Office

Mr. Chairman and members of the Committee, I am here today to speak on behalf of the Missouri Water Watchers, an environmental advocacy organization that has been monitoring water quality in Missouri since 1990. We have conducted over 1,000 water tests across the state, and our data shows that water quality is deteriorating. We believe that the Missouri Department of Natural Resources (DNR) is failing to protect public health and the environment by allowing industrial facilities to pollute our waterways. We urge you to take action to improve water quality in Missouri.
