In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortication of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrow(r's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

11. Successors and Assigns Bound; Joint and Several Liability; Co-signers. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. (the "Lender") of the same date and

covering the property described in the Security Instrument and located at:

Property Address

The interest rate stated on the Note is called the "Note Rate". The date of the Note is called the "Note Date", i understard the Lender may transfer the Note, Security Instrument and this Rider. The Lender or anyone who takes the Note, the Security Instrument and this Rider by transfer and who is entitled to receive payments under the Note is called the "Note Holder".

ADDITION 2. COVENANTS: in addition to the covenants and agreements in the Note and the Security Instrument, the Berower and the Lender lutther covenant and agree as follows (notwithstanding anything to the contrary container in the Note or Security Instrument):

1. CONDITIONAL MODIFICATION AND EXTENSION OF LOAN TERMS

At the maturity date of the Note and Security Instrument (the "Maturity Date") I will have the option to extend the Maturity Date " years and modify the Note Rate to a market level adjustable rate as determined in accordance with Section 3 below, " all the conditions provided in Section 2 below are met (the "Conditional Modification and Extension Option"). I understand the Note Holder is under no obligation to relinance or modify the Note, or to extend the Maturity Date if those conditions are not met; and that in such event I will have to repay the Note from my own resources or find a lender willing to lend me the money to repay the Note.

2. CONDITIONAL REQUIREMENTS

If I want to exercise the Conditional Motification and Extension Option at maturity, certain conditions must be met as of the Maturity Date. These conditions are: (1) I must still be the owner and occupant of the property subject to the Security Instrument (the "Ploping"); (2) I must be current in my monthly payments and CANNOT have been more than 30 days late on any of the 12 scheduled payments immediately preceding the Maturity Date; (3) no lien against the Property (excertion taxes and special assessments not yet due and payable) other than the Security Instrument may exist; (4) the Initial Modified Note Rate, as defined and calculated in Section 3 below, cannot be more than five percent (5%) above the Note Rate; (5) I must make a written request to the Note Holder as provided in Section 3 below, (6) I must pay to the Note Holder a non-refundable extension processing see equal to one-quarter of one percentage point (0.25%) of the outstanding principal balance as of the Maturity Date, unless prohibited by applicable law; and (7) I must execute a modification agreement to extend the Maturity Date and establish the Initial Modified Note Rate.

3. CALCULATING THE INITIAL MODIFIED NOTE RATE

The Initial Modified Note Rate will be a rate of interest equal to the point of Sears Mortgage Securities Corporation required net yield for a One Year Treasury Adjustable Rate Mortgage with a maturity of 30 years for a 60 day mandatory delivery, plus one-half of one percentage point (0.500%), rounded down to the nearest one-eighth of one percentage point (0.125%) (the "Initial Modified Note Rate"). The required net yield shall be the applicable published net yield in effect on the date that I notify the Note Holder in writing of my election to exercise the Conditional Modification and Extension Option. If this required net yield coar at be determined because Sears Mortgage Securities Corporation does not have a posted net yield for a One Year Treasury Adjustable Rate Mortgage with a maturity of 30 years, the Note Holder will determine the interest rate by using comparable information.

I understand that the Initial Modified Note Rate may change on each one year anniversary of the date the modification is executed. The Modified Note Rate will be based on an Index and calculated by adding the then current Margin to the Current Index and rounding the sum to the nearest one eighth of one percent (0.125%). The "Index" will be the weekly average yield on United States Treasury securities adjusted to a constant maturity of 1 year, as made available by the Federal Reserve Board. The most recent Index figure available, as of the date 45 days before each anniversary of the modification, will be called the "Current Index". The "Margin" will be the number of percentage points that will be added to the Index to calculate the interest rate at each adjustment. The margin that will apply to your loan, in the event you elect to exercise the extension, will be disclosed to you within 60 days of the maturity date, in the Notice of Extension Option.

4. CALCULATING THE NEW PAYMENT AMOUNT

Provided the Initial Modified Note Rate as calculated in Section 3 above is not greater than five percent (5%) above the Note Rate and all other conditions required in Section 2 above are satisfied, the Note Holder will Version 1 CKMO
