MODIFICATION Lender and Grantor hereby modify the Mortgage as follows:

The definition of "Note" set forth in the Mortgage is hereby amended and restated in its entirety as follows: The word "Note" means, individually and collectively, (i) that certain Promissory Note dated September 5, 2012, in the original principal amount of \$1,177,098.58 executed by Borrower payable to Lender, as amended, supplemented, modified or replaced from time to time. The interest rate on the Note is a variable rate, subject to change from time to time based on changes in an index which is the Lender's Reference Rate (the "Index"). If the Index becomes unavailable during the term of this Loan, Lender may designate a substitution index after notifying Borrower. Interest on the unpaid principal balance of the Note will be computed on a 365/360 basis; that is, by applying the ratio of the interest rate over a year of 360 days, multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under this Note is computed using this method, using a rate of 1.00 percentage points over the Index, provided, under no circumstances will the interest rate be less than 5.75% per annum or more than the maximum rate allowed by applicable law; resulting in an initial interest rate of 5.75%. Payment of all interest and principal due on the Note is due no later than January 15, 2013 (such maturity date as it hereafter may be renewed, extended or amended from time to time, herein called "The Maturity Date"); provided, such Maturity Date shall not be later than Twenty (20) years after the date hereof; (ii) that certain Promissory Note dated September 5, 2012, in the original principal amount of \$712,703.92 executed by Theodore G. Mavrakis payable to Lender, as amended, supplemented, modified or replaced from time to time. The interest rate on the Note is a variable rate, subject to change from time to time based on changes in an index which is the Lender's Reference Rate (the "Index"). Interest on the unpaid principal balance of the Note will be computed on a 365/360 basis; that is, by applying the ratio of the interest rate over a year of 360 days, multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under this Note is computed using this method, using a rate of 1.00 percentage points over the Index, provided, under no circumstances will the interest rate be less than 5.50% per annum or more than the maximum rate allowed by applicable law; resulting in an initial interest rate of 5.50%. Payment of all interest and principal due on the Note is due no later than January 15, 2013 (such maturity date as it hereafter may be renewed, extended or amended from time to time, herein called "The Maturity Date"); provided, such Maturity Date shall not be later than Twenty (20) years after the date hereof; (iii) that certain Promissory Note dated September 15, 2012, in the original principal amount of \$795,330.22 executed by Theodore G. Mavrakis payable to Lender, as amended, supplemented, modified or replaced from time to time. Nothing in this Modification shall constitute a satisfaction of the promissory note or other credit agreement secured by the Mortgage (the "Note"). It is the intention of Lender to retain as liable all parties to the Mortgage and all parties, makers and endorsers to the Note, including accommodation parties, unless a party is expressly released by Lender in writing. Any maker or endorser, including accommodation makers, shall not be released by virtue of this Modification. If any person who signed the original Mortgage does not sign this Modification, then all persons signing below acknowledge that this Modification is given conditionally, based on the representation to Lender that the non-signing person consents to the changes and provisions of this Modification or otherwise will not be released by it.
