I, Linda Marshall, Trust Interest Holder, Beneficiary, non-adverse party and sovereign created by God, over 18 years of age, hereinafter "Affiant" and/or "Declarant/Affiant", do solemnly swear, declare and state under penalty of perjury the following:

- a. Affiant is of the age of majority, of sound mind and competent to testify.

- d. I have, in Good Faith, determined the facts stated herein as being true, correct, complete, and not meant to mislead. By signing this Affidavit of Public Notice before a Notary Public as an authentic act, do hereby claim and declare:

In Good Faith, I hereby and herein declare and proclaim the following with clean hands at arm's length:

Equality is Paramount and Mandatory by Law, and

Affiant is not a Corporation, and

Affiant is not a Fiction or Artificial entity, and

Affiant is a real "Flesh and Blood man", and

Constitutions have jurisdiction over the Governments they create, fictional entities (Corporations) are inferior to the Governments who have jurisdiction over them, and

The agents of Government are the TRUSTEES for the Grantor/Beneficiary, and

The united States of America is a common law jurisdiction, and

Equality before the law is paramount and mandatory, and

A statute is defined as a legislated rule of society which has been given only the force of law, and

A society is defined as a number of people joined by mutual consent to deliberate, determine and act under a common goal, and

The only form of government recognized as lawful in the united States of America is a representative one, and Representation requires mutual consent, and

In the absence of mutual consent, neither representation nor governance can exist, and

People in the united States of America have a right to revoke or deny consent to be represented and thus governed, and if anyone does revoke or deny consent, they then may exist free of government control and statutory restraints, and a "sovereign" is one who has lawfully revoked consent and exists free of statutory restrictions, obligations, and limitations, and

A citizen numbered by or issued/assigned a Social Security Number (SSN) is in fact presumed to be an "employee" of the federal government and thus bound by the statutes created by and within Federal/State government jurisdiction(s), and

Upon proper Notice, claim of right, and express intent, a sovereign may disavow this employee presumption in fact, with prejudice, and without waiver or forfeiture of privilege or benefit accrued, and

The lawful filing of IRS form SSA-521/1099-C or others, respectively, and if properly filed, abandons the citizen's Social Security (SS) Number, waives the SS retirement/disability benefit and forfeits the associated indebtedness owed the citizen by the U.S. Government as may be reported on IRS form(s) SSA-7050 or others.

I hereby publicly acknowledge and accept my position as a Beneficiary of the trust created by President Roosevelt in 1933. See: Title 31 Subtitle IV Chapter 51 Subchapter II Sec. 5118 Gold clauses and consent to sue. Also that, Legal Tender, *under the Uniform Commercial Code (U.C.C.)* Section 1-201 (24) (Official Comment) "The referenced Official Comment notes that the definition of *money* is not limited to *legal tender*, under the U.C.C.. The test adopted is that of sanction of government, whether by authorization before issue or adoption afterward, which recognizes the circulating medium as a part of the official currency of that government. Said debit card, with any applicable P.I.N. number shall be issued without delay in processing/delivery to Linda Marshall, at: 6714 South Cottage Grove Avenue P.O. Box 25, Chicago, Illinois [60637].

MATTERS OF INTEREST

Involuntary Use. I am forced involuntarily to use U.S. funds such as Federal Reserve Bank/System notes, commercial liability instrument, and electronic liability transactions as part of a scheme to compel the principals to impart artificial commodity value to the liability evidenced thereon, on the authority of *MacLead v. Hoover*, No. 26395, S. Ct. (La.), 105 So. 305 (1925) that court citing *U.S. Bank v. Bank of Georgia*, 25 U.S. 333 (1825) and *Public Law 97-248* (1982).

Legal Tender No Longer Required. In light of the holding of *Guaranty Trust Co. v. Henwood*, 307 U.S. 247 (1939), take notice of, "... "As of October 27, 1977, legal tender for discharge of debt is no longer required. That is because legal tender is not in circulation at par with promises to pay credit" *Baltimore and Ohio R.R. v. State* 36 Md. 519 (1872). There can be no requirement of repayment in legal tender either, since legal tender was not loaned, nor in circulation and repayment, or payment, and need only be made in equivalent kind; a negotiable instrument."

