WHEREAS, after the transaction has closed, the term "**Owner**" shall mean the "**Purchaser**", and

WHEREAS, an underground storage tank system as defined in 40 CFR Part 280 or supplanting federal regulations owned by Equilon or its predecessors in interest ("**UST System**") may be/is present on the Property, and

WHEREAS, petroleum hydrocarbons, including gasoline additives (collectively "**Substances**"), may be present on the Property, and

WHEREAS, the Parties desire to investigate and, if necessary, perform remediation of Substances to bring the Property into compliance with applicable law; and

WHEREAS, Purchaser is willing to purchase the Property with full knowledge of the potential for or actual presence of subsurface Substances.

NOW, THEREFORE, in exchange for the mutual promises and considerations stated herein the Parties agree as follows:

1. **GRANT OF LICENSE**. Owner hereby grant(s) a nonexclusive irrevocable license from the date of this Agreement to Equilon, its employees, authorized agents and contractors, and any relevant governmental agency with lawful jurisdiction ("**Agency**"), its employees, authorized agents and contractors, to enter the Property to perform all monitoring well installations, tests, inspections, borings, engineering studies, surveys, appraisals, environmental studies, remediation operations or other activities hereinafter referred to as "**Corrective Action**" that Equilon deems necessary to comply with all applicable federal, state and local statutes, regulations, ordinances directives, orders and standards for Corrective Action related to the UST System. If Owner fail(s) to provide reasonable access to Equilon, or Owner unreasonably interfere(s) with Equilon's activities on the Property, such failure shall constitute waiver of any right, claim or cause of action Owner may have against Equilon to perform or continue Corrective Action on the Property. Such waiver shall not constitute the sole remedy for breach of this provision which remedies may include without limitation, consequential damages. This Agreement is intended and shall be construed only as a temporary license to enter and conduct the Corrective Action upon the Property and not a grant of easement or any other interest in the Property. Owner shall, as soon as possible, but not later than thirty (30) calendar days after damage or destruction, replace or repair, at its sole expense, all monitoring wells, monitoring well pads, remediation equipment or piping installed by Equilon on the Property and damaged or destroyed by Owner.

2. **ENVIRONMENTAL INVESTIGATION AND REMEDIATION.** For as long as this Agreement remains in effect, Equilon, at its sole expense, agrees to conduct any necessary Corrective Action at the Property in accordance with all applicable federal, state and local statutes, regulations, ordinances and standards; however, Owner agree(s) Equilon is under no obligation to Owner to remedy or respond to any environmental liability or condition on the Property that cannot be attributed to the UST System on the Property.

3. **REGULATIONS.** Purchaser hereby agrees to comply with all existing and future applicable laws and regulations pertaining to underground storage tank systems, including but not limited to those requiring insurance, inventory records, leak detection devices, system inspections, tank and line tests and tank field monitoring well tests. Purchaser further agrees to copy Equilon, within fifteen (15) calendar days of the date request is made by Equilon, with any records pertaining to the above. Further, upon written request by Equilon, Purchaser shall make available all records required by applicable laws for review by Equilon at the Property during normal business hours.

4. **CONSTRUCTION ON PROPERTY.** Owner shall provide Equilon with written notification at least thirty (30) calendar days in advance of the date on which Owner plan(s) to begin excavation at the Property for development ("**Development**"). Equilon shall be responsible for costs and expenses associated with the disposal of contaminated soil and disposal or treatment of contaminated groundwater caused by the UST System on the Property and encountered during the Development, in accordance with the following guidelines and requirements:

4.1 Owner's written notification to Equilon shall state the dates during which the construction work will be performed and contain detailed work plans;

4.2 During the thirty (30) calendar day period following the notice from Owner, the Parties will coordinate and cooperate with each other in planning the simultaneous performance of the Development and Equilon's activities at the Property in such a manner as to minimize cost and time for each party, including agreeing upon the scope and schedule of the removal activities and the schedule of the transporters and trucks needed for disposal. Owner shall not commence excavation activities on the Property until the expiration of the thirty (30) calendar day notice period;

