 - A. Variable Rate.

April 1994. On the first day of May 1994 and every twelfth month thereafter, my Annual Percentage Rate may change due to a change in the Index. Each date on which my Annual Percentage Rate could change due to a change in the Index is called a "Change Date". The new Annual Percentage Rate will become effective on each Change Date and will apply to my unpaid principal balance until the rate is changed again. The Annual Percentage Rate includes only interest and not other charges.

My Annual Percentage Rate may change between Change Dates if my method of making payments changes, and I either become eligible or lose my eligibility for the 25 basis point reduction in my Annual Percentage Rate.

B. The Index.

Beginning on the first Change Date, my Annual Percentage Rate will be based on the Index. The "Index" is the weekly average yield on United States Treasury securities adjusted to a constant maturity of one year, as published by the Federal Reserve Board in its weekly Statistical Release (Fl.15). The Index also is published each Tuesday in the Key Interest Rates table of The Wall Street Journal. The most recent Index figure published by the Federal Reserve Board as of the date 45 days before each Change Date is called the "Current Index".

If the Index is no longer available, you may enouse a new index and adjust the Margin in accordance with federal law. You will give me notice of any substitute index or adjustment in the Margin. My Annual Percentage Rate will not change at the time of the substitution of indices or the adjustment in the Margin due solely to the substitution or adjustment.

C. Calculation of Changes.

On each Change Date you will add 200 basis points (2.00 percentage points, called the "Margin") to the Current Index. If I am participating in the payroll deduction plan or have agreed to permit preauthorized transfers from my Share Account and there is a sufficient balance in my Share Account, you will reduce this amount by 25 basis points. The result will be my new Annual Percentage Rate, but will be subject to the limitations set forth in Subparagraph D. below.

D. Limits on Changes.

My interest rate will never be increased or decreased on any single Change Date due to a change in the Index by more than 2.00 percentage points from the Annual Percentage Rate I have been paying for the preceding twelve months. If on the same Change Date I also change my method of payment, my Annual Percentage Rate could increase or decrease an extra one-quarter of a percentage point resulting in a maximum change of 2.25 percentage points on any one Change Date. My ANNUAL PERCENTAGE RATE will never be greater than 14% nor less than 8%.

E. Effect of Change.

If my Annual Percentage Rate increases, my payment will increase. If my Annual Percentage Rate decreases, my payment all ecrease.
