$$x = \text{softmax}(\theta) \in \mathbb{R}^n, \quad \theta \in \mathbb{R}^{d \times n}, \quad d = \text{dim}(x)$$

Consequently, the first step in the process of determining the probability of a specific event is to identify the sample space.

U.S. Department of Health and Human Services | HHS.gov | Office of the Secretary | Secretary's Office

A large, semi-transparent watermark is angled diagonally across the page. The text "Property of Cook County Clerk's Office" is written in a bold, sans-serif font. The word "Property" is at the top left, "Cook County" is in the center, and "Clerk's Office" is at the bottom right. Below the main text, there is a smaller, illegible rectangular stamp.
