2. The Borrower promises to pay the Unpaid Principal Balance, plus interest, to the order of the Lender in accordance with the following provisions:

(A) INTEREST RATE AND MONTHLY PAYMENT CHANGES

Interest will be charged upon the Unpaid Principal Balance at the yearly rate of 2.750% (the "Initial Rate of Interest") from July 01, 2012, subject to the interest rate and monthly payment change provisions set forth below. The Borrower promises to make monthly payments of principal and interest of U.S. \$3,164.44 beginning on August 01, 2012, and continuing thereafter on the same day of each succeeding month until principal and interest are paid in full. If on April 01, 2051 (the "Maturity Date"), the Borrower owes amounts under the Note and Security Instrument, as amended by this Agreement, the Borrower will pay these amounts in full on the Maturity Date.

This Agreement also provides for changes in the interest rate and monthly payment as follows:

1. **INTEREST RATE AND MONTHLY PAYMENT CHANGES**

(a) Change Dates

The interest rate the Borrower will pay may change on the first day of July, 2017 and on that day every 12th month thereafter. Each date on which the interest rate could change is called a "Change Date".

(b) The Index

Beginning with the first Change Date, the interest rate will be based on an Index. The "Index" is the weekly average yield on United States Treasury securities adjusted to a constant maturity of 1 year, as made available by the Federal Reserve Board. The most recent index figure available as of the date 45 days before each change date is called the "Current Index".

If the Index is no longer available, the Note Holder will choose a new index which is based upon comparable information. The Note Holder will give the Borrower notice of this choice.

(c) Calculation of Changes

Before each Change Date, the Note Holder will calculate the new interest rate by adding 2.500 percentage points (2.500 %) to the Current Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated below, this rounded amount will be the new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that the Borrower will be expected to owe at the Change Date in full on the Maturity Date of the new interest rate in substantially equal payments. The result of this calculation will be the new amount of the monthly payment.

(d) Limits on Interest Rate Changes

The interest rate the Borrower will be required to pay at the first Change Date will not be greater than 4.750% or less than 2.500%. Thereafter, the interest rate will never be increased or decreased on any single Change Date by more than two percentage points (2.0%) from the rate of interest the Borrower has been paying for the preceding twelve months. The interest rate will never be greater than 8.750%.

(e) Effective Date of Changes

The new interest rate will become effective on each Change Date. The Borrower will pay the amount of the new monthly payment beginning on the first monthly payment date after the Change Date until the amount of the monthly payment changes again.

- 5 Nothing in this Agreement shall be understood or construed to be a satisfaction or release in whole or in part of the Note and Security Instrument. Except as otherwise specifically provided in this Agreement, the Note and Security Instrument will remain unchanged, and the Borrower and Lender will be bound by, and comply with, all of the terms and provisions thereof, as amended by this Agreement. The Borrower does hereby affirm and ratify the extent and validity of the Note, Security Instrument and other Loan Documents which shall remain in full force and effect as of the date hereof except as modified hereby.
