### Covenants: Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest. Borrower shall promptly pay when due the principal of and interest on the indebtedness incurred pursuant to the Agreement, together with any fees and charges as provided in the Agreement.

2. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender under the Agreement and paragraph 1 hereof shall be applied by Lender first in payment of any advance made by Lender pursuant to this Mortgage, then to interest fees and charges payable pursuant to the Agreement, then to the principal amounts outstanding under the Agreement.

3. Charges; Liens. Borrower shall pay or cause to be paid all taxes, assessments and other charges, fines and impositions attributable to the Property which may attain a priority over this Mortgage, and leasehold payments or ground rents. If any, including all payments due under any mortgage disclosed by the title insurance policy insuring Lender's interest in the Property, Borrower shall upon request of Lender promptly furnish to Lender receipts evidencing such payments. Borrower shall promptly discharge any lien which has priority over this Mortgage, except for the lien of any mortgage disclosed by the title insurance policy insuring Lender's interest in the Property, provided that Borrower shall not be required to discharge any such lien so long as Borrower shall agree in writing to the payment of the obligation secured by such lien in a manner acceptable to Lender, or shall in good faith contest such lien by defending enforcement of such lien in legal proceedings which operate to prevent the enforcement of the lien or forfeiture of the Property or any part thereof.

4. Hazard Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included with the term "extended coverage," and such other hazards as Lender may require and in such amounts and for such periods as Lender may require, provided that Lender shall not require that the amount of such coverage exceed that amount of coverage required to pay the sums secured by this Mortgage and any other mortgage on the Property.

The insurance carrier providing the insurance shall be chosen by Borrower subject to approval by Lender; provided, that such approval shall not be unreasonably withheld. All premiums on insurance policies shall be paid in a timely manner.

All insurance policies and renewals thereof shall be in form acceptable to Lender and shall include a standard mortgage clause in favor of and in form acceptable to Lender. Upon request of Lender, Borrower shall promptly furnish to Lender its renewal notices and all receipts of paid premiums. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of Property damaged, provided such restoration or repair is economically feasible and the security of this Mortgage is not thereby impaired. If such restoration or repair is not economically feasible or if the security of this Mortgage would be impaired, the insurance proceeds shall be applied to the sums secured by this Mortgage, with the excess, if any, paid to Borrower. If the Property is abandoned by Borrower, or if Borrower fails to respond to Lender within 30 days from the date notice is mailed by Lender to Borrower that the insurance carrier offers to settle a claim for insurance benefits, Lender is authorized to collect and apply the insurance proceeds at Lender's option either to restoration or repair of the Property or to the sums secured by this Mortgage.

Unless Lender and Borrower otherwise agree in writing, any such application of proceeds to principal shall not extend or postpone the due date of any payments due under the Agreement, or change the amount of such payment. If under paragraph 18 hereof the Property is acquired by Lender, all right, title and interest of Borrower in and to any insurance policies and in and to the proceeds thereof resulting from damage to the Property prior to the sale or acquisition shall pass to Lender to the extent of the sums secured by this Mortgage immediately prior to such sale or acquisition.

5. Preservation and Maintenance of Property; Leaseholds; Condominiums; Planned Unit Developments. Borrower shall keep the Property in good repair and shall not commit waste or permit impairment or deterioration of the Property and shall comply with the provisions of any lease if this Mortgage is on a leasehold. If this Mortgage is on a unit in a condominium or planned unit development, Borrower shall perform all of Borrower's obligations under the declaration or covenants creating or governing the condominium or planned unit development, the by-laws and regulations of the condominium or planned unit development, and constituent documents. If a condominium or planned unit development rider is executed by Borrower and recorded together with this Mortgage, the covenants and agreements of such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Mortgage as if the rider were a part hereof.

6. Protection of Lender's Security. If Borrower fails to perform the covenants and agreements contained in this Mortgage, or if any action or proceeding is commenced which materially affects Lender's interest in the Property, including, but not limited to, any proceeding brought by or on behalf of a prior mortgagor, eminent domain, insolvency, code enforcement, or arrangements or proceedings involving a bankrupt or decedent, then Lender at Lender's option, upon notice to Borrower, may make such appearances, disburse such sums and take action as is necessary to protect Lender's interest, including, but not limited to, disbursement of reasonable attorney's fees and entry upon the Property to make repairs.

Any amounts disbursed by Lender pursuant to this paragraph 6, with interest thereon, shall become additional indebtedness of Borrower secured by this Mortgage. Unless Borrower and Lender agree to other terms of payment, such amounts shall be payable upon notice from Lender to Borrower requesting payment thereof, and shall bear interest from the date of disbursement at the rate payable from time to time on outstanding principal under the Agreement. Nothing contained in this paragraph 6 shall require Lender to incur any expense or take any action hereunder.

7. Inspection. Lender may make or cause to be made reasonable entries upon and inspections of the Property, provided that Lender shall give Borrower notice prior to any such inspection specifying reasonable cause therefor related to Lender's interest in the Property.

rows were shared but not replicated as they were used to support a single access point. Such a configuration is common in large-scale wireless networks where a single access point serves many users simultaneously. The access point is typically located in a central location, such as a building's lobby or entrance, and provides a wireless signal to all users within its range. The access point is connected to a wired network via an Ethernet cable, which provides a stable and reliable connection to the Internet or other network resources. The access point also has a built-in antenna or multiple antennas to provide a strong and reliable signal to all users. The access point is usually managed by a network administrator, who can configure it to provide different levels of service to different users based on their needs and usage patterns. The access point is also responsible for managing the wireless traffic and ensuring that it is delivered correctly to each user. It does this by using various techniques such as Quality of Service (QoS) and traffic shaping to prioritize certain types of traffic over others. The access point also performs security functions such as encryption and authentication to protect user data from being intercepted or tampered with. Overall, the access point is a crucial component of any wireless network, providing a reliable and efficient way for users to connect to the Internet and other network resources.
