## GENERAL CONDITIONS OF THE PERMIT

Engineer after having inspected and approved the sewer installation.

1. **Definitions.** The definitions of Appendix A of the Watershed Management Ordinance are incorporated into this Watershed Management Permit by reference. Additionally, the following words and phrases shall be defined as follows:
  - a) **Building and Occupancy Permit.** Building and Occupancy Permit issued by the Municipality.
  - b) **Design Engineer.** A Professional Engineer who prepares plans and specifications for the project, and signs the Watershed Management Permit Application.
  - c) **Inspection Engineer.** A Professional Engineer who inspects the development to ensure compliance with the design plans, specifications, a Watershed Management Permit, and the Watershed Management Ordinance.
  - d) **Permit.** Watershed Management Permit.
  - e) **General Conditions.** General Conditions contained in a Watershed Management Permit.
  - f) **Special Conditions.** Special conditions of this Watershed Management Permit.
2. **Adequacy of Design.** The schedules, plans, specifications and all other data and documents submitted for this Permit are made a part hereof. The Permit shall not relieve the Design Engineer of the sole responsibility for the adequacy of the design. The issuance of this Permit shall not be construed as approval of the concept or construction details of the proposed facilities and shall not absolve the Permittee, Co-Permittee or Design Engineer of their respective responsibilities.
3. **Joint Construction and Operation Permits.** Unless otherwise stated by the Special Conditions, the issuance of this Permit shall be a joint construction and operation permit, provided that the Permittee or Co-Permittee has complied with all General and Special Conditions.
4. **Allowable Discharges.** Discharges into the Sanitary Sewer system constructed under this Permit shall consist of sanitary Sewage only. Unless otherwise stated by the Special Conditions, there shall be no discharge of industrial wastes under this Permit. Stormwater shall not be permitted to enter the Sanitary Sewer system. Without limiting the general prohibition of the previous sentence, roof and footing drains shall not be connected to the Sanitary Sewer system.
5. **Construction Inspection.** All erosion and sediment control facilities, Stormwater Facilities, Detention Facilities, and Qualified Sewer Construction shall be inspected and approved by an Inspection Engineer acting on behalf of the Permittee or the Owner of the project, or by a duly authorized and competent representative of the Inspection Engineer. No sewer trenches shall be backfilled except as authorized by the Inspection
6. **Maintenance.** Stormwater Facilities, Detention Facilities, Qualified Sewer Construction, Sanitary Sewer lines, systems or facilities constructed hereunder or serving the facilities constructed hereunder shall be properly maintained and operated at all times in accordance with all applicable requirements. It is understood that the responsibility for maintenance shall run as a joint and several obligation against the Permittee, the Co-Permittee, the property served, the Owner and the operator of the facilities, and said responsibility shall not be discharged nor in any way affected by change of ownership of said property, unless the District has authorized assignment of the permit.
7. **Indemnification.** The Permittee shall be solely responsible for and shall defend, indemnify and hold harmless the Metropolitan Water Reclamation District of Greater Chicago ("District", "MWRD", or "MWRDGC") and its Commissioners, officers, employees, servants, and agents from liabilities of every kind, including losses, damages and reasonable costs, payments and expenses (such as, but not limited to, court costs and reasonable attorneys' fees and disbursements), claims, demands, actions, suits, proceedings, judgments or settlements, any or all of which are asserted by any individual, private entity, or public entity against the District and its Commissioners, officers, employees, servants, or agents and arise out of or are in any way related to the issuance of this Permit. Without limiting the generality of the preceding sentence, the provisions of this paragraph shall extend to indemnify and hold harmless the District and its Commissioners, officers, employees, servants, and agents from any claims or damages arising out of or in connection with the termination or revocation of this Permit.
 