UCC 3-603 Clarification. "If tender of payment of an obligation to pay an instrument is made to a person entitled to enforce the instrument and the tender is refused, there is discharge, to the extent of the amount of the tender..." and:

ILLINOIS UCC 810 ILCS 5/3-603 "Effect of unaccepted offer in writing to pay or deliver. An offer in writing to pay a particular sum of money or to deliver a written instrument or specific personal property is, if not accepted, equivalent to the actual production and tender of the money, instrument or property." (This statute operates in other states via the rule of Para Materia.)

WHEREFORE: Affiant can only discharge such debt/liability due to the fact that the STATE OF ILLINOIS removed the constitutional money that was to circulate within the State of Illinois whereby the undersigned could "pay debts by law" and the undersigned herein has been estopped in law from paying debts "at law".

UNOFFICIAL COPY

Since the STATE OF ILLINOIS is a "federal unit," it would be a violation of commercial 'due process' or 'fraud' to bar the undersigned from accessing the remedy provided by Congress to discharge debts (liabilities) 'dollar for dollar'. *Dyett v. Turner, Warden, Utah State*, 20 Utah 2d 403 (1968).

U.S. CITIZEN AS SURETY

I recognize that the U.S. citizen presented is a legal fiction. I also recognize that it is a surety for the United States. As one of the People, a Beneficiary of the several trust(s) created by the Constitution, so declared in the Declaration of Independence, another constitution, and by President Franklin D. Roosevelt in 1933, the U.S. citizen is a surety and I recognize that I can use my prepaid trust account to "discharge" instruments received when issued and transferred to me for value.

BIRTH CERTIFICATE

I recognize the following statements as true on the **public side** about my birth certificate:

1. The birth certificate is a result of the President's Oath;
2. As a result of the President's Oath, my birth certificate is evidence of the obligation the United States owes to me;
3. The birth certificate represents value and is evidence of a pledge by a U.S. citizen to be a surety for the United States;
4. The birth certificate is security for the pledge of allegiance to the United States and its statutes, made by the U.S. citizen;
5. The birth certificate is a security interest in the labor of the U.S. citizen the certificate represents, based on the U.S. citizen's pledge to the United States;
6. The United States has an antecedent claim against the U.S. citizen's labor through the pre-existing contract (pledge).
7. Provides use of exemptions, as in 76. Accepted for Value process, for deposits/offsets of statements, offers, presentments, bills, tax bills or an IRS voucher through the private side.

I recognize the following statements as true on the **private side** in relation to my birth certificate:

1. The birth certificate is a receipt;
2. The birth certificate is evidence of a promise made by the President to the People;
3. The birth certificate is security for the promise of distributions from the trust to me as Beneficiary;
4. The birth certificate is a security interest in distribution from the trusts established by the Declaration of Independence, the Constitution and by President Franklin D. Roosevelt in 1933;
5. The birth certificate is a remedy that represents an antecedent claim I have against the United States;
6. The birth certificate is evidence of a pre-existing contract;
7. The birth certificate represents the prepaid account I have available for offsets.

SPECIAL NOTICE TO THE FEDERAL RESERVE-INSTRUMENTS ISSUED FOR AND BY THE US

I recognize that when the United States issues/presents an instrument or claim "for value" the actual objective is to "get value" or "to get consideration" to settle or correct an account, controversy or claim.

UNOFFICIAL COPY

ACCEPTANCE FOR VALUE SYNOPSIS

I recognize that when I accept for 'value' any instrument presented to me, I accept whatever consideration the United States has offered me as evidence of an obligation it has to me as a Beneficiary, and I accept whatever consideration is offered on the instrument transferred to me through the U.S. citizen that I represent.

When I accept for value an instrument presented to me by the United States or subsidiaries, in any capacity, I may use a distribution from the trust(s) account(s) to discharge or offset, as appropriate, the instrument via my prepaid account(s). I recognize acceptance of the instrument for value results in a distribution from one or more of the several trusts described herein.

