AND SAID MORTGAGOR covenants and agrees:

To keep said premises in good repair, and not to do, or permit to be done, upon said premises, anything that may impair the value thereof, or of the security intended to be effected by virtue of this instrument; not to suffer any lien of mechanics, men or material men to attach to said premises; to pay to the Mortgagor, as hereinabove provided, until said Note is fully paid, (1) a sum sufficient to pay all taxes and assessments on said premises, or any tax or assessment that may be levied by authority of the State of Illinois, or of the county, town, village, or city in which the said land is situated, upon the Mortgagor on account of the ownership thereof; (2) a sum sufficient to keep all buildings that may at any time be on said premises, during the continuance of said indebtedness, insured for the benefit of the Mortgagor in such forms of insurance, and in such amounts, as may be required by the Mortgagor.

In case of the refusal or neglect of the Mortgagor to make such payments, or to satisfy any prior lien or incumbrance other than that for taxes or assessments on said premises, or to keep said premises in good repair, the Mortgagor may pay such taxes, assessments, and insurance premiums, when due, and may make such repairs to the property herein mortgaged as in its discretion it may deem necessary for the proper preservation thereof and any monies so paid or expended shall become so much additional indebtedness, secured by this mortgage, to be paid out of proceeds of the sale of the mortgaged premises, if not otherwise paid by the Mortgagor.

It is expressly provided, however (all other provisions of this mortgage to the contrary notwithstanding), that the Mortgagor shall not be required nor shall it have the right to pay, discharge, or remove any tax, assessment, or tax-lien upon or against the premises described herein or any part thereof or the improvements situated thereon, so long as the Mortgagor shall, in good faith, contest the same or the validity thereof by appropriate legal proceedings brought in a court of competent jurisdiction, which shall operate to prevent the collection of the tax, assessment, or lien so contested and the sale or forfeiture of the said premises or any part thereof to satisfy the same.

AND the said Mortgagor further covenants and agrees as follows:

That privilege is reserved to pay the debt in whole or in part on any installment due date.

That, together with, and in addition to, the monthly payments of the principal and interest payable under the terms of the Note secured hereby, the Mortgagor will pay to the Mortgagor, on the first day of each month until the said Note is fully paid, the following sums:

- (a) An amount sufficient to provide the holder hereof with funds to pay the next mortgage insurance premium if this instrument and the Note secured hereby are insured, or a monthly charge (in lieu of a mortgage insurance premium) if they are held by the Secretary of Housing and Urban Development, as follows:
 - (I) If and so long as said Note of even date and this instrument are insured or are reinsured under the provisions of the National Housing Act, an amount sufficient to accumulate in the hands of the holder one (1) month prior to its due date the annual mortgage insurance premium, in order to provide such holder with funds to pay such premium to the Secretary of Housing and Urban Development pursuant to the National Housing Act, as amended, and applicable Regulations thereunder; or
 - (II) If and so long as said Note of even date and this instrument are held by the Secretary of Housing and Urban Development, a monthly charge (in lieu of a mortgage insurance premium) which shall be in an amount equal to one-twelfth (1/12) of one-half (1/2) per centum of the average outstanding balance due on the Note computed without taking into account delinquencies or prepayments;
- (b) A sum equal to the ground rents, if any, next due, plus the premiums that will next become due and payable on policies of fire and other hazard insurance covering the mortgaged property, taxes and assessments next due on the mortgaged property (all as estimated by the Mortgagor) less all sums already paid therefor divided by the number of months to elapse before one month prior to the date when such ground rents, premiums, taxes and assessments will become delinquent, such sums to be held by Mortgagor in trust to pay said ground rents, premiums, taxes and special assessments; and
- (c) All payments mentioned in the two preceding subsections of this paragraph and all payments to be made under the Note secured hereby shall be added together and the aggregate amount thereof shall be paid by the Mortgagor each month in a single payment to be applied by the Mortgagor to the following items in the order set forth:
 - (I) premium charges under the contract of insurance with the Secretary of Housing and Urban Development, or monthly charge (in lieu of mortgage insurance premium), as the case may be;
 - (II) ground rents, if any, taxes, special assessments, fire, and other hazard insurance premiums;
 - (III) interest on the Note secured hereby; and
 - (IV) amortization of the principal of the said Note.

Any deficiency in the amount of any such aggregate monthly payment shall, unless made good by the Mortgagor prior to the due date of the next such payment, constitute an event of default under this mortgage. The Mortgagor may collect a "late charge" not to exceed four cents (.04) for each dollar (\$1) for each payment more than fifteen (15) days in arrear, to cover the extra expense involved in handling delinquent payments.

If the total of the payments made by the Mortgagor under subsection (b) of the preceding paragraph shall exceed the amount of the payments actually made by the Mortgagor for ground rents, taxes, and assessments, or insurance premiums, as the case may be, such excess, if the loan is current, at the option of the Mortgagor, shall be credited on subsequent payments to be made by the Mortgagor, or refunded to the Mortgagor. If, however, the monthly payment made by the Mortgagor under subsection (b) of the preceding paragraph shall not be sufficient to pay ground rents, taxes, and assessments, or insurance premiums, as the case may be, when the same shall become due and payable, then the Mortgagor shall pay to the Mortgagor any amount necessary to make up the deficiency, on or before the date when payment of such ground rents, taxes, assessments, or insurance premiums shall be due. If at any time the Mortgagor shall tender to the Mortgagor, in accordance with the provisions of the Note secured hereby, full payment of the entire indebtedness represented thereby, the Mortgagor shall, in computing the amount of such indebtedness, credit to the account of the Mortgagor all payments made under the provisions of subsection (a) of the preceding paragraph which the Mortgagor has not become obligated to pay to the Secretary of Housing and Urban Development, and any balance remaining in the funds accumulated under the provisions of subsection (b) of the preceding paragraph. If there shall be a default under any of the provisions of this mortgage resulting in a public sale of the premises covered hereby, or if the Mortgagor acquires the property otherwise after default, the Mortgagor shall apply, at the time of the commencement of such proceedings or at the time the property is otherwise acquired, the balance then remaining in the funds accumulated under subsection (b) of the preceding paragraph, as a credit against the amount of principal then remaining unpaid under said Note and shall properly adjust any payments which shall have been made under subsection (a) of the preceding paragraph.

In this section we study the effect of the number of nodes in the network on the performance of the proposed scheme. We consider a network with N nodes, where each node has a transmission range of R . The nodes are randomly distributed in a square area of side length L . The channel gain between two nodes i and j is given by $\gamma_{ij} = \frac{P}{d_{ij}^{\alpha}}$, where P is the transmit power, d_{ij} is the distance between nodes i and j , and α is the path loss exponent. The channel gains are assumed to be independent and identically distributed (i.i.d.) Rayleigh fading channels.