The Permittee shall be solely responsible for and shall defend, indemnify and hold harmless an Authorized Municipality and its elected officials, officers, employees, servants, and agents from liabilities of every kind, including losses, damages and reasonable costs, payments and expenses (such as, but not limited to, court costs and reasonable attorneys' fees and disbursements), claims, demands, actions, suits, proceedings, judgments or settlements, any or all of which are asserted by any individual, private entity, or public entity against the Authorized Municipality and its elected officials, officers, employees, servants, or agents and arise out of or are in any way related to the issuance of this Permit. Without limiting the generality of the preceding sentence, the provisions of this paragraph shall extend to indemnify and hold harmless the Authorized Municipality and its elected officials, officers, employees, servants, and agents from any claims or damages arising out of or in connection with the termination or revocation of this Permit.

8. **Sewer Construction by District.** Permittee understands and acknowledges that the District has the right and power to construct and extend sewer service facilities and render such services within the area to be served by the project for which this Permit is issued, and that by the District constructing and extending such sewer service facilities and rendering such services, the facilities constructed by the Permittee under this Permit may decrease in value, become useless or of no value whatsoever, the Permittee may also sustain a loss of business, income and profits.

Therefore, by accepting this Permit and acting thereon, the Permittee, for itself, its successors and assigns, does remise, release and forever discharge the District and its Commissioners, officers, employees, servants, and agents of any and all claims whatsoever which Permittee may now have or hereafter acquire and which Permittee's successors and assigns hereafter can, shall, or may have against the District and its Commissioners, officers, employees, servants, and agent for all losses and damages, either direct or indirect, claimed to have been incurred by reason of the construction or extension at any time hereafter by the District of sewer service facilities in the service area contemplated by this Permit, the rendering of such services, which District facilities and services decrease the value of the facilities constructed by the Permittee under this Permit, make same useless or of no value whatsoever, including but not limited to, any and all damages arising under 70 ILCS 2605/19; the taking of private property for public use without due compensation; the interference with the contracts of Permittee; the interference with Permittee's use and enjoyment of its land; and the decrease in value of Permittee's land.

9. **Third Parties.** Regarding Qualified Sewer Construction, this Permit does not grant the right or authority to the Permittee: (a) to construct or encroach upon any lands of the District or of any other parties, (b) to construct outside of the territorial boundaries of the District except as allowed under an extraterritorial service agreement, (c) to construct or encroach upon the territorial boundaries of any units of local government within the District, (d) to connect to or discharge into or be served by (directly or indirectly) any sewer or sewer system owned or operated by third parties.
10. **Costs.** It is expressly stipulated and clearly understood that the Stormwater Facilities, Detention Facilities, Qualified Sewer Construction, or facilities for which the Permit is issued shall be constructed, operated and maintained at no cost to the District.
11. **Other Sewer Construction.** The District reserves the right, privilege and authority to permit others to reconstruct, change, alter and replace all sewers and appurtenances thereto at the point of connection of any sewerage system to a District interceptor and/or in public

right-of-ways of District easements, and to introduce additional Sewage flow through this connection into the intercepting sewer of said District.

12. **Change of Use.** This Permit shall be incorporated in the Building and Occupancy Permit for the Building or Buildings served under this Permit. The Owner or occupant of any Building served under this Permit shall not cause, or permit, a change of use of the Building to a use other than that indicated in this Permit without first having obtained a written permission from the Executive Director of the District.
13. **Interceptors Overloading.** The District hereby serves notice that its interceptors may flow full and may surcharge, and flooding of the proposed system may occur. The Permittee agrees that the proposed systems shall be constructed, operated and maintained at the sole risk of the Permittee.
14. **Transferability.** This Permit may not be assigned or transferred without the written consent of the Executive Director of the District or Enforcement Officer of an Authorized Municipality. However, a Sole Permittee may be required to assign or transfer the Permit when divesting itself of ownership to a third-party and should notify the District prior to such divestment so that the District may determine whether assignment to the new owner is necessary.
15. **Termination.** The District has the right to enforce or revoke a Permit issued by either the District or an Authorized Municipality as outlined in Article 12 of the Watershed Management Ordinance.
- It is understood and agreed that in the event the Permittee shall default on or fail to perform and carryout any of the covenants, conditions or provisions of this Permit and such default or violation shall continue for sixty (60) days after receipt of notice thereof in writing given by the Executive Director of the District, then it shall be lawful for the District, or after the expiration of said sixty (60) days to declare said Permit terminated. The Permittee agrees that immediately upon receipt of written notice of such termination it will stop all operations, discontinue any discharges and disconnect the sewerage system or facilities constructed under this Permit. If the Permittee fails to do so, the District shall have the right to disconnect said system. The Permittee hereby agrees to pay for any costs incurred by the District for said disconnection.
16. **Rights and Remedies.** The various rights and remedies of the District contained in this Permit shall be construed as cumulative, and no one of them shall be construed as exclusive of any one or more of the others or exclusive of any other rights or remedies allowed by applicable rules, regulations, ordinances and laws. An election by the District to enforce any one or more of its rights or

