EXHIBIT "A"

This conveyance is made and accepted upon each of the following stipulations, restrictions and conditions which are hereby made covenants running with the land, and which shall apply to and be binding upon the purchaser, its successors or assigns.

1. That no building shall at any time be erected on the said premises within twenty-five (25) feet of any street right-of-way adjoining the same, within ten (10) feet from all side boundary lines, or within fifteen (15) feet from the rear boundary line of the premises.

2. No loading dock shall be erected on the said premises fronting on any street, unless the front of such loading platform shall be set back at least sixty (60) feet from the property line abutting the street on which said loading dock fronts.

3. The grantee agrees to provide on the premises off-street automobile hard surface parking areas of blacktop, asphalt or other recognized hard surfaces, based on a minimum rate of one 300-square-foot space for each two (2) employees employed on the premises by the original occupants thereof, and to treat the side slopes of any drainage ditch on the property with either soil, asphalt, pavement riprap.

4. All buildings erected on the property shall be of masonry construction or its equivalent or better. Front walls facing on streets of such buildings must be finished with face brick, stone, modern metal paneling, glass or their equivalent. Other walls shall be faced with common brick or its equivalent.

5. Grantee agrees that the area between the setback lines and the curb lines shall be used for either open landscaped and green areas or for service access to the building, or to a parking lot. Landscaped areas shall be done attractively with lawns, trees, shrubs and similar treatment and shall be properly maintained in a sightly and well-kept condition.

6. Water towers, water tanks, stand pipes, penthouses, elevators or elevator equipment, stairways, ventilating fans or similar equipment required to operate and maintain the building, fire or parapet walls, skylights, tanks, cooling or other towers, wireless radio or television masts, roof signs, flagpoles, chimneys, smokestacks, gravity flow storage, and mixing towers or similar structures may exceed a height of fifty (50) feet from the established building grade only with the approval of grantor. By the above, no restriction is intended as to building heights.

7. The grantor retains such right-of-way and easements as may be necessary or convenient for the purpose of erecting, constructing, maintaining and operating utility services over, across, under and through the premises in the designated setback areas between the building lines and the property lines, including public service wires and conduits for lighting, power and telephone, gas lines, sanitary sewer, storm sewer and water, and the grantor shall have the right to grant right-of-way easements to others to carry out this purpose. Any contract for the laying of such lines, wires, conduits, pipes or sewers shall also provide that the premises shall be restored to the same condition they were in prior to the doing of such work.

8. Storage yards for equipment, raw materials, semi-finished or finished products shall be enclosed by solid wall or fence including solid doors or gates thereto at least six (6) feet high.

9. The premises shall not be used or maintained as a dumping ground. Rubbish, trash, garbage or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

10. No fence, wall, hedge or shrub, plant or tree which obstructs site lines at elevations between two and six feet above the roadway shall be placed or permitted to remain on any corner

within the triangular area formed by street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines.

11. Each of the foregoing covenants, conditions and restrictions shall run with the land hereby conveyed, and a breach of any one of them and a continuance thereof may, at the option of the grantor, its successors or assigns, be enjoined, abated or remedied by appropriate proceedings. It is understood, however, that the breach of any of the foregoing covenants, conditions and restrictions shall not defeat or render invalid the lien of any mortgage on the premises made in good faith and for value; provided, however, that any breach or continuance thereof may be enjoined, abated or remedied by the proper proceedings as aforesaid; and provided further, that each and all of the foregoing covenants, conditions and restrictions shall at all times remain in full force and effect against said premises or any part thereof, title to which is obtained by foreclosure of any such mortgage.

12. The conditions of this contract shall survive the deed given pursuant hereto.

13. The conditions and covenants herein contained shall terminate and be of no further effect after thirty (30) years from October 1, 1969.
