RECORDING REQUIREMENTS FOR NO FURTHER REMEDIATION LETTERS

Introduction

The Illinois Environmental Protection Agency's (Illinois EPA) Bureau of Land/Leaking Underground Storage Tank Section issues a No Further Remediation (NFR) Letter after a demonstration of compliance with Title XVI of the Environmental Protection Act and applicable regulations is made. The NFR Letter signifies that: (1) all statutory and regulatory corrective action requirements applicable to the occurrence have been complied with, (2) all corrective action concerning the remediation of the occurrence has been completed, and (3) no further corrective action concerning the occurrence is necessary so long as the site is used in accordance with the terms and conditions of the NFR Letter.

Significance

When properly recorded, the NFR Letter holds legal significance for all applicable parties outlined at Section 57.10(d) of the Environmental Protection Act. (See 415 ILCS 5/57.10(d).) If not properly recorded, the Illinois EPA will take steps to void the NFR Letter in accordance with the regulations.

Duty to Record

The duty to record the NFR Letter is *mandatory*. You must submit the NFR Letter, with a copy of any applicable institutional controls proposed as part of a corrective action completion report, to the Office of the Recorder or the Registrar of Titles of the county in which the site is located *within 45 days after receipt of the NFR Letter*. You must record the NFR Letter and any attachments. The NFR Letter shall be filed in accordance with Illinois law so that it forms a permanent part of the chain of title to ensure current and future users of the property will be informed of the conditions and terms of approval including level of remediation; land use limitations; and preventive, engineering, and institutional controls. A certified or otherwise accurate and official copy of the NFR Letter and any attachments, as recorded, must be submitted to the Illinois EPA. Failure to record the NFR Letter in accordance with the regulations will make the NFR Letter voidable.