remedies shall not be construed as a waiver of the rights of the District to pursue any other rights or remedies provided under the terms and provisions of this Permit or under any applicable rules, regulations, ordinances or laws.

17. **Expiration.** This Permit shall expire if construction has not started within one (1) year from the date of issue. Construction under an expired Permit is deemed construction without a Permit. All construction under this Permit shall be completed within two (2) years after start of construction. If conditions so warrant, an extension may be granted. For publicly financed projects (e.g. special assessments) the one (1) year period indicated will be considered from the date of final court action.
18. **Revocation.** In issuing this Permit, the District or Authorized Municipality has relied upon the statements and representations made by the Permittee or his agent. Any incorrect statements or representations shall be cause for revocation of this Permit, and all the rights of the Permittee hereunder shall immediately become null and void.
19. **Advance Notice.** The Permittee shall give the District or Authorized Municipality advance notice of at least two working days prior to the following: mobilization and installation of Erosion and Sediment Control Practices; commencement of construction; excavation for Qualified Sewer Construction; Major Stormwater Systems and Detention Facilities under this Permit; and completion of construction. When advance notice is given, the Permittee shall provide the Permit number, municipality and location.
20. **Compliance with Plans and Specifications.** All construction shall be in accordance with the plans and specifications submitted for this Permit and made a part hereof. No changes in, or deviation from the plans and specifications which affect capacity, maintenance, design requirements, service area or Permit requirements shall be permitted unless revised plans have been submitted to, and approved by the District or Authorized Municipality. The Permit together with a set of the plans and specifications (revised plans and specifications, if any) shall be kept on the jobsite at all times during construction and until final inspection and approval by the District or Authorized Municipality.
21. **Testing and Approval.** All construction under this Permit shall be subject to inspection, testing and approval by the District. All testing shall be made, or caused to be made, by the Permittee at no cost to the District and in the presence of the District representative. Upon satisfactory completion of construction, the Permittee and the owner shall submit, or cause to be submitted, a completion certificate and request for approval on the form prescribed by the District. No sewer or other facilities shall be put in service until all the conditions of the Permit have been satisfactorily met.
22. **Record Drawings.** Before final inspection and approval by the District or an Authorized Municipality, the Permittee shall furnish, or cause to be furnished to the District or an Authorized Municipality, a set of Record drawings and Schedule R for the site stormwater plan, Detention Facilities, Stormwater Facilities, and Qualified Sewer Construction, or a statement that the project was constructed in accordance with the original plans and specifications.
23. **Compliance with Rules and Regulations.** The Permittee hereby expressly assumes all responsibilities for meeting the requirements of all applicable rules, regulations, ordinances and laws of Local, State and Federal authorities. Issuance of this Permit shall not constitute a waiver of any applicable requirements.
24. **Severability.** The provisions of this Permit are severable, and if any provision of this Permit, or the application of any provision of this Permit, is held invalid, the remaining provisions of this Permit shall continue in full force and effect.
25. **Property Rights.** This Permit does not convey any property rights of any sort, or any exclusive privilege.
26. **Conflict with Other Conditions.** In the case of conflict between these General Conditions and any other condition(s) in this permit, the more stringent condition(s) shall govern.

