of collecting the same, including attorney's fees, and all unpaid and overdue rental payments shall be paid in whole or in part by the Lessor to the contractor or contractors (employed by the Lessee) upon the delivery to the Chief Engineer of the Lessor of certificates of the architect of the Lessee properly endorsed by the Lessee and accompanied by waivers of lien and release for the cost and expense of repairing, restoring or rebuilding said buildings or other improvements as the work of repairing, restoring, or rebuilding progresses.

## 4.08 INSURANCE PROCEEDS DEFICIENCY

It is understood and agreed between the parties hereto that in case the insurance money collected by the Lessor shall not be sufficient to fully pay for the repair, restoration or rebuilding of said buildings and other improvements as aforesaid, then the Lessee shall be required to pay such sums of money, in addition to said insurance money so collected by the Lessor as aforesaid as may be necessary to pay for the complete repair, restoration or rebuilding of said buildings and other improvements; it being understood, however, that the Lessor shall not be required to pay such insurance money so collected until the Chief Engineer of the Lessor is satisfied that such sum will complete the repair, restoration and rebuilding of said buildings and other improvements, free of mechanics' liens for labor or material, in which event such money shall be paid by the Lessor to the contractor or contractors employed by the Lessee to complete the repair, restoration or rebuilding of

# UNOFFICIAL COPY

said buildings and other improvements, upon delivery to the Chief Engineer of the Lessor of certificates of the architects of the Lessee properly endorsed by the Lessee accompanied by waiver of lien and release as the work of repairing, restoring or rebuilding of said buildings and other improvements shall progress. It is expressly understood that nothing herein shall prevent the Lessee from replacing any building or structure destroyed or damaged with other buildings or structures of different design and construction of at least equal value on any part of the Demised Premises.

## 4.09 LESSOR NOT RESPONSIBLE FOR RESTORATION OF IMPROVEMENTS

It is covenanted and agreed that the Lessor shall not be liable to contribute or pay any sum of money toward the restoration, repair or rebuilding of said buildings or other improvements. In the event of the termination of this Lease by lapse of time, or by reason of any default by the Lessee in any of its payments, or a breach by the Lessee of any of the covenants and agreements of this Lease before the repair, restoration, replacement or rebuilding of said buildings or other improvements shall be completed, as aforesaid, then in any of said cases the insurance money collected by the Lessor shall belong absolutely to the Lessor.

## 4.10 EXCESS INSURANCE PROCEEDS

It is understood and agreed that after the work of any such repairs, restoration, or rebuilding by the Lessee shall have been completed and paid for, any excess of insurance money then remaining on deposit with the Lessor shall belong to the Lessee and in that event, the Lessor shall pay to the Lessee the balance of said insurance money. The provisions of this paragraph as well as those of paragraphs numbered 4.04 to 4.09, inclusive, shall apply whenever and so often as any buildings or other improvements erected and completed on the Demised Premises, under any of the provisions of this Lease, shall have been damaged or destroyed by fire or windstorm.

## 4.11 SECURITY DEPOSIT

Lessee as further consideration for the granting of this Lease agrees that in addition to the payment of any rents hereinabove required, and to further secure the performance by it of all of the covenants herein contained, shall deposit with the Lessor, prior to its occupancy of the Demised Premises a sum of money equal to two (2) months rent. Said security deposit shall be returned to the Lessee upon its satisfactory performance of all the covenants and conditions herein contained. Provided, however, in the event of a default in the performance of any such covenant by the Lessee, the Lessor shall use said security deposit to satisfy and discharge any such covenant. Any unused portion of said security deposit shall be returned to the Lessee upon the termination or expiration of this Lease. Said security deposit shall be maintained at no less than its initial funded balance at all times during the term of the Lease.

- A. The Lessor has heretofore executed various agreements with governmental agencies, public utility companies, private corporations and individuals for the installation of pipelines, duct lines, sewers, cables, electric transmission lines and other surface and subsurface structures, constructions and improvements. Pursuant to those agreements, the various grantees have installed and are operating their respective surface and underground plant facilities which may lie within or otherwise affect the Demised Premises. Lessee shall, at its own initiative, inquire and satisfy itself as to the presence or absence of all such facilities on the Demised Premises, and waives all claims which it might otherwise have against Lessor on account of the presence of such facilities on the Demised Premises as same may affect Lessee's use and enjoyment of the Demised Premises.
- B. The Lessee expressly agrees that within an area delineated by a line parallel with and 250 feet distant from the top of the edge of the water of any waterway which traverses or is adjacent to the Demised Premises (Corporate Use Reserve Area) and all areas within the Demised Premises below the lowest elevation of development thereon as reflected in the Lessee's approved development plans for the Demised Premises, the Lessor and anyone acting under its authority shall have the right, without payment therefor, to construct, operate, maintain, repair, renew and relocate any and all pipe, sewer, structure, facility power, and communications lines and appurtenances upon, under and across the Demised Premises. All such work shall be performed in such a manner so as to cause the least amount of interference with Lessee's use of the Demised Premises.
- C. Lessee expressly understands and agrees that the Lessor may have installed various sewers, shafts, ducts, pipes, and other facilities upon, over or beneath the Demised Premises. Lessor shall cooperate with Lessee to ascertain, identify and locate all of Lessor's improvements, structures and constructions on the Demised Premises. Lessee covenants and agrees that at no time shall its use and occupancy of the Demised Premises damage or interfere with said facilities.
- D. The Lessor reserves unto itself a perpetual right, privilege, and authority to construct, maintain, operate, repair and reconstruct intercepting sewers (with its connecting sewers and appurtenances), and any other drains or structures constructed or oper-

