Notwithstanding the foregoing, this option may not be exercised by the Mortgagee when the ineligibility for insurance under the National Housing Act is due to the Mortgagee's failure to remit the National Housing Act is due to the Mortgagee's failure to remit the mortgage insurance premium to the Department of Housing and Urban Development.

## ADJUSTABLE RATE RIDER

THIS ADJUSTABLE RATE RIDER is made this 28TH day of JANUARY, 19 88, and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or Security Deed ("Mortgage"), of even date herewith, given by the undersigned ("Mortgagor") to secure Mortgagor's Adjustable Rate Note ("Note"), of even date herewith, to Draper and Kramer, Inc., 33 West Monroe Street, Chicago, Illinois 60603 ("Mortgagee"), covering the premises described in the Mortgage and located at 253 S. WILLOW ROAD MATTESON, IL 60443.

Notwithstanding anything to the contrary set forth in the Mortgage, Mortgagor and Mortgagee hereby agree to the following:

1. Under the Note, the initial stated interest rate of .9.500 per centum (.9.500 %) per annum ("Initial Interest Rate") on the unpaid principal balance is subject to change, as hereinafter described. When the interest rate changes, the equal monthly installments of principal and interest will be adjusted, as hereinafter provided, so that each installment will be in an amount necessary to fully amortize the unpaid principal balance of the Note, at the new adjusted interest rate, over the remaining term of the Note.
2. The first adjustment to the interest rate (if any adjustment is required) will be effective on the first day of APRIL, 19 89 (which date will not be less than twelve months nor more than eighteen months from the due date of the first installment payment under the Note), and thereafter each adjustment to the interest rate will be made effective on that day of each succeeding year during the term of the Mortgage ("Change Date").
3. Each adjustment to the interest rate will be made based upon the following method of employing the weekly average yield on United States Treasury Securities adjusted to a constant maturity of one year ("Index"); the Index is published in the **Federal Reserve Bulletin** and made available by the United States Treasury Department in Statistical Release H. 15 (519). As of each Change Date, it will be determined whether or not an interest rate adjustment must be made, and the amount of the new adjusted interest rate if any as follows:
  - (a) The amount of the Index will be determined, using the most recently available figure, thirty (30) days before the Change Date ("Current Index").
  - (b) .2.5 percentage points (.2.50%; the "Margin") will be added to the Current Index and the sum of this addition will be rounded to the nearest one-eighth of one percentage point (0.125%). The rounded sum, of the Margin plus the Current Index, will be called the "Calculated Interest Rate" for each Change Date.
  - (c) The Calculated Interest Rate will be compared to the interest rate being earned immediately prior to the current Change Date (such interest rate being called the "Existing Interest Rate"). Then, the new adjusted interest rate, if any, will be determined as follows:
    - (i) If the Calculated Interest Rate is the same as the Existing Interest Rate, the interest rate will not change.
    - (ii) If the difference between the Calculated Interest Rate and the Existing Interest Rate is less than or equal to one percentage point, the new adjusted interest rate will be equal to the Calculated Interest Rate (subject to the maximum allowable change over the term of the Mortgage of five percentage points, in either direction, from the Initial Interest Rate, herein called the "5% Cap").
    - (iii) If the Calculated Interest Rate exceeds the Existing Interest Rate by more than one percentage point, the new adjusted interest rate will be equal to one percentage point higher than the Existing Interest Rate (subject to the 5% Cap).
    - (iv) If the Calculated Interest Rate is less than the Existing Interest Rate by more than one percentage point, the new adjusted interest rate will be equal to one percentage point, less than the Existing Interest Rate (subject to the 5% Cap).

Rider.

BY SIGNING BELOW, MORTGAGEE AGREES TO THE TERMS AND CONDITIONS CONTAINED IN THIS ADJUSTABLE RATE

5. Nothing contained in this Adjustable Rider will permit Mortgagor's rate to increase (or decrease) to the unpaid principal balance. Changes to the Existing interest rate adjustment through adjustments of principal and interest only be reflected through adjustments of monthly installments of principal and interest for herein.

10244088

(c) Notwithstanding any thing contained in this Article, if the event that (i) the Existing Interest Rate was reduced on a Change Date, and (ii) Mortgagor failed to give the Adjustment Notice within the period specified in this Article, in the event that (i) the Existing Interest Rate was made any month by instalments in excess of the amount which would have been set forth in such Adjustment Notice ("Excess Payments"), then Mortgagor, as Mortgagor's sole option, may either (1) demand the return from Mortgagor ("Excess Payments"), (2) require Mortgagor to pay the principal amount outstanding on the Existing Interest Rate, or (3) require Mortgagor to pay the principal amount outstanding on the Existing Interest Rate plus interest at the rate of 12% per annum from the date of the notice of reduction of the Existing Interest Rate until the date of payment.

(b) Mortgagor agrees to pay the first payment which occurs at least one month before the date of the first payment which occurs at least thirty (30) days after Mortgagor receives Notice of Adjustment. Mortgagor will continue to pay the adjusted monthly installments set forth in the last Notice of Adjustment given by Mortgagor to pay the adjusted monthly installments set forth in the last Notice of Adjustment given by Mortgagor to pay the first payment which occurs at least one month before the date of the first payment which occurs at least thirty (30) days after Mortgagor receives Notice of Adjustment.

d) If the Existing Interest Rate changes on any Change Date, Mortgagor will recalculates the monthly instalments of principal and interest to determine the amount which would be necessary to repay in full, on the maturity date, the unpaid principal balance (which unpaid principal balance will be deemed to be the amount due on such Change Date, unless it has been no earlier than the Note principal payments on the Note have been taken into account), at the new Existing Interest Rate, in equal monthly payments. On or before the Change Date, Mortgagor will give Mortgagee written notice ("Adjustment Notice") of any change in the Existing Interest Rate and of the revised amount of the monthly payments of principal and interest, calculated as above. Each Adjustment Notice will set forth (i) the date the Adjustment Notice is given, (ii) the Change Date, (iii) the new Existing Interest Rate and (iv) the amount of the monthly instalment payment to be required by law from time to time.

(g) If the Index is no longer available, Mortagage will be required to use any index prescribed by the Department of Housing and Urban Development, Mortagage will notify Mortagage in writing of any such substitute index all necessary information for Mortagage to obtain such index) and after the date of such notice the substitute index will be deemed to be the Index hereunder.

(f) The method set forth in this Paragraph 3 of this Adjustable Rate Rider, for determining whether or not an adjustment must be made to the Existing Interest Rate incorporates the effects of one proviso's of 24 CFR 203.49(e) and 234.79(c) which require that changes in the index in excess of one percentage point must be carried over for inclusion in adjustments to the Existing Interest Rate in subsequent years.

(d) Notwithstanding anything contained in this Article, if in the event of any new adjustment of interest rates between the parties, the new interest rate will be lower than the initial interest rate, if any increase or decrease in the existing interest rate causes the new adjusted interest rate to exceed the 5% Cap, the new adjusted interest rate will be limited to five percentage points higher or lower, whichever is applicable, than the initial interest rate.

(e) Mortgagor will perform the functions required under Subparagraphs 3(a), (b), and (c) to determine the amount of the new adjusted rate, if any such new interest rate will become effective on the Change Date and thereafter will be deemed to be the Existing Interest Rate. The new Existing Interest Rate will remain in effect until the next Change Date on which the interest rate is adjusted.
