It is also important to note that the results of the study were not limited to the specific context of the study, as the findings can be applied to other situations where similar challenges are faced.

As a result, the first two years of the program were spent in the field, learning about the environment and the people who live there.

the first time in history that the United States has had to consider the possibility of a nuclear war.

The second part of the lesson is to help students understand what is meant by the term 'proportion' and how it can be used to solve problems.

Все эти факторы, а также отсутствие в стране традиций и культуры предпринимательства, неизбежно приводят к тому, что в России не получают широкое распространение инновационные технологии.

For example, the first two rows of Table 1 show that the mean number of days between the first and second positive test for COVID-19 was 10.5 days for the 1000 individuals who had at least one positive test.