ated in the furtherance of Lessor's corporate purpose upon, under and through Corporate Use Reserve Area and below the lowest elevation of Lessee's approved development plan for the Demised Premises. The Lessor shall also have the right, privilege and authority to enter upon and use such portions of said Demised Premises as may be necessary in the opinion of the Chief Engineer of the Lessor, for the purpose of constructing, maintaining, operating, repairing and reconstructing intercepting sewers, connecting sewers, drains or other structures, appurtenances, parking areas and access drive which do not unreasonably interfere with Lessee's use of the Demised Premises.

It is expressly understood that no blockage or restriction of flow in the water will be tolerated at any time. No construction or improvements of any kind can project into the waterway during construction or after permanent repairs are completed.

It is further expressly understood and agreed by the Lessee that no buildings, materials, or structures shall be placed or erected and no work of any character done on said Demised Premises so as to injure or damage in any way said intercepting sewer, connecting sewers, drains or other structures and appurtenances located at any time on the Demised Premises, or so as to interfere with the maintenance, operation or reasonable access thereto.

- E. It is expressly understood and agreed that the Lessor shall not be liable to the Lessee for any loss, cost or expense which the Lessee shall sustain by reason of any damage at any time to its property caused by or growing out of the failure of the sewers, structures, or other equipment of the Lessor located on the Demised Premises, or by any other work which the Lessor may perform on the Demised Premises under the terms hereof, or adjacent to the Demised Premises.
- F. The Lessee shall relocate or remove the improvements existing or constructed upon the Demised Premises, at no cost to the District in the following instances:
- (1) In the event that the Demised Premises are adjacent to any channel or waterway, and said channel or waterway is to be widened by the District or any other governmental agency; or
  - (2) In the event that any agency of government, having jurisdiction over said channel or waterway, requires the relocation or removal of said improvements; or

# UNOFFICIAL COPY

- (3) In the event that said relocation or removal is required for the corporate purposes of the District.

Such relocation or removal shall be commenced within ninety (90) days after notice thereof in writing is served upon the Lessee and diligently prosecuted to the conclusion.

- G. If any time in the future, any portions of the Demised Premises are required for the construction of highways and roadways, or adjuncts thereto, such as interchanges, ramps and access roads, as determined by the Chief Engineer of the Lessor, for the use of any other governmental agency engaged in the construction of highways and roadways, or adjuncts thereto, then in such event, it is understood and agreed by the parties hereto, that the Lessee shall surrender possession of such part of the Demised Premises that may be so required. Lessee also agrees, at its own cost and expense, to remove all of its equipment, structures or other works from those portions of the Demised Premises so required, or reconstruct or relocate such of its installations so as to permit the use of the Demised Premises for the construction of highways and roadways or adjuncts thereto within sixty (60) days after notice shall have been given to the Lessee by said Chief Engineer.
- H. The Lessor reserves to itself or to its assignees or permittees at any time during the term of this Lease, upon thirty (30) days written notice given by the Lessor to the Lessee, the right to construct, reconstruct, maintain, and operate additional force mains, intercepting sewers, drains, outlets, pipe lines, pole lines, and appurtenances thereto; and such other structures, buildings, apparatus, and water control equipment as may be needed for the corporate purposes of the Lessor upon, under, and across the Demised Premises. Any such construction shall be located as determined by the Chief Engineer of the Lessor so as to cause, in his opinion, the least interference with any equipment, or improvements, that the Lessee may then have on the Demised Premises.
- I. The Lessee agrees that if at any future date it desires to dispose of sewage, industrial wastes or other water-carried wastes from the Demised Premises, it will discharge the said sewage, industrial wastes or other water-carried wastes into an intercepting sewer owned by or tributary to the sewerage system of the Lessor. Lessee will make application and secure the necessary permit from the Metropolitan Water Reclamation District of Greater Chicago and all governmental and regulatory agencies

having jurisdiction thereof before discharging any of the aforesaid sewage, industrial waste or other water-carried wastes into any intercepting sewers.