By accepting such an instrument for value and returning it for value, I can close the account on behalf of the U.S. citizen I represent. In this way, I fulfill the U.S. citizen's legal duty and obligation to discharge the bill and my moral duty to close the account, if appropriate. When I accept an instrument for value and return it for settlement and closure of the account with the Secretary of the Treasury or the IRS, this provides the "payment" to balance the books and close or settle the account or controversy.

ENDORSEMENT LANGUAGE FOR INSTRUMENTS

I recognize that I can provide a qualified endorsement on a ~~statement, offer, presentment, bill, tax bill or an IRS voucher~~ as follows:

The following additional lines may be added:

I recognize that I can provide a qualified endorsement on a **court case** as follows:

UNOFFICIAL COPY

And I recognize that I may process International Bills of Exchange and Money Orders:

I also recognize that I may issue Bills of Exchange in accordance with Internal Revenue Service Manual Section 3 8.45.4.10.1 (01-01-2010), such instruments issued are in a self-constructed manner format until such time as the IRS designates a specific uniform format.

ENDORSEMENT LANGUAGE FOR CHECKS MADE PAYABLE TO THE U.S. CITIZEN THAT I REPRESENT

I recognize when I endorse a check made payable to the U.S. citizen that I represent, the way it is endorsed determines if the negotiation of the check will be a taxable event to the endorser, or not.

I recognize by endorsing a check with a qualified endorsement indicating that the check is exchanged for credit on account or is exchanged for Federal Reserve Notes with no redeemable value, according to Title 12 USC Chapter 3 Subchapter XII §411, I can control whether or not negotiation of the check will be a taxable event to the endorser. Such an endorsement might be:

Deposited as credit on account or exchanged for Federal Reserve Notes with no redeemable value.

Or

Deposited as credit on account or exchanged for Federal Reserve Notes pursuant to 12 USC 411 as amended.

I understand that this important amendment is the one that removed the "redeem-ability" from the statute. I recognize that if I am working for an employer and the U.S. citizen that I represent is being paid as an employee, and if I properly endorse every check made payable to the U.S. citizen that I represent so negotiation of the check is NOT a taxable event as described herein, then all interested parties agree that the U.S. citizen that I represent would and should file a W-4 with "Exempt" status.

INTERNATIONAL BILLS OF EXCHANGE

Declarant/Affiant has no record or evidence that Declarant/Affiant cannot directly issue International Bills of Exchange as long as they are properly drafted within the published guidelines of the UNCITRAL Convention on International Bills of Exchange and International Promissory Notes, (1988), and Declarant/Affiant believes no such evidence exists.

Part II.

NOTICE OF UNDERSTANDING, INTENT AND CLAIM OF RIGHT

I hereby present recipients with Notice of Understanding, Intent and Claim of Right to avoid potential confusion or conflict, to maintain my honor and, ensure clarity between all government agents/agencies and myself.

Peacefully, I desire to avoid conflict and to live lawfully with maximum freedom. I continue to study the history of the united States of America and its legal system. Common understandings and observations lead to certain conclusions. After reading various Acts and Statutes, exploring the usage of language therein, I now know that "lawful" and "legal" are two different words with distinct definitions.

UNOFFICIAL COPY

It also appears that Acts and Statutes in the United States, Inc. are only contracts based in/on commerce. Therefore, I now Notice the various government officials, authorities and agents named herein and seek confirmation, correction or denial by recipients.

Response is required, as described herein, within thirty (30) days of receipt of this Notice in writing, in care of the Notary Public, noted below, by registered mail. Provide proof of your claim under oath or attestation, under your full commercial liability and under penalty of perjury pursuant to 28 U.S.C. Section 1746. A failure to respond will be assumed to be full agreement with my understanding of matters contained within this Notice. Any response shall be on a point-by-point basis and shall contain proof of a mistake or error in my understanding or else my understanding shall stand as true, correct and permanent unless revoked or modified.

Failure to dispute the claims herein as required above will result in default, default creates acceptance and acceptance creates permanent, irrevocable estoppel. Now specifically, in the United States, I understand that both a common law and a statutory law tradition exist. I also understand that a statute is a legislated rule of a society, which has the force of law upon members of that society, that society is defined as a fictional legal entity, such as a corporation, person or citizen of United States, Inc.

