A. Based on my inquiry of those persons directly responsible for maintaining the information, I certify that the information submitted is, to the best of my knowledge and belief, true and accurate.

V. Certification

1. If the transferor has knowledge, indicate whether the following existed under prior ownership, located by the transferee, other contracts for management or use of the facilities of real property:
- Surface Impoundment Yes No
 - Land Treatment Yes No
 - Waste Pile Yes No
 - Leachate Treatment Yes No
 - Waste Recycling Operations Yes No
 - Water Treatment Detoxification Yes No
 - Other Land Disposal Area Yes No
 - Storage Tank (Underground) Yes No
 - Storage Tank (Above Ground) Yes No
 - Sludge Treatment Yes No

Type of facilities or property usage

Name _____
to or otherwise connected with for the management of the site or real property;

2. Provide the following information about the previous owner of person the transferor leased the site

3. Site Information Under Other Ownership or Operation

4. To determine any explanation needed for clarification of any of the above answer or response?

5. Is the facility currently operating under a variance granted by the Illinois Pollution Control Board?

6. Signs of subsidence leaching out of the ground along the base of slope or at other low points on or immediately adjacent to the site

7. Coping with rumes from subsurface storm drains or inside basements, etc.

8. Impacted usage of an on-site or nearby water well because of offsite characteristics of the water

9. Sampling and analysis of soils

Duty to Record

Within 30 days after the date, any real property subject to the provisions of the Responsible Property Transfer Act of 1988 is transferred, this completed document must be filed in the office of the recorder of the county in which such property is located and filed with the Illinois Environmental Protection Agency.

UNOFFICIAL COPY

- A. (1) Is this a transfer by deed or other instrument of conveyance?
 Yes No
 (2) Is this a transfer by assignment of over 25% of beneficial interest of an Illinois land trust?
 Yes No
 (3) A lease exceeding a term of 40 years?
 Yes No
 (4) A mortgage or collateral assignment of beneficial interest?
 Yes No
 B. (1) Identity of transferor:
 Name and address of trustee if this is a transfer of beneficial interest of a land trust:

 C. Identity of transferee:
 Name, position (if any) and address:

 III. Notification
 Under the Illinois Environmental Protection Act, owners of real property may be held liable for costs related to the release of hazardous substances.
 1. Section 22.2(l) of the Act states:
 "Notwithstanding any other provision of law, and subject only to the defense set forth in subsection (l) of this section, the following persons shall be liable for costs incurred by a state or a local government to remove or remediate a release of a hazardous substance into the environment:
 (1) Any person who at the time of disposal, transport, storage or treatment of a hazardous substance owned or operated the facility or vessel used for such disposal, transport, storage or treatment of a hazardous substance which was a release of a facility or vessel used for such hazardous substance;
 (2) Any person who at the time of disposal, transport, storage or treatment of a hazardous substance which was a release of the facility or vessel used for such disposal, transport, storage or treatment of a hazardous substance only if the following persons shall be liable for all costs of removal or remediation action by the state or a local government to remove or remediate a release of a hazardous substance into the environment:
 (i) The owner and operator of a facility or vessel from which there is a release of any such hazardous substance;
 (ii) The following persons shall be liable for all costs of removal or remediation action by the state or a local government to remove or remediate a release of a hazardous substance into the environment:
 (A) Any person who accepts or succeeds to a transfer of a release of any such hazardous substance;
 (B) Any person who by contract, agreement, or other arrangement has arranged with a party or entity for transport, storage, disposal, treatment, or removal of such hazardous substance; and
 (C) Any person who receives or accepts or succeeds to a transfer of a release of any such hazardous substance."
 2. Section 4(g) of the Act states:
 "Any agency shall have the authority to provide notice to any person who may be liable, pursuant to Section 22.2(l) of this Act, for a release of a hazardous substance to perform the response action."
 3. Section 22.2(l) of the Act states:
 "The Agency shall have the authority to provide notice to any person who may be liable, pursuant to Section 22.2(l) of this Act, to provide removal or remedial action upon or in accordance with a notice and request by the agency or upon or in accordance with any order of the Board or any court, and not more than 3 times, the amount of any costs for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the state as result of such failure to take such removal or remedial action. The punitive damage imposed by the Board shall be in addition to any costs recovered from such person pursuant to this section and in addition to any other penalty or liability provided by this Act or any other law."

