THIS DEED dated March 24, 1976, is the Deed from LA SALLE NATIONAL BANK, a national banking association, not individually, but as Trustee under the provisions of a Trust Agreement dated June 10, 1970, and known as Trust No. 40940 (herein called "Grantor"), to Kelvyn H. Lawrence, a bachelor, of 175 East Delaware Place, Chicago, Illinois 60611 (herein called "Lawrence").

WITNESSETH:

Grantor is the owner of the following described real estate in Chicago, Illinois (herein called the "Total Property") and bounded by North Michigan Avenue, East Pearson Street, North Seneca Street and East Chestnut Street, to wit:

Lots 1 through 29, both inclusive and including Lots 7A, 7B, 7C, 7D, 7E, 7F, 11A and 11B, in Marban Resubdivision, being a Subdivision of a part of Block 20 in Canal Trustees' Subdivision of the South Fractional 1/4 of Section 3, Township 39 North, Range 14 East of the Third Principal Meridian, according to the plat of said Marban Resubdivision (herein called the "Marban Resubdivision") recorded December 30, 1975, as Document No. 23239677.

The Total Property is improved with a 74 story building (herein called the "Building") and other improvements, portions of which will be used for residential, hotel, commercial, office and other purposes.

Grantor desires to convey to Lawrence those portions of the Total Property together with the portions of the Building occupying the Condominium Property (hereinafter defined).

Immediately following the recording of this Deed, Lawrence will convey the Condominium Property to LaSalle National Bank (herein called the "Trustee"), a national banking association, not individually, but as Trustee under the provisions of a Trust Agreement dated September 3, 1975, and known as Trust No. 49422. Trustee will then record a Declaration of Condominium Ownership, Easements, Restrictions, Covenants and By-laws which will submit the Condominium Property to the provisions of the Condominium Property Act of the State of Illinois (herein called the "Condominium Act"). The Declaration will identify the residential units of the Condominium Property. The owners from time to time of the residential units of the Condominium Property will be represented by a Board of Managers (herein called the "Board of Managers") which will consist of the Board of Directors of 180 East Pearson Street Homeowner's Association (herein called the "Association"), an Illinois not-for-profit corporation. Association (on behalf of the Unit Owners) and Grantor will enter into an agreement (herein called the "Operating Agreement") for the division of the financial and operating responsibilities of certain Facilities (hereinafter defined) in the Building and to provide certain other services relating to the Building.

The current physical characteristics of the Building and all Facilities relating to its operation are shown on the drawings prepared by Loebl, Schlossman, Bennett & Dart and C. F. Murphy Associates (herein called the "Architect") and by various subcontractors and identified on Exhibit A attached hereto and made a part hereof. Upon the completion of the construction of the Building, the Architect shall prepare and record a Revised Exhibit A identifying the final as-built drawings which shall show the physical characteristics of the Building and all Facilities relating to its operation at the time of the completion of construction. The word "Plans" shall mean and include the drawings identified in Exhibit A, or, after Revised Exhibit A is recorded, in Revised Exhibit A. The Plans identified in Revised Exhibit A may differ from the Plans identified in Exhibit A, but no such difference shall relieve the owners from time to time of any portion of the Total Property from any obligation imposed upon them by this Deed or by the Operating Agreement.

This limitation and restriction shall not apply to that portion of Lot 1 which is westerly of the west line of Lot 4 extended northerly to the south line of East Chestnut Street and northerly of the north line of Lot 4 extended westerly to the east line of Michigan Avenue.

So long as the Condominium Property remains subject to the Condominium Act, this limitation and restriction may be modified, waived or abrogated by the Unit Owners owning seventy-five percent (75%) of the Condominium Property common elements. Such action may be evidenced by an instrument signed by the requisite number of Unit Owners or the certificate of the secretary or president of the Association to the effect that such action has been approved by the requisite number of Unit Owners. Whenever the Condominium Property is not subject to the Condominium Act, this limitation and restriction may be modified, waived or abrogated by the owner or owners of seventy-five percent (75%) of the Condominium Property.

