3. **Interest Rate.** Interest shall accrue and be payable on the Principal Balance of this Certificate from and including the Effective Date (hereinafter defined) to and including the ninetieth (90th) day following the Effective Date (the ninetieth (90th) day following the Effective Date being herein the “**Maturity Date**”; the period of time from and after the Effective Date through and including the Maturity Date is sometimes referred to herein as the “**Term**”) at a rate and in the aggregate amount of: the Principal Balance multiplied by the sum of seven hundred fifty (750) basis points plus one-fourth (1/4) the Prime Rate (hereinafter defined) in effect on the Effective Date (the sum of the foregoing being herein the “**Initial Interest**”), notwithstanding the number of days the Principal Balance of this Certificate is outstanding during the Term. Any change in the Prime Rate shall take effect at the opening of business on the day specified in the public announcement of a change in the Bank’s Prime Rate. If the Bank ceases to exist or to establish or publish a prime rate from which the Prime Rate is then determined, the applicable variable rate from which the Prime Rate is determined thereafter shall be instead the prime rate reported in The Wall Street Journal (or the average prime rate if a high and a low prime rate are therein reported), and the Prime Rate shall change without notice with each change in such prime rate as of the date such change is reported.
4. **Computation of Interest.** Interest at the Default Interest Rate shall be computed on the Principal Balance evidenced hereby outstanding from time to time, on the basis of a three hundred sixty (360) day year, but shall be charged for the actual number of days within the period for which interest is being charged. Any sum advanced by the Holder that increases the Principal Balance shall be deemed to have been disbursed as of, and shall bear interest from, the date of payment.
