- (1) NOTICE AND EFFECT OF LAND PATENT. A grant of land is a public law standing on the statute books of the State, and is notice to every subsequent purchaser under any conflicting sale made afterward: *Wineman v. Gastrell*, 54 Fed. 819, 4CCA 596, 2 US App. 581. A Patent alone passes title to Grantee: *Wilcox v. Jackson*, 12 PET (U.S.) 498, 10 L.Ed. 264. Where the United States has parted with title by a patent legally issued upon surveys legally made by itself and approved by the proper department, the title so granted cannot be impaired by any subsequent survey made by the government for its own purposes: *Cage v. Danks*, 13 LA. ANN. 128.
- (2) In the case of ejectment, where the question is who has the Legal Title, the Patent of the Government is unassailable, *Sanford v Sanford*, 139 U.S. 642. The Transfer of Legal Title (Patent) to public Domain gives the Transferee the right to process and enjoy the land transferred; *Gibson v. Chouteau*, 80 U.S. 92.

A Patent for Land is the highest evidence of Title and is conclusive evidence of Title and is conclusive evidence against the Government and all claiming under junior Patents or Titles; *United States v. Stone*, 2 U.S. 525. Estoppel has been maintained as against a Municipal Corporation (County), *Beadle v. Smyser*, 209 U.S. 393. Until it issues, the Fee is in the Government, which by the Patent is passed to the Grantee, and he[she] is entitled to enforce possession in ejectment; *Bagnell v. Bradrick*, 13 PETER (US) 436. State statutes that give a lesser authoritative ownership of title than a patent can not be brought into federal Court; *Langdon v. Sherwood*, 124 U.S. 74, 80. Also see *Suma Corp. v California Ex Rel. State lamb Commission*, 104 S.Ct 1751(1984), 467 US 1231, 104 S. Ct. 2693.

- 3) The Power of Congress to dispose of its Land cannot be interfered with, or its exercise embarrassed by any state legislation, nor can such legislation deprive the Grantees of the United States of the possession and enjoyment of the Property granted by reason on any delay in the transfer of the Title after the initiation of proceedings for the acquisition; *Gibson v. Chouteau*, supra; also see Section 14 Article 4 of the Northwest Ordinance; also see Article IV Section 1 and Article 6 of the U.S. Constitution; also see Chapter XX, 1 Stat 73 et seq. - 4) LAND TITLE AND TRANSFER. The existing system of land transfer is a long and tedious process involving the observance of many formalities and technicalities, a failure to observe any one of which may defeat title, even where these have been traced to its source, the purchaser must, but at his peril, there always being, in spite of the utmost care and expenditure, the possibility that his title may turn out bad: *Yealde, Torrens System* 209. Patent are issued (and theoretically passed) between Sovereigns; *Leading Figher v. County of Gregory*; 230 N.W. 2d 114, 116. the patent is prima facie conclusive evidence of Title; *Marsh v. Brooks* 49 US 223, 233.

Sullivan*, 63 R.I. 216 7 A. 696. The original meaning perpetuity is an unalienable indestructible interest; *Bouvier's Law Dictionary, Vol III p. 2570, 1914 Ed.*
