### ADJUSTABLE RATE RIDER

for use only with an Adjustable Rate Mortgage, Deed of Trust or Security Deed insured under section 203(b), 203(k) (first lien only) or 234(c) of the National Housing Act, using the Margin method.

THIS ADJUSTABLE RATE RIDER is made this 17th

January

86, and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or Security Deed ("Mortgage"), of even date herewith, given by CATHERINE M. MCCLOSKEY, DIVORCED AND NOT SINCE REMARRIED

day of

("Mortgagor") to secure Mortgagor's Adjustable Rate Note ("Note"), of even date herewith, to MARGARETTEN & COMPANY INC

a corporation organized and existing under the laws of the State of New Jersey ("Mortgagee"), covering the premises described in the Mortgage and located at

> 9378 NOEL HB , DES PLAINES, IL

Notwithstanding anything to the contrary set forth in the Mortgage, Mortgager and Mortgagee hereby agree to the following:

1. Under the Note, the initial stated interest rate of

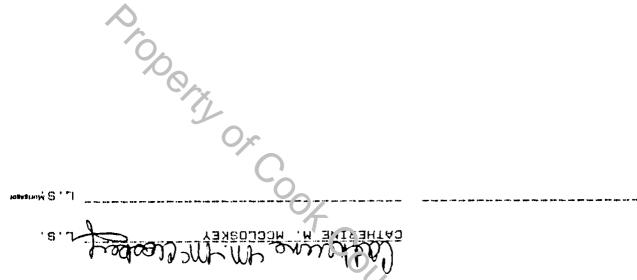

Nine & Ont-Half Per Centum
per centum (9 1/2 %) per annum ("Initial Interest Rate") on the unpaid
principal balance is subject to change, as hereinafter described. When the interest rate changes, the equal monthly installments of principri and interest also will be adjusted, as hereinafter provided, so that each installment will be in an amount necessary to fully amortize the unpaid principal balance of the Note, at the new adjusted interest rate, over the remaining term of the Note.

The first adjustment to the interest rate (if any adjustment is required) will be effective on the first day of

1987 (which date will not be less than twelve months nor more than eighteen months from the due date of the first installment payment under the Note), and thereafter each adjustment to the interest rate will be made effective on that day of each succeeding year during the term of the Mortgage ("Change

- Each adjustment to the interest rate will be milde based upon the following method of employing the weekly average yield on United States Treasury Securities adjusted to a constant maturity of one year ("Index"; the Index is published in the Federal Reserve Bulletin and made available by the United States Treasury Department in Statistical Release 11.15(519). As of each Change Date, it will be determined whether or not an interest rate adjustment must be made, and the amount of the new adjusted interest rate, if any, as follows:
  - The amount of the Index will be determined, using the most recently available figure, thirty (30) days before the Change Date ("Current Index").
  - Two Per Centum %; the "Margin") will be added to the percentage points ( 2 Current Index and the sum of this addition will be rounded to the nearest one-eighth of one percentage point (0.125%). The rounded sum, of the Margin plus the Current Index, will be called the "Calculated Interest Rate" for
  - The Calculated Interest Rate will be compared to the interest rate being earned immediately prior to the current Change Date (such interest rate being called the "Existing Interest (ate '). Then, the new adjusted interest rate, if any, will be determined as follows:
    - If the Calculated Interest Rate is the same as the Existing Interest hate, the interest rate will not change. (i)
    - If the difference between the Calculated Interest Rate and the Existing Interest Rate is less than or equal to (ii) one percentage point, the new adjusted interest rate will be equal to the Colculated Interest Rate (subject to the maximum allowable change over the term of the Mortgage of five percentage points, in either direction, from the Initial Interest Rate, herein called the "5% Cap").
    - If the Calculated Interest Rate exceeds the Existing Interest Rate by more than one percentage point, the new adjusted interest rate will be equal to one percentage point higher than the Existing interest Rate (subject to the 5% Cap).
    - If the Calculated Interest Rate is less than the Existing Interest Rate by more than one percentage point, the (iv) new adjusted interest rate will be equal to one percentage point less than the Existing Interest Rate (subject to the 5% Cap).
  - Notwithstanding anything contained in this Adjustable Rate Rider, in no event will any new adjusted interest rate be more than five percentage (5%) points higher or lower than the Initial Interest Rate. If any increase or decrease in the Existing Interest Rate would cause the new adjusted interest rate to exceed the 5% Cap, the new adjusted interest rate will be limited to five percentage (5%) points higher or lower, whichever is applicable, than the Initial Interest Rate.
  - Mortgagee will perform the functions required under Subparagraphs 3(a), (b) and (c) to determine the amount of the new adjusted rate, if any. Any such new adjusted interest rate will become effective on the Change Date and thereafter will be deemed to be the Existing Interest Rate. The new Existing Interest Rate will remain in effect until the next Change Date on which the interest rate is adjusted.
  - The method set forth in this paragraph 3 of this Adjustable Rate Rider, for determining whether or not an adjustment must be made to the Existing Interest Rate incorporates the effects of the provisions of 24 CFR 203.49(e)(1) and 234,79(e)(1) which requires that changes in the Index in excess of one percentage point must be carried over for inclusion in adjustments to the Existing Interest Rate in subsequent years.
  - If the Index is no longer available, Mortgagee will be required to use any index prescribed by the Department of Housing and Urban Development. Mortgagee will notify Mortgagor in writing of any such substitute index (giving all necessary information for Mortgagor to obtain such index) and after the date of such notice the substitute index will be deemed to be the Index hereunder.
- If the Existing Interest Rate changes on any Change Date, Mortgagee will recalculate the monthly installment payments of principal and interest to determine the amount which would be necessary to repay in full, on the matur-
