Before each Change Date, the Note Holder will culculate my new interest rate by adding TWO AND 375/1000s----percentage points (2,375 %) to the Current Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one percentage cont (0.125%), Subject to the limits stated in Section 4 (D) below, this rounded amount will be my new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that I am expected to owe at the Change Date in ful on the maturity date at my new interest rate in substantially equal payments.
