Mortgage Insurance reimburses Lender (or noy entity that purchases the Note) for certain losses it may incur if Borrower does not repay the Loan as agreed. Borrower is not 2 party to the Mortgage Insurance.

Mortgage insurers evaluate their total risk on all such insurance in force from the to time, and may enter into agreements with other parties that share or modify their risk, or reduce losses. These agreements are on terms and conditions that are satisfactory to the mortgage insurer and the other party (reporties) to these agreements. These agreements may require the mortgage insurer to make payments using any course of funds that the mortgage insurer may have available (which may include funds obtained from high gage insurance premiums).

As a result of these agreements, Lender, any purchaser of the Note, another insurer, any reinsure, any other entity, or any affiliate of any of the foregoing, may receive (directly or indirectly) amounts that derive from (or might be characterized as) a portion of Borrower's payments for Mortgage Insurance, in exchange for sharing or modifying the mortgage insurer's risk, or reducing losses. If such agreement provides that an affiliate of Lender takes a share of the insurer's risk in exchange for a share of the premiums paid to the insurer, the arrangement is often termed "captive reinsurance." Further:

(a) Any such agreements will not affect the amounts that Borrower has agreed to pay for Mortgage Insurance, or any other terms of the Loan. Such agreements will not increase the amount Borrower will owe for Mortgage Insurance, and they will not entitle Borrower to any refund.

(b) Any such agreements will not affect the rights Borrower has - if any - with respect to the Mortgage Insurance under the Homcowners Protection Act of 1998 or any other law.