- J. The Lessee also agrees to collect separately all roof water, surface runoff from grounds and roadways, and drainage water and to discharge the same directly into the Sanitary & Ship Canal (Main Channel) all to be done in a manner acceptable to said Chief Engineer of the Lessor.
- K. It is agreed by and between the parties hereto that the Lessee shall submit to the Chief Engineer of the Lessor for his approval, the general plans for handling the sewerage, grading, and drainage of the Demised Premises; and for any roadways, water supply, telephone and electric service, if any, and of all improvements or any other construction to be erected thereon, before the commencement of any work thereon.
- L. The Lessor reserves to itself the right of access to the Main Channel as well as right of access to the Demised Premises for inspection by the Lessor and its duly accredited agents at all times, and for such surveys or any other purposes as the Chief Engineer of the Lessor may deem necessary.
- M. Any blockage or restriction of flow in the waterway will not be tolerated at any time. No construction or improvements of any kind can project into the waterway during construction or after permanent repairs are contemplated.

## 7.02 RIGHT TO DECLARE LEASE TERMINATED

It is understood and agreed by the Lessee that neither the right given in this Lease to the Lessor to collect rent or such other compensation as may be due under the terms of this Lease by sale nor any proceedings under this Lease shall in any way affect the right of the Lessor to declare this Lease terminated and the term hereby created ended as above provided, upon default of or failure by the Lessee to perform and carry out any of the provisions of this Lease, as herein provided, after notices as aforesaid. And the Lessee, for itself and its assigns, hereby waives its right to any notice from the Lessor of its election to declare this Lease at an end under any of the provisions hereof or to any demand for the payment of rent or the possession of the Demised Premises, except as aforesaid.

## 7.03 RIGHTS OF LESSOR IN EVENT OF FORFEITURE OR TERMINATION

In the event of the termination of this Lease by reason of forfeiture by the Lessee arising from a default by or failure of it to carry out and perform any of the covenants herein contained, the Lessor shall not be obligated to refund to the Lessee any sums of money paid by the Lessee to the Lessor as rentals under the terms of this Lease, and such sums of money shall be retained by the Lessor as liquidated damages, but this provision shall not operate to relieve the Lessee of its obligation to pay to the Lessor the balance of the rental then due the Lessor for the entire term of this Lease.

## 7.04 ABANDONMENT

Lessee shall not without the prior written approval of Lessor abandon or vacate the Demised Premises or cease to operate its business thereon. Re-entry and

# UNOFFICIAL COPY

repossession by Lessor following abandonment by Lessee shall not constitute a waiver of any rights of the Lessor and shall not be construed as a termination of the Lease. Lessee shall remain liable for all its obligations under the Lease. For purposes of this section, leasehold shall be deemed abandoned if Lessee ceases business on the Demised Premises for a period of one hundred twenty (120) consecutive days or fails to secure the Demised Premises from unauthorized use or entry within sixty (60) days of its execution and delivery of this Lease.

## 7.05 TERMS OF LEASE BINDING ON SUCCESSOR AND ASSIGNS

The parties hereto agree that all of the terms and conditions of this Lease shall be binding upon and inure to the benefit of the parties hereto and their respective successors, lessees, sub-lessees and assigns; and whenever in this Lease reference to either of the parties hereto is made, such reference shall be deemed to include, where applicable, also a reference to the successors, lessees, sub-lessees and assigns of such party; and all the conditions and covenants of this Lease shall be construed as covenants running with the land during the term of this Lease.

## 7.06 NO ASSIGNMENT OR SUBLEASE

It is agreed by and between the parties that the Lessee shall not sublet or assign any part of this Lease to any other governmental agency, individual, partnership, joint venture, corporation, land trust or other entity without prior written consent of the Lessor.

Lessee shall notify Lessor in writing not less than sixty (60) days prior to any proposed sublease or assignment. Lessee shall identify the name and address of the proposed assignee/sublessee and deliver to Lessor original or certified copies of the proposed assignment, a recital of assignee's personal and financial ability to comply with all the terms and conditions of the Lease and any other information or documentation requested by Lessor. Lessor shall not unreasonably withhold the consent to assignment or sublease.

It is agreed that reasonable grounds for withholding consent shall include but not be limited to the following:

- A. The proposed activity of the assignee/sublessee does not conform with the terms of this Lease or policies established by the Lessor.
- B. The proposed assignee/sublessee does not have either substantial experience in the business provided for in the Lease or the financial resources to comply with the requirements of the Lease.
- C. There is an existing violation of or uncured default by Lessee with respect to the Lease.

# UNOFFICIAL COPY

- D. The activity of the proposed assignee/sublessee would interfere with or disturb neighboring tenants or owners.

In addition to the payment of all cash rent or additional compensation otherwise herein required to be paid by or performed by the Lessee, Lessee will pay to the Lessor, as additional compensation hereunder in the event Lessee assigns this Lease or sublets all or part of the Demised Premises, fifty percent (50%) of all value it receives from its assignee/sublessee for the use and occupancy of the Demised Premises as a result of the sublease or assignment in excess of the cash rent which Lessee is currently paying with respect to the subleased portion of the leasehold or the leasehold as a tract, if assigned.

