OWNER-OCCUPANCY MODIFICATION TO NOTE AND RIDER TO SECURITY INSTRUMENT

LOAN NO. 59-08266-9

FOR VALUE RECEIVED, the undersigned ("Borrower") agree(s) that the following provisions shall be incomparated into the MORTGAGE ("Security Instrument") of ever data to which this Rider is attached as well as the note ("Note") which said Security Instrument secures. To the extent the provisions of this Rider are inconsistent with the provisions of the Security Instrument or Note, the provisions of this Rider shall prevail and shall supersede any such inconsistent provisions.

1. Owner-Occupancy

As an inducement for Lerder to make the look secured by the Security Instrument, Borrower has represented to Lerder that the secured property will be occupied, within thirty (30) days following recordation of the Security Instrument and during the twelve (12) month period immediately following recordation of the Security Instrument, as the primary resignice of the person or persons holding title to the secured property or emina the property ("Owner").

Borrower acknowledges that lender would not have agreed to make the loan unless the secured property was to be owner-occupied and that the interest rate set forth on the face of the Note and other terms of the loan were determined as a result of Borrower's representation that the secured property would be owner-occupied. Burrower further administedges that, among other things, purchasers of loans lincluding agencies, associations and corporations created by the federal and state governments for the purchase of loans) typically require that properties securing loans be owner-occupied; Lender's ability to sell a loan limbion it often does in the ordinary course of business) will be impaired because the risks involved and the costs of holding and administering a loan are often higher in the case of a loan where the secured property is not occupied as the primary residence of the Owner(s); and, if and when Lender makes a loan on ron-owner-occupied property, Lender typically makes such a loan on terms different from those of loans secured by owner-occupied properties.

Accordingly, in the event the secured property is not occupied, within the time period set forth above, as the primary residence of the Owner(s), the holder of the Note may, at its option, a) declare all sums secured by the Security Instrument to be immediately due and payable, or (b) effective upon

written notice of Ind Code (s) which webla (22 octs after recordation of the Security Instrument Increase the Initial Interest fate then applicable pursuant to the terms of the note and security instrument, on any sums oning under the note, to an interest fate which is three percent(3.00c) greater than the aforesaid then applicable interest rate, for the remaining term of the note, and thereafter modify the monthly installments pursuant to the terms of the note and security instrument to permit amortization of the loan at such new rates by the end of the Original term.

The rights of Lender hereunder shall be in addition to any other rights of Lender under the Note and Security Instrument or allowed by law.

2. Misrepresentation or Nondisclosure

Borrower has made certain written representations and disclosures in
order to induce Lender to make the loan evidenced by the Note or notes which the
Security instrument secures, and in the event that Borrower has made any
material misrepresentation or failed to disclose any material fact, Lender, at
its option and without prior notice, shall have the right to declare the
indebtedness secured by the Security Instrument, irrespective of the maturity
date specifier in the Note or notes, immediately due and payable.
