RECITALS

A. Constitutional Authority: As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "State"), the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

B. The Redevelopment Agreement: The City and the Original Developer have previously entered into the Redevelopment Agreement, pursuant to which the Original CTA Developer has executed the Original Limited Joinder. The Redevelopment Agreement requires the construction of the Phase I Project described therein. The Phase I Project includes, among other things, the construction, on the land located at the corner of N. Dearborn Street and W. Washington Street and legally described on Exhibit A-1 attached hereto and made a part hereof (the "APP Land"), of (1) the CBS Base Building, including certain subgrade improvements, and (2) on top of such CBS Base Building, the Office Project, and (3) improvements to the adjoining sidewalks with new streetscaping consistent with the State Street streetscaping design, but only as they relate to the CBS Base Building and the Office Project (the APP Land and the improvements described in clauses (1) through (3),

collectively, the "APP Property"). The construction of all such improvements is referred to herein as the "APP Project."

Prior to the date hereof, Golub Office Developer has purchased the APP Property from the Original Office Developer, and has assumed the Original Office Developer's obligations under the Redevelopment Agreement with respect to completing the APP Project. In connection with such purchase and assumption, Golub Office Developer and the City have previously entered into the Golub Limited Joinder. In addition, GD Randolph LLC, a Delaware limited liability company (the "Golub Residential Developer") and an Affiliate of Golub Office Developer, had contracted to purchase the two APC Properties included in the Phase II Project pursuant to that certain Sale Agreement dated August 9, 2006 between Golub Residential Developer, as purchaser, and the Original Residential Developer, as seller (the "Golub Residential Contract"). However, on March 7, 2007, the Original Residential Developer delivered written notice (the "Termination Notice") terminating Golub Residential Developer's purchase rights under such agreement.

The Original Developer Parties now desire to sell, convey and assign, and the Developer Parties desire to purchase, accept and assume, all of the Original Developer Parties' (i) remaining right, title and interest in the Land and the Phase I Project (i.e., in the original Land and original Phase I Project, less the APP Property and the APP Project previously transferred to and assumed by the Golub Office Developer), and (ii) remaining right, title and interest in the Phase II Project (after giving effect to the Termination Notice), and (iii) the Original Developer Parties' remaining rights and obligations under the Redevelopment Agreement, i.e., all of the rights and obligations of the Original Developer Parties' under the Redevelopment Agreement, less those previously assumed by Golub Office Developer pursuant to the Golub Limited Joinder (after giving effect to the Termination Notice), less those obligations already performed by the Original Developer Parties (collectively, the "Assumed Project Obligations"). For purposes of this Assumption Agreement and the construction of this Assumption Agreement and the Redevelopment Agreement, as integrated agreements, the defined term "Land" as used herein and as applied to the Developer Parties' Assumed Project Obligations shall refer to the originally defined "Land", less the APP Land, which Land as used herein is legally described on Exhibit A-2 to this Assumption Agreement, and the defined term "Phase I Project", shall refer to the originally defined "Phase I Project", less the APP Project. The Land, the Phase I Project, the Phase II Project and the Assumed Project Obligations are sometimes referred to herein collectively as the "Assumed Project."

Section 8.01(k)(2) of the Redevelopment Agreement provides that, with the prior written consent of DPD, which shall be in DPD's sole discretion, the Original Developer Parties may Transfer the Assumed Project prior to the issuance of a Phase I Project Certificate of Completion. Pursuant to such Section, the Original Developer Parties have requested DPD's consent to a Transfer of the Assumed Project to the Developer Parties. As a condition to granting such consent, DPD has required that the Developer Parties execute this Assumption Agreement to expressly assume the Assumed Project Obligations of the Original Developer Parties under the Redevelopment Agreement and applicable to the Assumed Project, and to provide for the payment of the amount set forth in

Section 19 in satisfaction of the APC Purchase Price Payment applicable to the Transfer of the APC Properties included in the Assumed Project.

Now, therefore, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration (including, without limitation, the consideration set forth in Section 19 below), the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

SECTION 1. RECITALS

The foregoing Recitals, and the Recitals of the Redevelopment Agreement, are hereby incorporated into this Assumption Agreement by reference and constitute a material part of this Assumption Agreement.