The value of additional services to be performed by the Lessee, sublessee or assignee shall not in any way be included in determining the foregoing fifty-percent (50%) sum.

It is agreed that this Lease shall not pass by operation of law to any trustee or receiver in bankruptcy or for the assignment for the benefit of creditors of the Lessee.

Any attempted sublease or assignment not in compliance with this section shall be void and without force and effect.

## ARTICLE EIGHT

### MISCELLANEOUS PROVISIONS

#### 8.01 LESSEE MAY IMPEAD THE METROPOLITAN WATER RECLAMATION DISTRICT IN REAL ESTATE LITIGATION

The Lessee may, after notice in writing to the Lessor, implead the Lessor as a party at any time during the term of this Lease, in any litigation concerning the Demised Premises in which Lessor is a necessary party.

#### 8.02 LESSEE TO PAY ALL COSTS OF ENFORCEMENT

The Lessee agrees to pay and discharge all costs and reasonable attorney's fees and expenses, which the Lessor shall incur in enforcing the covenants of this Lease.

#### 8.03 HEADINGS ARE FOR CONVENIENCE OF PARTIES

All paragraph headings of this Lease are inserted for purposes of reference and convenience of the parties only, and do not constitute operative provisions of the Lease.

# UNOFFICIAL COPY

## 8.04 COMPLIANCE WITH WATERWAY STRATEGY RESOLUTION

To the extent that the Demised Premises embrace or abut a waterway regulated by Lessor or in which Lessor asserts property rights, Lessee shall to the extent applicable, comply with the Waterway Strategy Resolution and Implementation Criteria therefor, the River Edge Renaissance Program and the Revised Leasing Criteria for the North Shore Channel Right-of-Way Lands of the Lessor's Board of Commissioners in the execution of its development plan for the Demised Premises which abut any such waterway and Demised Premises which afford Lessee direct access thereto may be utilized by the Lessee for the purpose of waterborne commerce. However, the Lessee will be responsible for the construction and maintenance of any docking facility at its own cost and expense which is compatible with the Waterway Strategy Resolution to maintain the bank in an aesthetically pleasing condition. Permanent storage of bulk commodities, unsightly materials and/or debris on waterway side of the scenic berm or the docking area is prohibited.

It is the intent of the Lessor to maintain, where possible, a "natural" appearance to its properties by retaining existing vegetative cover. However, the Lessor recognizes that site development will sometimes necessitate the removal of existing vegetative cover. In those cases the Lessor will require the Lessee to re-establish vegetative cover in the same quantities and qualities as those removed. The re-established plant materials are to be considered as an addition to the landscaping required within the scenic easement.

Lessee will comply with all applicable local zoning and setback requirements. The Lessor reserves the right to traverse the Demised Premises to access the waterway which abuts the Demised Premises.

The Lessor's Board of Commissioners has heretofore adopted its Waterway Strategy Resolution relating to the development of leased waterways property. The Lessee shall implement the beautification plan and walking trail described in the attached Exhibit C. Lessee shall comply with all applications of said Resolution in its use and development of the Demised Premises. Lessee's method of compliance therewith shall be approved by Lessor's Chief Engineer in writing.

## 9.02 CONDITION OF Premises AND IMPROVEMENTS NOT WARRANTED

Lessee expressly acknowledges that the Lessor has made no representations, warranties express or implied, as to the adequacy, fitness or condition of Demised Premises or the improvements upon the Demised Premises for the purpose set forth in Article Three, Paragraph 3.07 hereof or for any other purpose or use express or implied by the Lessee. Lessee accepts the Demised Premises and the improvements thereon, if any, "AS-IS" and "WITH ALL FAULTS". Lessee acknowledges that it has inspected the Demised Premises and has satisfied itself as to the adequacy, fitness and condition thereof.

## 9.03 MODIFICATION OF IMPROVEMENTS

No modification of the leasehold improvements shall be made by Lessee without the prior written approval of the Lessor and compliance by Lessee with all other terms of this Agreement.

## 9.04 PLAT OF SURVEY AND LEGAL DESCRIPTION

Lessee understands and agrees that in the event the legal description and plat attached hereto are not legally sufficient for acceptance for recordation of this Lease by the Recorder of Deeds of the county in which the Demised Premises are located, Lessee shall procure, at its own expense, a plat of survey and legal description of the Demised Premises prepared and certified in writing by a Registered Illinois Land Surveyor, within twenty-one (21) days of the execution date hereof. Said plat of survey and legal description shall be reasonably satisfactory to and approved by the Lessor's Chief Engineer in writing. Failure to timely procure and receive approval of said plat of survey and legal description shall be grounds for immediate termination of this Lease. The Lessor reserves the right and Lessee concurs that Lessor shall insert said legal description and plat of survey into this Lease Agreement as Exhibits A and B, respectively, upon the approval thereof by District's Chief Engineer, without further affirmative act by either party hereto.

