 This is a variable interest rate loan and the interest rate will increase or decrease with changes in the Bank Prime Loan rate. The interest rate will be 7.00 percentage points above the "Bank Prime Loan Rate" published in the Federal Reserve Board's Statistical Release H.15. The initial Bank Prime Loan rate is 9.50 %, which is the published rate as of the last business day of July 31, 1985; therefore, the initial interest rate is 16.50 % per year. The interest rate will increase or decrease in the month during which the sixth loan payment is due, and every sixth month thereafter, if the Bank Prime Loan rate as of the end of the second month prior to the month during which the sixth payment will be made, or any like month preceding a six-month anniversary of the first payment, has increased or decreased by at least $\frac{1}{4}$ of a percentage point from the rate for the previous six-month period. No interest rate increase or decrease will be greater than 2%. Interest rate changes will be effective upon 30 days written notice. In no event, however, will the interest rate be less than 14.00 % per year. If the index is no longer available, Associates will choose a new index which is based upon comparable information. Associates will give notice of this choice. Associates reserves the right to waive part or all of any adjustment resulting from an interest rate increase.

Adjustments in the Agreed Rate of Interest shall be given effect by changing the dollar amounts of the remaining monthly payments so that the total amount due under the loan agreement will be paid by the original Last Payment Date.