4.3 Owner shall notify Equilon not later than 2 business days in advance of excavation of any soils at the Property. For purposes of this sub-section, notification may be made by facsimile. For purposes of this sub-section, a business day shall exclude any state or federal holiday(s) in the applicable jurisdiction. Equilon will screen excavated soils for the presence of Substances using a Photo Ionization Detector ("**PID**") or other similar method. Equilon will collect representative soil samples for analysis of Substances. Soil with Substances levels below the applicable state cleanup standard for commercial/industrial property use will be considered "clean". Soil determined to be "clean" shall be used by Owner for back-filling or other Development purpose at the Property. Owner shall, at its cost and expense, remove and properly dispose of any such clean soil if Owner decides not to use such clean soil for back-filling or other Development purpose. Soil with levels of Substances above the applicable state

cleanup standard for commercial/industrial property use will be considered “contaminated”. Owner, under the direction of Equilon, shall segregate contaminated soil from clean soil. Owner shall place, at its sole cost and expense, contaminated soil in trucks provided by Equilon. Equilon shall, at its sole cost and expense, transport and properly dispose of any such contaminated soil at a permitted treatment, storage and disposal facility, or any other facility legally capable of accepting such soil.

4.4 Owner shall notify Equilon not later than forty-eight (48) hours in advance of the removal of any liquids at the Property. For purposes of this sub-section, notification may be made by facsimile or electronic mail. Liquids with Substances levels below the applicable state cleanup standard for commercial/industrial property use will be considered “clean”. Owner shall, at its cost and expense remove and properly dispose of any such clean liquids. Liquids with levels of Substances above the applicable state cleanup standard for commercial/industrial property use will be considered “contaminated”. Owner shall place, at its sole cost and expense, such contaminated liquids in trucks or tanks provided by Equilon. Equilon shall, at its sole cost and expense, transport and properly dispose of any such contaminated liquids at a permitted treatment, storage and disposal facility, or any other facility legally capable of accepting such liquids.

4.5 Failure of Owner to give Equilon notice of Development activities as required herein shall relieve Equilon from any responsibility or liability to Owner for any costs, expenses or consequential damages that may result from Owner undertaking such Development activities. For purposes of this section, all notifications shall be made to Equilon Enterprises, LLC, Attn: Property & Planning, at 250 Meadowfern, Suite 154-110, Houston, Texas, 77067; Telephone: (713) 245-1500; Facsimile: (281) 874-2294, or at such address, telephone, or facsimile as Equilon may direct in writing from time to time.

5. TERMINATION. Upon completion of its Corrective Action at the Property, this Agreement shall terminate and Equilon shall have no further obligation or responsibility to perform Corrective Action at the Property. Owner agree(s) that Equilon will have completed its Corrective Action upon the earliest of (a) a determination by an Agency (i) that no further action is required by Equilon, or (ii) that the Corrective Action taken by Equilon at the Property has been completed; or (b) one year following the date Equilon submitted its written and supporting documentation to an Agency that Equilon considers its Corrective Action at the Property to be complete; or (c) one year following the date that an Agency directs Equilon to monitor only at the Property, regardless of whether Equilon has provided written notice (as provided in (a) above).

6. MUTUAL COOPERATION. Equilon agrees to coordinate its activities with Owner to minimize any inconvenience to or interruption of the conduct of Owner’s business or development of the Property including, but not limited to, providing reasonable notice prior to all activities which Equilon believe may interrupt the conduct of Owner’s business. Owner agree(s) to cooperate with Equilon, and execute any additional documents including, without limitation, permit applications, which may reasonably be required to effectuate the purpose of this Agreement. Owner further agree(s) not to interfere with the activities conducted by Equilon on the Property.