SECTION 2. DEFINITIONS

For purposes of construing and enforcing the Developer Parties' obligations under this Assumption Agreement and the Redevelopment Agreement, in addition to the defined terms in the foregoing Recitals and in the Redevelopment Agreement (unless any such defined terms in the Redevelopment Agreement have been redefined herein, in which case the redefined term set forth herein shall be controlling), the following terms shall have the meanings set forth below:

"Assumed Project Closing Date" shall mean the date upon which the closing of the transactions contemplated under this Assumption Agreement occurs.

"Base Building MBE/WBE Budget" shall have the meaning set forth in Section 10.03(a) of the Redevelopment Agreement. "CTA/Mills Agreement" shall have the meaning set forth in the Redevelopment Agreement, as the same may be amended from time to time.

"Developer Event of Default" shall have the meaning set forth in Section 15 of this Assumption Agreement.

"Developer Parties" shall mean the Retail Developer, the Transit Developer and the Residential Developer.

"Developer Termination Event" shall mean an act or omission of the Developer or, one of the Developer Parties or their Affiliates resulting in a Developer Event of Default relating to: (i) a material and intentional misrepresentation, or fraudulent act or omission, prior to or on the Assumed Project Closing Date to induce the City to consent to the conveyance of the Land to the applicable Developer Parties; (ii) any intentional or material waste to the Assumed Project or any portion thereof; (iii) a breach of the Transfer provisions in Section 8.01 or Section 18.15 of the Redevelopment Agreement; (iv) any material breach of Developer Parties' representations, warranties or covenants regarding environmental matters contained in this Assumption Agreement; (v) the occurrence of any material uninsured casualty event related to the Assumed Project, unless the portion of the improvements damaged by such event is restored within a reasonable period of time; (vi) the material misappropriation or misapplication of insurance proceeds or condemnation awards relating to the Assumed Project; or (vii) any material misrepresentation in any Economic Disclosure Statements and Affidavit submitted to the City by one of the Developer Parties or their Affiliates.

"Guarantor" shall mean DDL, LLC, an Illinois limited liability company.

"Guaranty" shall mean the payment and performance guaranty to be executed by the Guarantor in the form of Exhibit E attached to this Assumption Agreement. The Guarantor's payment obligations under the Guaranty shall apply notwithstanding the fact that any Developer Party's insolvency, bankruptcy, or financial condition may otherwise prevent or prohibit it from

paying or performing the guaranteed obligation. The Guarantor shall not have greater rights or defenses under the Guaranty than it would have if it had executed this Assumption Agreement for purposes of covenanting to perform the applicable Developer Party's obligations under this Assumption Agreement and the Redevelopment Agreement.

"Intra-Company Transfer" shall mean and include: (a) the transfer of any portion of the Phase I Project Property or any APC Property by a Developer Party to an Affiliate for the purpose of owning, developing, constructing, financing, leasing, operating and/or managing Assumed Project; (b) transfers of equity or other ownership interests in a Developer Party or Guarantor so long as the Developer Party, Guarantor or one of its Affiliates is the general partner or managing member of the entity to which such equity or other ownership interests are transferred and such transfers do not materially impair the ability of the Developer Party to complete the Phase I Project or the creditworthiness of the Guaranty; and (c) after the issuance of a Phase I Project Certificate, or with the prior written consent of DPD, which consent shall not be unreasonably withheld and shall be granted if such transfer does not materially impair the ability of the Developer Parties to complete the Phase I Project or the creditworthiness of the Guaranty, a transfer occurring in connection with the merger, acquisition or consolidation of one of the Developer Parties or Guarantor or any direct or indirect parent of the Developer Parties or Guarantor or the sale of substantially all of the assets of one of the Developer Parties or Guarantor.

"Lender Financing" shall have the meaning set forth in the Redevelopment Agreement, but shall not include the funding described in clause (a) of such definition.

