Buyer(s) authorizes all necessary changes in the plans and specifications to enable the improvement to be completed in accordance with local building codes and zoning ordinances. All such necessary changes shall be paid for by Buyer(s) at Seller's regular price.  
The Buyer(s) represents that there are no conditions or restrictions of record (either private or public) which would interfere with the placement of the garage at the place agreed upon by the parties. The Buyer(s) shall be responsible for any additional costs in the event there is a condition or restriction of record which interferes with the placement of the garage as indicated. Buyer(s) will identify boundary lines and be responsible for obtaining necessary permits and zoning variations before commencement of work. Buyer(s) is solely responsible for conforming with any and all municipal codes.
2. It is agreed that all salvage removed from the premises is Seller's sole property and Buyer(s) is to receive no compensation whatsoever (Seller is not responsible for damage to shrubbery, grass, trees, fences or landscaping in way or condition). Risk of loss for work and or material installed in structure is the responsibility of Buyer(s).
3. If unusual subsoil conditions, obstructions above or below grade or facts known to Buyer(s) and not disclosed to Seller require change in work, any increases in the cash price by reason thereof shall be paid for by Buyer(s) at Seller's regular price thereof except as otherwise provided herein.
4. **No work will be done or material furnished except as specified herein or agreed to in writing.** All changes requested by Buyer(s) or required here under shall be paid for by Buyer(s) in addition to the contract price. All of Seller's rights and remedies will extend to changes. Unless otherwise agreed to in writing, and except as otherwise provided herein, all changes will be at Seller's regular price.
5. **Seller may make minor variations in work or substitute material of equal or better quality without consent of Buyer(s).**

Further, Garage King's warranty does not cover damage to concrete or asphalt from ground settling, frost heave, road salts, and the matching of color or substance of various materials or other conditions beyond Garage King's control.** There are no other warranties expressed or implied. Warranty does not cover splitting or twisting of pressure treated lumber.