**WMO SCHEDULE K****AFFIDAVIT OF DISCLOSURE OF PROPERTY INTEREST**

STATE OF ILLINOIS )  
 ) SS  
 COUNTY OF COOK )

Name of Project: Riverside Swim Club

A. Joel P. Markovl after first being duly sworn under oath, states that  
 (Name of Affiant - Type or Print)  
 the above-named is (the owner and record title holder), (a principal beneficiary of Land Trust No. 457  
 held by FIRST AMERICAN BANK as Trustee), (an officer \_\_\_\_\_  
 (Name of Trust Holder) (Official Capacity)  
 of \_\_\_\_\_ Corporation), (a General Partner of \_\_\_\_\_  
 (Name of Corporation) (Name of Partnership)  
 Partnership), (a Managing Member of \_\_\_\_\_ Limited Liability Company), which is the record title  
 (Name of Limited Liability Company)  
 holder of the property which is the subject of a certain watershed management permit application (covering the project indicated and  
 designated by the number shown above) filed with the Metropolitan Water Reclamation District of Greater Chicago (District), which  
 property is shown on the attached plat of survey which together with the legal description of the property are attached hereto as Exhibit  
 "A" and specifically incorporated by reference herein.

B. Affiant further states that said property described, in Exhibit "A" (Plat of Survey with legal description) has a total area, including  
 project area, of 1.96 acres and constitutes the total contiguous ownership of the owner, and that the portion of the property  
 currently proposed for development (as defined by the Watershed Management Ordinance (WMO)) consists of 1.17 acres,  
 and the property is intended for use as described hereinafter: A swimming pool facility

\*C. Affiant further states that, because of its size and intended use, the property described in Exhibit "A" comes under the requirements  
 of the District with respect to the establishment of site storm water management, which requirements are summarized on the  
 attached table which is attached hereto as Attachment "WMO Schedule-K Attachment" and specifically incorporated by reference  
 herein, and that storm water management facilities will be provided as part of the project in accordance with the design and calculations  
 furnished to satisfy said requirements with respect to the property described in Exhibit "A", and further states that:

1. The owner of the property or any beneficiary of a land trust, if any, which is the record title holder of the property has no  
 present interest, nor had any interest at any time during the previous two years, in any lands contiguous to said property if  
 such interest is or was held, stormwater management requirements must be met for the total).
2. No owner of any lands contiguous to the property and no beneficiary of a land trust, if any, which is the record title holder of  
 any land contiguous to the property has any interest in the property (if such interest is held, storm water management requirements  
 must be met for the total).
3. Affiant understands and agrees that any permit issued by District in reliance upon this affidavit shall be deemed to contain  
 a special condition that if, within two years after the issuance of the permit, the owner or any beneficiary of a land trust, if  
 any, which is the record title holder of the property, acquires any interest in lands contiguous to the property, the owner shall  
 provide for storm water management facilities for such lands in which an interest is acquired, regardless of the size of such lands.

WMO SCHEDULE K (Continued)

Watershed Management Permit No.

20-205

\*D. Affiant further states that, because of its size and intended use, the property described in Exhibit "A" is exempt from the requirements of the District with respect to the establishment of site storm water management, which requirements are summarized on the attached table which is attached hereto as Attachment "WMO Schedule K Attachment" and specifically incorporated by reference herein, and further states that:

1. The owner of the property or any beneficiary of a land trust, if any, which is the record title holder of the property has no present interest, nor had any interest at any time during the previous two years, in any lands contiguous to said property, such that the aggregate total area of the property and the contiguous lands equals or exceeds the acreages summarized on the said attachment for site storm water management requirements. ( if such interest is held, storm water management requirements must be met for the total.)
2. No owner of any lands contiguous to the property and no beneficiary of a land trust, if any, which is the record title holder of any land contiguous to the property has any interest in the property, such that the aggregate total area of the property and the contiguous lands equals or exceeds the acreages summarized on the said attachment for site storm water management requirements. ( if such interest is held, storm water management requirements must be met for the total.)
3. Affiant understands and agrees that any permit issued by District in reliance upon this affidavit shall be deemed to contain a special condition that if, within two years after the issuance of the permit, the owner or any beneficiary of a land trust, if any, which is the record title holder of the property acquires any interest in lands contiguous to the property such that the aggregate area of the property and the contiguous lands equals or exceeds the acreages summarized on the said attachment for site storm water management requirements, the owner shall provide for storm water management facilities for the entire aggregate area to fulfill the said requirements.