"Non-Governmental Charges" shall mean all non-governmental charges, liens, claims, or encumbrances relating to the Developer Parties, the Land, the Phase I Project Property or the Assumed Project.

"Phase I Project G/C" shall mean W.E. O'Neil Construction Company, or any other general contractor designated by the Developer and reasonably acceptable to DPD.

"Phase I Project Property" shall have the meaning set forth in the Redevelopment Agreement, as applicable to the Phase I Project and Land, as such latter two defined terms are redefined in this Assumption Agreement.

"Substantially Complete" shall mean, with respect to the construction of the Phase I Project, as redefined in this Assumption Agreement, that the core and shell structural work and all exterior building finishes are complete, core building electrical, plumbing, mechanical, HVAC, sprinkler, security and similar systems are complete and in working order, and the green roof is complete. SECTION 3. THE PHASE I PROJECT

The City consents to the Original Developer Parties' assignment of all of their rights and obligations under Section 3 of the Redevelopment Agreement to the Developer Parties, and the Developer Parties agree to accept and assume such rights and obligations.

It is agreed to between the City and the Developer Parties that, with respect to the Assumed Project, (i) the obligations which relate to the Base Building are being assumed by Retail Developer, (ii) the obligations which relate to the Below Grade Improvements are being assumed by Transit Developer, and (iii) the obligations which relate to the Phase II Project are being assumed by the Residential Developer. Furthermore, the City hereby waives any Closing Date requirement for the delivery of evidence of Lender Financing as a condition precedent to such Phase II Project transfer only.

The Developer Parties acknowledge that the City has previously conveyed the Land to the Former Developer in its “as is, where is” condition, with no warranty, express or implied, by the City as to the condition of the soil, its geology, or the presence of known or unknown faults. It shall be the sole responsibility of Developer Parties, at their sole expense, to investigate and determine the soil and environmental condition of the Land. If the soil conditions are not in all respects entirely suitable for the use or uses to which the Land is intended to be utilized, then it shall be the sole responsibility and obligation of Developer Parties to take such action as may be necessary to place the soil and environmental condition of the Land in a condition entirely suitable for the intended uses under this Assumption Agreement and the Developer Parties shall have no recourse whatsoever against the City under any Environmental Law or any other law, rule or regulation for the environmental, soil or other condition of the Land.

SECTION 4. FINANCING

The closing conditions in this Section 5 shall be conditions precedent to the City's consent to the Original Developer Parties' conveyance of the Assumed Project to the Developer Parties as specified in Section 3 hereof. The conditions precedent set forth below shall be complied with to the City's satisfaction within the time periods set forth below or, if no time period is specified, not less than five (5) business days prior to the Assumed Project Closing Date.

5.16 Payment and Performance Bonds. The Developer shall have delivered to the City a copy of any payment and performance bonds relating to the Phase I Project (in addition to those required with respect to work in the public way). In the alternative to the delivery of payment and performance bonds for non-public way work, the Developer reserves the right and may deliver to the City subguard insurance issued with respect to all or part of the Phase I Project, which policies shall name the City as an additional insured party and shall be in form and substance reasonably acceptable to the City.

SECTION 15. DEFAULT AND REMEDIES

The Developer Parties hereby assume the obligations of the Developer under Section 15 of the Redevelopment Agreement and agree to be bound by the default, cure and remedy provisions in Sections 15.01, 15.02, 15.03 and 15.04 of the Redevelopment Agreement as applicable to each such party's obligations under the Redevelopment Agreement. Because Sections 15.01, 15.02, 15.03 and 15.04 presently govern the Original Developer Parties and because the Developer Parties are succeeding to all of the Original Developer Parties' interest in the Phase I Project and the Phase II Project, notwithstanding the first paragraph of Section 15 of the Redevelopment Agreement, such

Sections (and not Section 15.05 through 15.08) of the Redevelopment Agreement shall govern all defaults by any one more of the Developer Parties.