I also understand that the United States Government/subsidiaries are NOT a nation entity occupying a certain geographical location but merely a corporation with de facto authority of action and practice. This corporation can only make corporate/contract law, which has the force of law only upon its consenting members.

From my research, the "law of the land" is the peaceful common law, which is not influenced by Acts and Statutes. Under common law, the rights, freedoms and duties of private individuals have long been established, and, unlike statute law, common law has had a progression toward more freedom and personal responsibility rather than less. Among the rights and freedoms understood by common law are such things as the rights to life, liberty, the pursuit of happiness, property and use thereof, privacy, peace, to travel freely, contract and commit commerce and trade in public and private without harassment, intimidation or restriction of/by "license".

The obligations and duties of those living under common law are essentially to ensure that one does not infringe or allow others to infringe upon those inalienable and unalienable rights and freedoms. I have also learned that the rights of a free spiritual being cannot be lawfully limited without consent, as that would imply involuntary servitude.

Rights are not bestowed upon one by another, unless the first gives consent or the first is the lawful property of the second. The very nature of the concept of consent is that it can only exist among equals with full disclosure and without coercion or duress. I do not recall ever being sold or purchased as a slave, nor do I recall giving my free consent to be governed or represented by any governmental agent, agency or authority, although at times I have been deceived and intimidated into submission.

These various rights and freedoms are self-evident and unalienable to just "be". For lawful representation to exist there must be mutual consent, which may be revoked/rescinded for any reason, depending on the nature of a specific contract between the two parties.

I hereby notify recipients and any other interested parties that I revoke and rescind my consent to be governed by corporate entities in their *legal* or *artificial capacity* with which I have no conscionable contract. I declare that I am not a corporation, an insurer, or the legal representative of a decedent nor an infant or an incompetent.

I, Linda Marshall , a sovereign and Free-Born Woman of the Soil,

UNOFFICIAL COPY

Acting peacefully and civilized within community standards, I strive and aspire to exist free from violent aggression or injury, reject wrongful acts and prosecutions endured or imposed, and I seek quiet enjoyment of all my right(s), Interest(s) and property, both tangible and intangible, and declare, for and on the record:

Any activity for which one must apply and receive a license or permit must itself be a fundamentally statutory or State-sanctioned activity contrary to a sovereign's right(s) and Interests, and

As I am a sovereign and not a child; I operate with full responsibility. I do not see need, nor can I be required, to ask permission to engage in lawful and peaceful activities, especially from those entities who claim limited liability, and

A by-law is defined as a rule of a corporation, and

Corporations are legal fictions requiring valid contracts in order to claim authority or control over their employees and other parties alleged, and

Legal fictions lack a soul and cannot exert control over those who are thus blessed and operate with respect to that knowledge, as only a fool would allow soulless fictions to dictate one's actions, and I have a right to my property without having to pay for the use or enjoyment of it, and

A summons is merely an "invitation to attend", and those issued by the United States or any of its agencies/subsidiaries create no obligation or dishonor if and when disregarded, or met by "special appearance", and

Peace officers have a duty to distinguish between statutes and law, and those who attempt to enforce statutes against a sovereign are in fact breaking the very law() they are sworn to uphold, and

Permanent estoppel by default, lawfully bars any peace officer, government agent or prosecutor from bringing charges against a sovereign, under any Act or Statute.

Therefore - Be it now known that I, Linda Marshall , a sovereign, do hereby state clearly, specifically, and unequivocally my intent to peacefully and lawfully exist, free of all statutory obligations and/or restrictions, and do retain/maintain all my rights to contract, trade, exchange, barter, communicate and travel.

Furthermore - I claim that these actions are not outside my community's standards, and that I will, in fact and deed, support the collective desire for truth, peace, safety and rights to maximum freedom.

Additionally, I claim the right to engage in these actions and do further claim that all property held by me, in title or equity, is held under claim of right.

Additionally, I claim that anyone who interferes with my lawful, sovereign activities, after having been served this Notice, and who fails to properly dispute these claims or make lawful counterclaim as described herein, is breaking the law and cannot claim as a defense good faith, or color of right or Law. Any such transgression(s) will be subject to the fee schedule included herein and resolved by a properly convened court de jure or a citizens' grand jury.