Hazardous Materials, that there has not been thereon a release, discharge, or emission, of any Hazardous Materials during its occupancy of the Demised Premises as defined by any Environmental Laws, and that the Demised Premises does not contain, or is not affected by underground storage tanks, landfills, land disposal sites, or dumps. \*(This provision is applicable only to tenants seeking a new lease for the same property).

- (2) In the event of a release, emission, discharge, or disposal of Hazardous Materials in, on, under, or about the Demised Premises or the improvements thereon, Lessee will take all appropriate response action, including any removal and remedial action, either before or after the execution date of this Lease.

## 10.05 INDEMNIFICATION (ENVIRONMENTAL)

- A. In consideration of the execution and delivery of this Lease Agreement, the Lessee indemnifies, exonerates, and holds the Lessor and its officers, officials, Commissioners, employees, and agents ("Indemnified Parties") free and harmless from and against any and all actions, causes of action, suits, losses, costs, liabilities and damages and expenses incurred in connection with any of these (irrespective of whether any such Indemnified Party is a party to the action for which indemnification is here sought unless caused by Indemnified Parties), including reasonable attorney's fees, costs and disbursements, incurred by the Indemnified Parties as a result of or arising out of or relating to (i) the imposition of any governmental lien for the recovery of environmental cleanup costs expended by reason of Lessee's activities, or (ii) any investigation, litigation, or proceeding related to any environmental response, audit, compliance, or other matter relating to the protection of the environment, or (iii) the release or threatened release by Lessee, its subsidiaries or its parent company, of any Hazardous Materials, or the presence of Hazardous Materials on or under the Demised Premises, or any property to which the Lessee, its parent company or any of its subsidiaries has sent Hazardous Materials, (including any losses, liabilities, damages, injuries, costs, expenses, or claims asserted or arising under any Environmental Law), regardless of whether caused by or within the control of the Lessee, its parent company or its subsidiaries, provided that, to the extent Lessor is strictly liable under any Environmental Laws, Lessee's obligation to Lessor under this indemnity shall be without regard to fault

on the part of the Lessee with respect to the violation of law which results in liability to Lessor.

- B. Lessee shall defend, indemnify, save and keep harmless the Indemnified Parties against any loss, damage, cost, lien or expense which they may suffer, incur or sustain or for which it may become liable, growing out of any injury to or death of persons or loss or damage to property which shall at any time during the term of this Lease be caused by or resulting from the migration of Hazardous Materials from the Demised Premises to adjacent properties. In case any action, suit, proceeding or investigation shall be commenced against one or more of the Indemnified Parties growing out of any such loss, damage, cost or expense, the Lessee shall give immediate written notice of the same to the Lessor, and Lessee shall attend to the defense of the same and save and keep harmless the Indemnified Parties from all expense, attorney's fees, costs, disbursements and liabilities in any manner growing out of, pertaining to or connected therewith.**
- C. Lessee shall be responsible for all costs for remediation of the Demised Premises for contamination that migrates from adjacent property during the term of the Lease but Lessor may seek recovery from any responsible third party.**

## 10.06 SITE RESTORATION/REMEDIATION BOND (ENVIRONMENTAL)

On or before the commencement of the last five-year period of the leasehold term hereunder, Lessee shall lodge with the Lessor its Environmental Site Restoration/Remediation Bond in the penal sum of \$10,000.00, secured either by cash, irrevocable letter of credit or a commercial bond with surety to secure Lessee's performance of and compliance with the provisions and intent of Article 10 of this Lease. A cash payment securing the bond hereunder will be placed in an interest bearing account established by the Lessor specifically for this purpose. Any interest paid on account of said deposit shall be the property of and payable periodically to the Lessee. Such account shall be drawable only by Lessor upon its unilateral act. At no time shall the amount on deposit in said account be less than the penal sum of this Bond. Any commercial bond with surety shall be fully prepaid by the Lessee and documented as such at the time it is lodged with the Lessor. Said Bond shall be in a form approved by the Lessor and shall be maintained in full force and effect until such time as Lessee has demonstrated and documented to the reasonable satisfaction of Lessor (and Lessor has executed its written release thereof to the issuer), full compliance with all Environmental Laws, relating to Lessee's use or occupancy of the Demised Premises and its environmental restoration or remediation. This provision shall survive the termination/expiration of this Lease.