SECTION 16. MORTGAGES

There are no mortgages encumbering the Assumed Project Property or any portion thereof as of the date hereof, except for that certain Construction Mortgage, Security Agreement, Assignment of Rents and Leases and Fixture Filing dated as of March 22, 2007 executed by the Developer Parties to and for the benefit of LaSalle Bank National Association, as Agent for Lenders, which secures the Lender Financing provided by LaSalle Bank National Association and other Lenders for which it is Agent in a maximum amount not to exceed \$205,000,000. Such existing mortgage and any new mortgage hereafter permitted as Lender Financing or otherwise permitted under Section 8.01 of the Redevelopment Agreement is referred to herein and in Section 16 of the Redevelopment Agreement collectively as the "Permitted Mortgage(s)", and the holder of any such Permitted Mortgage is referred to herein and in Section 16 of the Redevelopment Agreement as a "Permitted Mortgagee". In the event that any Permitted Mortgagee succeeds to the Developer's interest in the Redevelopment Agreement and the Assumed Project or any portion thereof pursuant to the exercise of remedies under a Mortgage, whether by foreclosure or deed in lieu of foreclosure, or by other enforcement proceeding under any Permitted Mortgage, or by obtaining an assignment of the Developer's interest in lieu of foreclosure or through settlement of any pending or threatened foreclosure proceeding, and accepts an assignment of the Developer's interest under the Redevelopment Agreement and hereunder in accordance with Section 18.15 of the Redevelopment Agreement, then the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under the Redevelopment Agreement and this Assumption Agreement. If any Permitted Mortgagee does not accept an assignment of the Developer's interest in accordance with such Section 18.15, such Mortgagee shall be bound only by covenants that run with the land specified in Section 7 of the Redevelopment Agreement.

The City agrees to provide any Permitted Mortgagee notices sent pursuant to Section 17 hereof and of the Redevelopment Agreement and to permit any Permitted Mortgagee an additional 90 days beyond the cure date determined under Section 15.02 of the Redevelopment Agreement to cure any default for which a cure period is provided for herein or in the Redevelopment Agreement and, if applicable, to provide the aforesaid written assurance and acceptance of assignment of the Developer's interest. Provided the Permitted Mortgagee agrees to cure all defaults that are susceptible of being cured by such Permitted Mortgagee, the City agrees not to terminate the Redevelopment Agreement or this Assumption Agreement as a result of a default under Sections 15.01 (f), (g), (h), (i), (j) or (k) of the Redevelopment Agreement to the extent such defaults are personal to the Developer Parties' and not susceptible of being cured by such Permitted Mortgagee.

The City agrees to enter into a written agreement with any Permitted Mortgagee for the purpose of confirming the undertakings expressly set forth above. In no event shall any such agreement increase the City's obligations, further reduce the City's right or remedies, or reduce in

SECTION 18 MISCELLANEOUS

The Developer Parties hereby assume the rights and obligations of the Original Developer Parties under Section 18 of the Redevelopment Agreement and agree to be bound by the administrative, interpretative, and other miscellaneous provisions set forth therein, which shall also be applicable to this Assumption Agreement.

Whenever the phrase, "The Developer Parties hereby assume the rights and obligations of the Original Developer Parties" is used in this Assumption Agreement, such phrase has been used for brevity's sake, and shall be construed to incorporate in this Assumption Agreement the underlying Section of the Redevelopment Agreement as if such Section were fully restated herein.

This Assumption Agreement is intended to assign all obligations related to the completion of the Assumed Project to the Developer Parties while assuring that the City has the same rights and remedies with respect to such assigned obligations that it would have had the Original Developer Parties themselves constructed such Assumed Project through to its completion. In the event any defined term(s) used in the provisions of the underlying Redevelopment Agreement have inadvertently not been redefined herein, or such underlying provisions make reference to, for example, the Original Developer Parties or the original Phase I Project instead of to, for example, the Developer Parties, such defined terms and incorporated provisions shall be construed in this Assumption Agreement to apply to the Developer Parties and the Assumed Project, consistent with the overall purposes of effecting such assignment of obligations and assuring the City such rights and remedies.