B. The Owner of the Condominium Property shall not operate or occupy, or permit anyone to operate or occupy, any part of the Condominium Property in such manner as will cause any objectionable interference with transmission or reception of television or radio signals by any parties operating television or radio transmission facilities above the Condominium Property or conveying television or radio signals through the Condominium Property via the Building's Master Antenna System described in Appendix E-1 attached to the Operating Agreement.

8. STRUCTURAL SUPPORT

A. If for any reason the structural support for any portion of the Building is reduced below the support required for the structural safety of the balance of the Building, the Owner of the portion of the Building in which such reduction occurs shall promptly provide substitute adequate structural support at its expense. The Architect shall determine, at the request of either Owner the extent of the reduction and the adequacy of the substitute support which shall be constructed in accordance with plans and specifications prepared by the Architect. The fees of the Architect shall be borne by the Owner of the portion of the Building in which such reduction occurs.

23 432 348

B. In the event that the Architect determines that substitute structural support is required in a portion of the Building in which the structural support has been reduced and the Owner of such portion (herein called the "Defaulting Owner") fails to commence the construction of such substitute support within a reasonable time, as determined by the Architect, or having commenced such construction fails to proceed diligently to its completion, the Owner of the remaining portion of the Building (herein called the "Creditor Owner") shall have the right to complete the construction of the substitute support at the expense of the Defaulting Owner, and all costs and expenses incurred by Creditor Owner shall be due from Defaulting Owner on demand and shall be secured by a lien against the portion of the Total Property owned by Defaulting Owner as provided in Section 12 hereof.

(1) shall comply with all laws, rules, orders, ordinances, regulations and requirements now or hereafter enacted or promulgated by the United States of America, State of Illinois, City of Chicago, and any other municipality or agency now or hereafter having jurisdiction of the respective properties, if non-compliance would result in the imposition of a lien against the property of the other Owner and

(2) shall comply with all rules, regulations and requirements of any insurance rating bureau having jurisdiction over the Building or any portion thereof, if such non-compliance would increase the rate of premiums of any policy of insurance maintained by the other Owner.

B. The Owner of Grantor's Fee or the Owner of the Condominium Property shall remove, within 30 days after the filing thereof, any mechanics, materialmen's or any other like lien on its Property arising by reason of any work or materials ordered or any act taken, suffered or omitted by such Owner which might adversely affect the other property. In the event such Owner (herein called the "Defaulting Owner") fails to remove any such lien within the time specified, the other Owner (herein called the "Creditor Owner") may take such action as Creditor Owner may deem necessary to remove such lien. Creditor Owner shall be entitled to reimbursement from Defaulting Owner for all expenses incurred by Creditor Owner in attempting to remove such lien and shall have a lien against the portion of the Total Property owned by Defaulting Owner to secure repayment as provided in Section 12 hereof. Such insurance shall be in amounts as may be required by law and as might be carried from time to time by prudent owners of first class retail sales, hotel, office or residential buildings in the City of Chicago, but in all events to afford protection for limits of not less than: (a) \$5,000,000 for injury or death to a single person; (b) \$5,000,000 for injury or death in any one occurrence and (c) \$5,000,000 for property damage and

(3) may combine the risks to be insured under this Section into one policy with a division of premium as may be acceptable to the Owner of Grantor's Fee and the Owner of the Condominium Property.

B. Each policy described in Paragraph A of this Section: (1) shall provide that the acts of any insured party shall not invalidate the policy as against any other insured party or otherwise adversely affect the rights of any other insured party under the policy; (2) shall name as insured parties the Owner of Grantor's Fee and the Owner of the Condominium Property as their interest may appear and (3) shall be endorsed with a clause which reads substantially as follows: "This insurance shall not be invalidated should the insured waive in writing prior to a loss any or all rights of recovery against any party for loss occurring to the Property described herein."

