- 7. Finance Charge. Borrower will pay a Finance Charge until Borrower has repaid everything owed under the Agreement. Lender figures The Finance Charge. Borrower will pay a Finance Charge until Borrower has repaid everyming owed under the Agreement. Lender figures the Finance Charge at the end of every monthly billing cycle. The monthly billing cycle runs from and including the first day of a month to and including the last day of that month. To figure the Finance Charge for a monthly billing cycle, Lender adds up the Finance Charges for each day in the billing cycle. To figure the Finance Charge for each day, Lender multiplies the Daily Periodic Rate times the Daily Balance of Borrower's Account on that day (for each day in the monthly billing cycle). Lender figures the Daily Periodic Rate by dividing the Annual Percentage Rate by 365 (or 366, in any Leap year). Lender determines the Daily Balance by first taking the beginning balance of Borrower's Account each day, adding any new advances, and subtracting any loan payments or other credits to the account and any unpaid Finance Charges. This gives Lender the daily balance for each day. Borrower pays a Finance Charge on loan advances and on certain other charges to Borrower's Account.

Borrower gives a grantral warranty of title to Lender. - 19. Notices. Unless the law requires differently, or unless Borrower tells Lender differently, any notice that must be g wor to Borrower will be delivered or mailed to Borrower at the address shown in section 5.  - The action Borrower must take to correct that failure; b.
- c. The date, at least 30 days away, by which the failure must be corrected;