SECTION 19. CONSIDERATION FOR TRANSFER OF FOR APC PROPERTIES

The parties acknowledge and agree that prior to execution of the Mills/Freed Sale Agreement, the Golub Residential Developer had contracted to buy the APC Properties pursuant to the Golub Residential Contract. Thus, the Mills/Freed Sale Agreement contemplated that Developer Parties would acquire the Assumed Project, subject to the rights of the Golub Residential Developer under the Golub Residential Contract, and, therefore, did not allocate any portion of the consideration payable under such agreement to the APC Properties.

As a result of Mills' delivery of the Termination Notice, however, a Transfer of the APC Properties, will now occur. As a result of such unforeseen circumstances, and because the Developer Parties have not finally determined whether they will self-develop one or both of the APC Properties, or whether they will Transfer one or both of the APC Properties to third party for development, the parties have agreed to amend certain provisions in the Redevelopment Agreement applicable to the Transfer or self-development of the APC Properties and the consideration payable to the City in connection with such Transfer or self-development.

In connection with the Transfer of the APC Properties to the Developer Parties pursuant to the Mills/Freed Sale Agreement occurring simultaneously with the execution of this Assumption Agreement, and as a material inducement to the City's consent to such Transfer and execution of the Assumption Agreement, the Developer Parties shall pay the City as mandatory APC Purchase Price Payments: (a) Five Hundred Thousand Dollars (\$500,000) on the Closing Date; (b) an additional Five Hundred Thousand Dollars (\$500,00) on or before December 31, 2007; and (c) an additional One Million Dollars (\$1,000,000) on or before December 31, 2008 (such three payments, the "Guaranteed Payments"). If the Developer Parties make an APC Purchase Price Payment to the City pursuant to the fourth or fifth paragraph of this Section 19 (any such payment, an "Additional Payment") prior to making the Guaranteed Payments in clause (b) or (c), then the Developer Parties shall receive a credit against such Guaranteed Payments equal to the amount of any such Additional Payment(s) to the City. Such credit shall first be applied to the Guaranteed Payment in clause (b) (if not already paid) and then against the Guaranteed Payment in clause (c) (if not already paid). The payment of the Guaranteed Payments and any Additional Payments that may become due and payable shall be included as an additional obligation of the Guarantor under the Guaranty.

In addition, if, after the date hereof, the Developer Parties (or its Affiliate) Transfers one or both of the APC Properties, or if one or more of the Developer Parties (or its Affiliate) elects in writing to construct APC Property itself, (or, if no such written election occurs, commences construction of an APC Property), then at the time of any such Transfer(s), election(s) or commencement, the Developer Parties shall pay the City the APC Purchase Price Payment payable with respect to such Transfer(s) or self-development, as computed under the Redevelopment Agreement, provided that any amounts previously paid pursuant to the third paragraph of this Section 19 shall be credited towards such APC Purchase Price Payment obligation.

UNOFFICIAL COPY

-19-

If, in lieu of a Transfer, one or more of the Developer Parties (or its Affiliate) elects to self-develop one or more of the APC Properties (or commences construction thereof), such party and the City shall agree upon the value of the APC Property at the time of such election (or commencement) for purposes determining the gross proceeds and consideration amount to be included in the APC Purchase Price Payment formula, subject to the further adjustments to such formula set forth in this Section 19. If such party and the City are unable to mutually agree upon such value, the City agrees to accept the valuation set forth in an independent, third party appraisal obtained by the lender providing the Lender Financing for APC Property's development, provided that such valuation (a) serves as the basis for the lender's underwriting and advancing additional funds under the Lender Financing documents that are reasonably allocable to such valuation, consistent with commercially reasonable lending practices, and (b) is based on a comparable sales approach or otherwise takes into account the dollar per square foot rate at which Central Loop properties have been sold, along with other facts and circumstances applicable to the APC Property's development. Any written election or commencement of construction that does not result in the completion of construction of the APC Property shall result in a new valuation upon any subsequent Transfer, written election, or commencement of construction.

Notwithstanding anything to the contrary in the Redevelopment Agreement, in no event shall the Developer Parties be required to pay more than Three Million Five Hundred Thousand Dollars (\$3,500,000), in aggregate, for any APC Purchase Price Payments required under this Agreement.