4. Section 22.18(a) of the Act states:
 "Notwithstanding any other provision of law, except as provided otherwise in subsection (b), the owner or operator of an underground storage tank shall be liable for all costs of preventive action, corrective action, and emergency action taken by the state to protect human health or the environment from contamination or damage resulting from an underground storage tank by a state or a local government to remove or remediate a release of a hazardous substance into the environment."
 5. The text of the structure set out above is unacceptable because it will be invalid merely because it refers forth an obligation or requirement of another section of the law.

IV. Environmental Information

A. Regulatory Information During Current Ownership

1. Has the transferor ever conducted operations on the property which involved the generation, manufacture, processing, transportation, treatment, storage or handling of "hazardous substances" as defined by the Illinois Environmental Protection Act? This question shall not be applicable for consumer goods stored or handled by a retailer in the same form, approximate amount, concentration and manner as they are sold to consumers, provided that such retailer does not engage in any commercial mixing (other than paint mixing or tinting of consumer sized containers), finishing, refinishing, servicing, or cleaning operations on the property.

Yes No

2. Has the transferor ever conducted operations on the property which involved the processing, storage or handling of petroleum, other than that which was associated directly with the transferor's vehicle usage?

Yes No

3. Has the transferor ever conducted operations on the property which involved the generation, transportation, storage, treatment or disposal of "hazardous or special wastes," as defined by the federal Resource Conservation and Recovery Act and the Illinois Environmental Protection Act?

Yes No

4. Are there any of the following specific units (operating or closed) at the property which are or were used by the transferor to manage waste, hazardous wastes, hazardous substances or petroleum?

Landfill	Yes	No	Injection Wells	Yes	No
Surface Impoundment	Yes	No	Wastewater Treatment Units	Yes	No
Land Treatment	Yes	No	Septic Tanks	Yes	No
Waste Pile	Yes	No	Transfer Stations	Yes	No
Incinerator	Yes	No	Waste Recycling Operations	Yes	No
Storage Tank (Above Ground)	Yes	No	Waste Treatment Detoxification	Yes	No
Storage Tank (Underground)	Yes	No	Other Land Disposal Area	Yes	No
Container Storage Area	Yes	No			

If there are "YES" answers to any of the above items and the transfer is other than a mortgage or collateral assignment of beneficial interest, attach a site plan which identifies the location of each unit, such site plan to be filed with the Environmental Protection Agency along with this disclosure document.

5. Has the transferor ever held any of the following in regard to this real property?

a. Permits for discharges of wastewater to waters of the State.

Yes No

b. Permits for emissions to the atmosphere.

Yes No

c. Permits for any waste storage, waste treatment or waste disposal operation.

Yes No

6. Has the transferor had any wastewater discharges (other than sewage) to a publicly owned treatment works?

Yes No

7. Has the transferor taken any of the following actions relative to this property?

a. Prepared a Chemical Safety Contingency Plan pursuant to the Illinois Chemical Safety Act

Yes No

b. Filed an Emergency and Hazardous Chemical Inventory Form pursuant to the federal Emergency Planning and Community Right-to-Know Act of 1986.

Yes No

c. Filed a Toxic Chemical Release Form pursuant to the federal Emergency Planning and Community Right-to-Know Act of 1986.

Yes No

8. Has the transferor or any facility on the property or the property been the subject of any of the following State or federal governmental actions?

a. Written notification regarding known, suspected or alleged contamination on or emanating from the property.

Yes No

b. Filing an environmental enforcement case with a court or the Pollution Control Board for which a final order or consent decree was entered.

Yes No

c. If item b. was answered by checking Yes, then indicate whether or not the final order or decree is still in effect for this property.

Yes No

9. Environmental Releases During Transferor's Ownership

a. Has any situation occurred at this site which resulted in a reportable "release" of any hazardous substances or petroleum as required under State or federal laws?

Yes No

b. Have any hazardous substances or petroleum, which were released, come into direct contact with the ground at this site?

Yes No

c. If the answers to questions (a) and (b) are Yes, have any of the following actions or events been associated with a release on the property?

- Use of a cleanup contractor to remove or treat materials including soils, pavement or other surficial materials
- Assignment of in-house maintenance staff to remove or treat materials including soils, pavement or other surficial materials
- Designation, by the IEPA or the IESDA, of the release as "significant" under the Illinois Chemical Safety Act
