TOGETHER with all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water, water rights, and water stock, and all fixtures now or hereafter attached to the property owned by this Mortgage; and all of the foregoing, together with said property (or the leasehold estate if this Mortgage is on a leasehold) are herein referred to as the "Property".

Mortgagor covenants that Mortgagor is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant, and convey the Property, and that Mortgagor will warrant and defend generally the title to the Property against all claims and demands, subject to any mortgages, declarations, easements, or restrictions listed in a schedule of exceptions to coverage in any title insurance policy insuring Mortgagee's interest in the Property.

COVENANTS. Mortgagor covenants and agrees as follows:

1. Payment of Principal and Interest. Mortgagor shall promptly pay when due the principal of and interest on the indebtedness incurred pursuant to the Agreement, together with any fees and charges provided in the Agreement.
2. Application of Payments. Unless applicable law provides otherwise, all payments received by Mortgagee under the Agreement and paragraph 1 hereof shall be applied by Mortgagee first in payment of amounts payable to Mortgagee by Mortgagor under this Mortgage, then to interest, fees, and charges payable pursuant to the Agreement, then to the principal amounts outstanding under the Agreement.

If Mortgagor has paid any precomputed finance charge, upon Mortgagor's payment of the entire outstanding principal balance and termination of the Equity Credit Line, Mortgagor shall be entitled to a refund of the unearned portion of such prepaid finance charge in an amount not less than the amount that would be calculated by the actuarial method, provided that Mortgagor shall not be entitled to any refund of less than \$1.00. For the purposes of this paragraph the term "actuarial method" shall mean the method of allocating payments made on a debt between the outstanding balance of the obligation and the precomputed finance charge pursuant to which a payment is applied first to the accrued precomputed finance charge and any remainder is subtracted from, or any deficiency is added to the outstanding balance of the obligation.