UNOFFICIAL COPY

Additionally, I claim that the Courts in the United States are de-facto, and are in fact in the profitable business of conducting, witnessing and facilitating the transactions of security interests. I further claim that they require the consent of both parties prior to "providing" any such service(s).

Furthermore, I claim all transactions in the nature of security interests require the consent of both parties. I hereby deny consent to any transaction of a security interest, issuing under any Act; for a sovereign is not subject to any Act.

Furthermore, I claim my Fee Schedule for any transgressions by peace officers, government principals or agents or justice system participants is (\$200.00/hour) Two Hundred Dollars per hour, or any portion thereof if being questioned, interrogated or in any way detained, harassed or other attempts of regulation, and, (\$2000.00/hour) Two Thousand Dollars per hour, or any portion thereof, if I am arrested, handcuffed, transported, incarcerated or subjected to any adjudication process without my express written and Notarized consent. All fees may be assessed retroactively from the "initial point of contact", at Declarant's discretion.

Furthermore, I claim the right to use a Notary Public to secure payment of assessments uniform with this Fee Schedule against any transgressors who, by their actions or omissions, trespass on my interests, me directly or by proxy in any way.

If any singular part of this notice and/or declaration is determined to be prohibited By Law, or upon introduction or discovery of additional fact or clarification to be in error, deficient or contradictory to the general expressed intent of the main or Lawful intent, the offending clause, word or declaration, in whole or in part, may be modified, amended, deleted or rendered void for accuracy; at the discretion of the Declarant. The amended clause and all remaining parts continue in full effect and capacity as true and correct without controversy or claim.

Furthermore, I claim the right to convene a proper court, judge or citizens' grand jury to address any potentially criminal actions of any peace officers, government principals or agents or justice system participants who, having been served notice of this claim and fail to dispute or make lawful counterclaim, interfere with my sovereign activities or, by act or omission, my lawful exercise of properly Noticed/claimed and established rights and freedoms.

Furthermore, I claim the right to address, at a time and location of my choice, any valid counterclaim(s) or dispute(s) publicly in an open forum by discussion and negotiation, and to capture on audio/video equipment said discussion and negotiation for whatever lawful purpose or use as I see fit.

DUTY TO SPEAK

Declarant/Affiant has no record or evidence that the recipients are not parties claiming relationship and office, therefore having the duty to speak, and therefore lawfully respond, and believes no such evidence exists.

Declarant/Affiant states that parties in receipt of this Notice who wish to dispute or rebut claims of fact and understanding herein, or make counterclaims thereto, must provide rebuttal in written form, point by point, verified by certified documentation and accompanied by copies of lawful evidence. Responses must be signed under oath and or attestation written under the signer's full commercial capacity and signed under penalty of perjury pursuant to 28 U.S.C. Section 1746 stating that the facts contained in your rebuttal are true, correct and not misleading, mere declarations are insufficient. Recipients have the lawful duty and obligation to respond as described herein to the Notary Acceptor, at the address provided below, by registered mail no later than thirty days (30) days from the date of receipt as attested by a notary certificate of service, PS Form 3811, or verification by electronic signature.

UNOFFICIAL COPY

Non-response/partial response to this Notice is a dishonor and disregard of duty thus establishes acceptance and agreement as fact by default, thus creating a valid and binding contract by tacit approval, silence and acquiescence, establishing a full and complete acceptance of all claims herein, and creates a permanent and irrevocable estoppel, forever barring future counterclaim(s) contemplating any claim or declaration herein, under any Statute or Act.

A Notary Public has been used for timely and proper Notice as a courtesy to prevent injury to recipients. Such use and that of Names or Titles, Government or Corporate Codes, Statutes, Acts, citations, case rulings or other private corporate regulations is coincidental and does not and shall not be deemed an election to submit to a foreign jurisdiction, under real, imagined or implied consent, or to waive any rights, ownership, Interest, title, claim or defense(s).

Declarant/Affiant expresses all Notice(s), Claim(s), Averment(s) and Understanding(s) herein to be true, complete and correct to the best of his current knowledge and understanding of the material presented, with full transparency, in Good Faith and without Malice, with the sole purpose and inherent right to correct the record.