C. Any separate coverage provided independently by the Owner of Grantor's Fee may be included in a blanket policy covering other property owned or controlled by such Owner, provided that the policy unconditionally provides the insurance coverage required by this Section.

Each such policy shall provide that: (a) it shall not be cancellable except after 30 days prior written notice to such other Owner and (b) to the extent obtainable, the right of subrogation against such other Owner shall be waived by the insurer.

E. Should an Owner (herein called the "Defaulting Owner") fail to provide and maintain the policies of insurance as above provided, then the other Owner (herein called the "Creditor Owner") may purchase such policy and the cost thereof shall be due from the Defaulting Owner on demand and shall be secured by a lien against any insurance proceeds payable under such policies and a lien against the portion of the Total Property owned by the Defaulting Owner to secure repayment as provided in Section 12 hereof.

23 432 348

11. DAMAGE TO THE BUILDING

A. The Owner of Grantor's Fee and the Owner of the Condominium Property shall keep their respective properties in good condition and repair.

B. If any portion of the Building is damaged, then such damage shall be repaired and restored by the Owner of the portion in which the damage occurs. If any disrepair or damage adversely affects the structural support of any other portion of the Building or substantially and adversely affects the use and enjoyment of any other portion of the Building, and if at any time the Owner of the disrepaired or damaged portion (herein called the "Defaulting Owner") is not proceeding diligently with the work of repair and restoration, then the other Owner (herein called the "Creditor Owner") may give written notice to the Defaulting Owner specifying the respect in which such repair or restoration is not proceeding diligently. If, upon the expiration of ten (10) days after the giving of such notice, the work of repair or restoration is not proceeding diligently, then the Creditor Owner may perform the repair and restoration and may take all appropriate steps to complete the same. The Creditor Owner shall be entitled to reimbursement from the Defaulting

Owner for all amounts so spent and shall have a lien against any insurance proceeds payable under any policy of insurance protecting against such damage and a lien against the portion of the Total Property owned by the Defaulting Owner to secure repayment as provided in Section 12 hereof.

12. LIENS, DEBTS AND INTEREST

A. If, at any time, the Owner of Grantor's Fee or the Owner of the Condominium Property (herein called the "Defaulting Owner") shall fail upon demand to pay to the other Owner (herein called the "Creditor Owner") any sum of money due Creditor Owner pursuant to the provisions of this Deed, then, in addition to any rights of subrogation Creditor Owner may have by operation of law, Creditor Owner shall have a lien against the portion of the Total Property owned by Defaulting Owner and a lien against any insurance proceeds payable to Defaulting Owner to secure the repayment of such sum of money and all interest accruing pursuant to the provisions of this Section.

B. The liens provided for in this Section shall take precedence over any mortgage or other encumbrance which may be a lien on the portion of the Total Property owned by Defaulting Owner other than a mortgage or trust deed which is a first and paramount lien against such portion of the Total Property at the time of recording the notice of them as hereinafter provided. Such liens shall continue in full force and effect until such sum of money and interest is paid in full. Such liens shall arise immediately upon the recording of a notice by Creditor Owner and the asserting of the liens against the property of Defaulting Owner and may be enforced by a proceeding in equity to foreclose the liens or by any other remedy available at law or in equity.

C. So long as the Condominium Property remains subject to the provisions of the Condominium Act: (1) no Unit Owner shall be liable for any part of any claim against the Owner of the Condominium Property in excess of an amount equal to such Unit Owner's Percentage of Common Elements (as set forth in the Declaration) multiplied by the amount of the claim and (2) enforcement of any such liability shall be subject to the terms and provisions of Paragraph B of Section 18 of this Deed. Upon payment of such amount, any lien arising against such Unit Owner's interest in the Condominium Property on account of such claim shall be discharged.