This affidavit is given to induce the District to issue its Watershed Management Permit with respect to the abovescribed property and to exempt said property from any present requirements to provide and maintain storm water management facilities thereon.

E. Affiant further states, that for the purpose of this affidavit, the following terms have the meanings indicated:

- Owner:** means record title holder or a beneficiary of a land trust which is the record title holder, and includes singular and plural; if the owner is other than an individual, the term includes beneficiaries, agents, shareholders, officers and directors.
- Ownership:** means holding of record title or any beneficial interest.
- Interest:** means property interest or contractual interest, legal or equitable, directly or indirectly, in part or in full, and includes option to buy. In the case of shareholder interest, the shareholder shall be deemed to have interest if he owns or controls 5% or more of the shares.
- Contiguous:** means adjacent to and touching at one point or more; if the lands are separated by an easement or a dedicated right-of-way, it shall be considered contiguous.

F. Affiant understands and agrees that in the event that any of the aforementioned information is incorrect, erroneous, false or misleading, the District may immediately terminate any permit issued based on the above information.

Dated this 26 day of June 20 20

## SPECIAL CONDITIONS FOR PERMIT NO. 20-205

1. This permit was issued electronically by the District during the COVID-19 pandemic.
2. This permit is issued in reliance upon the Affidavit of Disclosure of Property Interest (Schedule K) submitted by the owner, and said Affidavit is made a part of this permit.
3. Construction must conform to the soil erosion and sediment control requirements of this permit and other local, state, and/or federal agencies.
4. This permit is issued in reliance upon the Notice of Watershed Management Permit Requirements and Obligations of Perpetual Maintenance & Operation (Schedule R) submitted by the owner, and said Notice is made a part of this permit.

The Notice of Watershed Management Permit Requirements and Obligations of Perpetual Maintenance & Operation (Schedule R) submitted in conjunction with this permit shall be recorded at the expense of the Permittee/Co-Permittee. A copy of the recorded document(s) shall be submitted to MWRD prior to the final inspection and approval.

5. This permit is issued subject to the runoff requirements of the WMO and in reliance of the drainage certification submitted by the design engineer. Development under this permit shall not increase flood elevations or decrease flood conveyance capacity of the area upstream or downstream of the developed property covered under this permit.
6. This permit is issued subject to the volume control requirements of the WMO. The volume control facility shown on the plans and the associated maintenance plan are made a part of this permit. Volume control is provided beneath the outlet of a locally required underground detention vault.
7. The proposed storm sewer system shall discharge to a waterway or a storm sewer system directly tributary to a waterway, as shown on the plans, and shall not discharge directly or indirectly into MWRD facilities without written permission by the Director of Engineering of the MWRD.

**UNOFFICIAL COPY**  
**SPECIAL CONDITIONS FOR PERMIT NO. 20-205**

8. The proposed perforated pipes shown on the plans are provided as part of the volume control facility. Except for perforated pipes serving the volume control facility and for foundation/footing drains provided to protect buildings, drain tiles/field tiles/underdrains/perforated pipes discharging into sanitary sewers, combined sewers, or storm sewers tributary to MWRD facilities is prohibited. Construction of new facilities of this type is prohibited. Any encountered/discovered drain tiles/field tiles/underdrains/perforated pipes within the project area, other than those serving the volume control facility, shall be plugged or removed, and shall not discharge directly or indirectly to MWRD facilities.
9. The stormwater detention facility shown on the plans is provided in accordance with local requirements.
10. The swimming pool main drain shall discharge into the storm sewer system. The swimming pool shall not be drained earlier than 24 hours following a rainfall.
11. The swimming pool backwash flow shall discharge into the sanitary sewer system. Discharge of filter media into the sewer system is prohibited.