  - (2) complaints, notices, or requests for information directed to Lessee regarding potential liability under any Environmental Law, relating to or arising from the Demised Premises.
- B. Lessee covenants and agrees that, throughout the term of the Lease, all Hazardous Materials which may be used by any person for any purpose upon the Demised Premises shall be used or stored thereon only in a safe, approved manner, in accordance with all generally accepted industrial standards and all Environmental Laws.
- C. Lessee has been issued and is in compliance with all permits, certificates, approvals, licenses, and other authorizations relating to environmental matters and necessary for its business, if any.
- D. Lessee, to the best of its knowledge, is not a potentially responsible party with respect to any other facility receiving waste of the Lessee (from the Demised Premises) under CERCLA or under any statute providing for financial responsibility of private parties for cleanup or other actions with respect to the release or threatened release of any Hazardous Materials.
- E. None of the manufacturing or distribution facilities of Lessee at the Demised Premises is subject to any environmental lien. emissions, injections, escapes, dumpings, or releases of any toxic or Hazardous Materials by any persons on the Demised Premises.

- G.** Except as disclosed on Attachment D hereto, Lessee and its parent company, if any, have not received from any government entity since 1980, any written complaint or written notice asserting potential liability, written request for information, or written request to investigate the Demised Premises under the CERCLA of 1980, as amended, or under any domestic state law comparable to CERCLA or any foreign law comparable to CERCLA.
- H.** Lessee, to the best of its knowledge, since November 15, 1971, represents that there has not been any discharging, spilling, leaking, dumping, or burying of hazardous substances, as defined in CERCLA, or disposal of hazardous wastes, as defined in RCRA or of any other pollutant or contaminant at the Demised Premises that is likely to form the basis for any written claim by any government entity seeking to impose liability for remedial action under CERCLA or RCRA \*(This provision applicable only to occupants/tenants seeking a new lease for the same property).
- I.** Lessee will not allow the installation of asbestos on the Demised Premises, or any item, article, container or electrical equipment, including but not limited to transformers, capacitors, circuit breakers, reclosers, voltage regulators, switches, electromagnets and cable, containing PCBs.

- K.** Lessee agrees to conduct monitoring and to maintain records to ensure compliance with all Environmental Laws which may be inspected by Lessor at its option.
- L.** The Lessee shall notify Lessor in writing of any proposed significant renovation or improvement on or to the Demised Premises, which notice shall include any drawings, plans and specifications thereof, at least 30 days prior to beginning construction of any such renovation or improvement. For purposes of this subsection (L), renovation shall be deemed significant when the total

cost exceeds \$10,000.00, routine maintenance and upkeep excluded.

- M. Lessee shall be responsible to install "plugs" of compacted impermeable soil material at intervals of no greater than 100 feet between such plugs along utility trenches which have been backfilled with compacted granular materials in order to minimize cross-site and off-site environmental contaminant migration. The spacing of these plugs should be based on the characteristics of the site, the configuration of the trench or trenches, the characteristics (nature and extent) of the site environmental contamination, and/or the potential for site contamination should a surface of subsurface chemical release occur. Special emphasis should be placed on locating these plugs at all utility trenches where they cross: other utility trenches, containment berms or walls, property boundaries, and lease boundaries.
- N. The aforesaid representations and warranties shall survive the expiration or termination of the Lease.

## 10.08 DEFAULT (ENVIRONMENTAL)

The occurrence of any one or more of the following events shall constitute a default under this Lease Agreement, but said default shall not terminate the Lease unless Lessor notifies Lessee of termination in writing:

- A. The Demised Premises are listed or proposed for listing on the National Priorities List pursuant to Section 1.05 of the CERCLA, 42 U.S.C. Section 9605, on the CERCLIS, or on any other similar state list of sites or facilities requiring environmental investigation or cleanup.
- B. Lessee is determined to have liability for underground storage tanks, active or abandoned, including petroleum storage tanks, on or under the Demised Premises, including any release of Hazardous Materials therefrom, that, singly or in the aggregate, have or may reasonably be expected to have a material adverse effect on the financial condition, operations, assets or business, properties or prospects of Lessee or its parent company.
- C. Lessee is determined to have liability for polychlorinated biphenyls (PCBs) that require immediate remediation or cleanup or friable asbestos in such condition to cause or threaten to cause, a present health hazard at any property previously leased by Lessee that, singly or in the aggregate, has or may reasonably be expected to have a material adverse effect on the finan-

cial condition, operations, assets, business, properties, or prospects of Lessee, or its parent company.

- D. Lessee is determined to have liability under any Environmental Laws for any condition that exists at, on, or under any property previously leased by Lessee that, with the passage of time or the giving of notice, or both, gives rise to liability that, singly or in the aggregate, has or may reasonably be expected to have a material adverse effect on the financial condition, operations, assets, or business properties or prospects of Lessee, or its parent company.

## 10.09 COVENANTS (ENVIRONMENTAL)

## 10.10 COMPLIANCE (ENVIRONMENTAL)

The Lessee will exercise due diligence to comply with all applicable treaties, laws, rules, regulations, and orders of any government authority.