7. **PERMITS**. Equilon, with the reasonable cooperation of Owner, but at no expense to Owner, shall obtain any and all permits which may be required for the Corrective Action it conducts pursuant to this Agreement.

8. **REPORTS**. Equilon agrees to provide Owner with copies of reports that are submitted to an Agency outlining the results of Equilon's Corrective Action performed pursuant to this Agreement.

9. **SITE RESTORATION**. Equilon agrees, upon completion of the Corrective Action contemplated by this Agreement, to restore the surface of the Property to as near the approximate grade and pavement as existed prior to said Corrective Action as is reasonably possible, including proper plugging, abandonment or removal of any monitoring well as may be required in accordance with applicable law. Equilon shall not be responsible for the repair or replacement of underground utilities (except for public underground utilities damaged by Equilon) or other structures (including canopies) on the Property.

10. **INDEMNITIES**. Equilon agrees to indemnify, defend and hold Owner (collectively referred to as "**Indemnified Party[ies]**") harmless from any and all liabilities, losses, claims, demands, or orders arising out of the Corrective Action Equilon performs pursuant to this Agreement, except to the extent that any said liabilities, losses, claims, demands, or orders may be attributed in whole or in part to the negligence, gross negligence or intentional act of one or more of the Indemnified Parties. Equilon's indemnification obligation shall not include direct or indirect economic loss attributable to short term business interruptions as a result of Equilon's activities on the Property. This indemnity shall terminate at the time the Corrective Action is complete as set forth in this Agreement and be of no further force or effect.

If underground or above ground storage tank systems are used for any purpose on the Property at any time subsequent to the execution of this Agreement, then Purchaser agrees to indemnify, defend and hold harmless Equilon, their respective parents, predecessors, subsidiaries, affiliates, officers, directors, employees, agents, and each of their predecessors, successors, heirs and assigns from any and all liabilities, losses, claims, demands, or orders, including without limitation attorneys' fees, litigation costs, money damages, fines or penalties, environmental response costs, natural resource damage assessments or awards (collectively referred to as "**Liabilities**"), arising out of the purchase, use, operation, maintenance, installation or removal or abandonment of underground or above ground storage tank systems at the Property by Purchaser or any person allowed by Purchaser to install, use, maintain, operate, remove or abandon underground or above ground storage tank systems at the Property ("**Third Party**") which may be found to be contributing to or causing: a) personal injury, disease or death; b) damage or loss to property; or c) the need for Corrective Action at the Property or any other property, regardless of whether or not such Liabilities are caused by the sole negligence, concurrent negligence, gross negligence, or intentional conduct of Purchaser or Third Party, and regardless of whether or not such Liabilities are strictly imposed by operation of law with or without fault. This indemnity shall survive the termination of this Agreement.

11. **RELEASE**. In exchange for Equilon's commitments as set forth in this Agreement, Owner hereby release(s), acquit(s), holds harmless and forever discharge(s) Equilon,

Owner hereby assign(s) to Equilon any and all rights it/they may have against the applicable state and federal fund established by the state or federal government to fund or reimburse cleanups, assessments, remediations or satisfaction of claims at UST System sites and applicable to Equilon's Corrective Action. Owner agree(s) to cooperate with Equilon, including execution of additional documents, if necessary, in obtaining any allowable reimbursement from a state and federal fund established by the state or federal government to fund or reimburse cleanups, assessments, remediations, or satisfaction of claims at UST System sites and that any moneys obtained from said fund applicable to Equilon's Corrective Action shall belong solely to Equilon.

13. DISPUTE RESOLUTION. The Parties agree that should any dispute arise under this Agreement which cannot be amicably resolved, the dispute shall be submitted to mediation prior to being submitted to arbitration under the rules and procedures of the American Arbitration Association and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Any mediator or arbitrator selected by the Parties shall be knowledgeable in environmental law and/or remediation technologies.