- A. Lessee shall conduct a Phase I Environmental Assessment, at its own expense, with respect to the Demised Premises every fifth anniversary of the execution of this Lease and submit the written report to the Lessor within 90 days after each fifth anniversary. After review of each Phase I Environmental Assessment, or at any other time, upon receipt of any information or report Lessor, at its sole discretion, may require Lessee, at Lessee's expense, to obtain a Phase II Environmental Assessment with respect to the Demised Premises. The written report of the Phase II Environmental Assessment shall be submitted to Lessor within 120 days of Lessor's request for same. If the Phase II Assessment discloses the presence of any Hazardous Materials contamination on the Demised Premises or adjacent property, Lessee shall take immediate action to remediate the contamination and to restore the Demised Premises to a clean and sanitary condition and to the extent required by any and all environmental laws. Lessor may require Lessee to obtain a Phase I and Phase II Environmental Assessment with respect to the Demised Premises at any other time.

- D. In addition to the Environmental Assessments required in paragraph A of this Article, Lessor shall have the right, but is not required to cause an independent environmental consultant, chosen by the Lessor at its sole discretion, to inspect, assess and test the Demised Premises for the existence of any and all environmental conditions and any and all violations of Environmental Laws (Environmental Assessment). The scope, sequence

and timing of the Environmental Assessment shall be at the sole discretion of Lessor.

- E. If any Environmental Assessment reveals, or Lessor otherwise becomes aware of, the existence of any violation of any Environmental Laws that either Lessee is unwilling to remediate or that Lessor is unwilling to accept, Lessee shall be in default under this Lease and Lessor shall have the right and option to terminate this Agreement and to declare it null and void.**
- F. Not less than one (1) year prior to the expiration of the Lease, Lessee shall have caused to be prepared and submitted to the Lessor a written report of a site assessment in scope, form and substance, and prepared by an independent, competent and qualified professional and engineer, registered in the State of Illinois, satisfactory to the Lessor, and dated not more than eighteen (18) months prior to the expiration of the Lease, showing that:**

investigation, inquiry, or proceeding concerning environmental matters by any federal, state, county, regional or local authority, (the "Authorities"), and describes any submission by Lessee concerning said environmental matter which it intends to give, has been given or should be given with regard to the Demised Premises to the Authorities; and

(6) the engineer includes copies of the submissions made pursuant to the requirements of Title III of the Superfund Amendments and Reauthorization Act of 1986, (SARA) Section 11001 et seq. of Title 42 of the United States Code.

G. In the event Lessee should receive a Notice of Environmental Problem, Lessee shall promptly provide a copy to the Lessor, and in no event later than seventy-two (72) hours from Lessee's and any tenant's receipt or submission thereof. "Notice of Environmental Problem" shall mean any notice, letter, citation, order, warning, complaint, inquiry, claim, or demand that: (i) the Lessee has violated, or is about to violate, any Environmental Laws; (ii) there has been a release, or there is a threat of release, of Hazardous Materials, on the Demised Premises, or any improvements thereon; (iii) the Lessee will be liable, in whole or in part, for the costs of cleaning up, remediating, removing, or responding to a release of Hazardous Materials; or (iv) any part of the Demised Premises or any improvements thereon is subject to a lien in favor of any governmental entity for any liability, costs, or damages, under any Environmental Laws, arising from or costs incurred by such governmental entity in response to a release of a Hazardous Material.

After review of the written report, Lessor may require Lessee to submit a written Phase II Environmental Assessment pursuant to provisions set forth in paragraph 10.10A.

Deferred and Resubmitted for the

AGENDA SUMMARY: Request for Order Approving Generic Criteria for Implementation of the Waterway Strategy Resolution of the Board of Commissioners of The Metropolitan Sanitary District of Greater Chicago with Respect to Sanitary District Lands Which Abut Waterways.

-----

Dear Sir:

Since the adoption of the Waterway Strategy Resolution by the Board of Commissioners of The Metropolitan Sanitary District of Greater Chicago on February 23, 1984, which Resolution established the policy whereby The Metropolitan Sanitary District dedicated a portion of its real estate adjacent to waterways to recreational and aesthetic interests which would be balanced with the desire to commercially rent and develop said lands, the Chief Engineer, under the direction of the General Superintendent, has been working to establish specific criteria for the uniform implementation of the Resolution with respect to all of the Sanitary District's waterways lands. This has proved to be a Herculean task.

At the meeting of the Board of Commissioners of The Metropolitan Sanitary District of Greater Chicago on February 21, 1985, authority was granted to the General Superintendent to develop site-specific criteria for addressing the Waterway Strategy Resolution with respect to three particular parcels of Sanitary District land on the Sanitary and Ship Canal due to the fact that overall criteria for all of the waterways had not yet been developed and the Chief Engineer advised against any long-term leasing activity until uniform procedures implementing the Board's policy as stated in the Waterway Strategy Resolution were prepared and presented to the Board of Commissioners for its approval. Under separate agenda items, we are presenting the matter of the request to commence statutory procedures for lease of those three specific parcels previously alluded to, addressing not only the usual matters relating to leasing but the site-specific Waterway Resolution implementing criteria for each parcel.

March 7, 1985, Board Meeting  
Deferred & Resubmitted for the  
March 21, 1985, Board Meeting

In the course of the development of the site-specific criteria for these parcels, the Chief Engineer reviewed the specific criteria for each parcel and distilled same into general criteria for implementation of the Waterway Strategy Resolution which, it is felt, addresses most contingencies to be encountered in connection with leasing or other use of any site along the District's waterways. A copy of those general criteria is attached hereto. It is believed that the approval of these criteria by the Board of Commissioners will provide the general guidelines by which the General Superintendent may evaluate requests for the leasing of Sanitary District waterway lands and determine applicants' willingness to comply therewith so that when any specific parcel is considered for offer for leasing, all or some of these general criteria may be developed and applied as specific restrictions in connection with the proposed leasing of a parcel developed to address the Waterway Strategy Resolution.

Accordingly, it is respectfully requested that the General Superintendent recommend to the Board of Commissioners that it accept and approve the attached criteria as being adequate to provide general guidance in addressing the impact of the Waterway Strategy Resolution with respect to leasing or development of any parcel of Sanitary District waterways land. Henceforth, with respect to each specific leasing activity, site-specific criteria developed in conformity with these guidelines will be established by staff and presented to the Board of Commissioners when approval to commence statutory leasing procedures is requested with respect to any specific parcel.

It is the intent of the Sanitary District to have a well-maintained and attractive river edge on all of the property it owns adjacent to the inland waterway system. In order to accomplish this goal, the Sanitary District requires a 60-foot waterway edge easement to be included in its land leases. The lessee will be responsible for bank stabilization and the construction and maintenance of a landscaped visual screen.

The Sanitary District will allow a 20 percent plus or minus variation in the 60-foot scenic easement in order to allow for site development criteria, existing topography, existing vegetation, and the development of a "natural" river's edge.

The Sanitary District will allow its river edge property to be utilized by the lessee for the purpose of waterborne commerce. However, the lessee will be responsible for the construction and maintenance of a docking facility compatible with the visual intent of the scenic easement.

The Sanitary District will not allow the permanent storage of unsightly materials and/or debris within either the scenic easement or the docking area. In addition, the unscreened storage of material will not be allowed anywhere within the lease.

It is the intent of the Sanitary District to maintain, where possible, a "natural" appearance to its properties by retaining existing vegetative cover. However, the Sanitary District recognizes that site development will sometimes necessitate the removal of existing vegetative cover. In those cases, the Sanitary District will require the lessee to reestablish vegetative cover in the same quantities and qualities as those removed. The reestablished plan materials are to be considered as an addition to the landscaping required within the scenic easement.

The Sanitary District, within its leasing procedures, requires that the lessee comply with local zoning and setback requirements. In addition, the Sanitary District will reserve the right to retain access across the leased parcel to obtain access to the water-edged lands.

at least ten (10) days before the hearing; service may be had on any agent or officer of a corporation or municipality.

The Board of Commissioners may, itself, conduct the hearing and take the evidence or may designate any of its members or any officer or employee of the District:

- (a) to issue in the name of the Board notices of hearings requesting the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in any such hearings;
- (b) to take the evidence; and
- (c) to transmit a report of the evidence and hearing, including transcripts and other evidence, together with recommendations to the Board of Commissioners for action thereon.

At any public hearing, testimony taken before the Board or any person designated by it, must be under oath and recorded stenographically. The transcript so recorded will be made available to any member of the public or any party to the hearing upon payment of the usual charges therefor.

After the Board has reviewed the evidence, it may issue an order to the party responsible for the action directing that within a specific time period the discharge be discontinued unless adequate facilities or devices shall have been installed or existing adequate facilities or devices are properly operated to prevent actions contrary to the terms of this Ordinance and any other such orders as the Board may deem necessary.

### Court Proceedings

#### Section 1) Violation of Order to be Considered Nuisance.

A violation of an Order of the Board of Commissioners shall be considered a nuisance. If any person maintains or operates his property so as to be in violation of the Order of the Board of Commissioners, the Sanitary District, acting through the General Superintendent, may commence an action or proceedings in the Circuit Court in and for the county in which the Sanitary District is located or operates facilities for the purpose of having the violation stopped either by mandamus or injunction.

#### Section 2) Penalties.

Whoever fails to comply with any provisions of this Ordinance or with an Order of the Board of Commissioners issued in pursuance of this Ordinance shall be fined not less than \$100.00 nor more than \$1,000.00 for each offense. Each day's continuance of such failure is a separate offense. The penalties so imposed, plus reasonable attorneys' fees, court costs, and other expenses of litigation, are recoverable by the Sanitary District upon its suit, as debts are recoverable at law.
