Under the Minets Environmental Protection Act, owners of rest property may be held liable for costs related to the release of heaterloss substances.

1. Section 23.5(f) of the Act states:
"Netwithstanding any other provision of law, and subject only to the defences out forth in subsection (j) of this Section, the following persons shall be liable for all costs of removal or remodial action incurred by the State of Illinois as a result of a release or substantial threat of a release of a hospidous substance: (1) The owner and operator of a facility or vessal from which there is a release or substantial threat of release of a hazardous substance;

(2) Any person who at the time of disposal, transport, storage or treatment of a hexardous substance owned or operated the facility or vessel used for such disposal, transport, treatment or storage from which there was a release or substantial threat of a release of any such hazardous substance;

tions than action for a marris are trucks placed on Kristing for the designation storage, disposal or treatment of hazardous substances owned, controlled or possessed by such person at a facility there is a release or substantial stream of a please of tuch hazardour substantel, and

(4) Any person who accepts of acretical my taxa your substantial threaton arrelate of a hazardous substance."

2. Section 4(q) of the Act states:

"The Agency shall have the authority to provide notice to any person who may be liable pursuant to Section 22.2(1) of this Act for a release or a substantial threat of a release of a hazardous substance. Such notice shall include the identified resource action and an opportunity for such person to perform the response action."

3. Section 22.2(k) of the Act states:

"If any person who is liable for a release or substantial threat of release of a hazardous substance falls without sufficient cause to provide removal or remedial action upon or in accordance with a notice and request by the asency or upon or in accordance with any order of the Board or any court, such person may be liable to the State for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the State of Minois as result of such failure to take such removal or remedial action. The punitive damage imposed by the Board shall be in addition to any costs recovered from such person pursuant to this Section and in addition to any other penalty or relief provided by this Act or any other law.

4. Section 22.18(a) of the Act states:

"Notwithstanding any other provision or rule or law, except as provided otherwise in subsection (b), the owner or operator, or both, of an underground storage tank shall be liable for all costs of preventive action, corrective action and enforcement action incurred by the State of Illinois as a result of a release or a substantial threat of release of petroleum from a: anderground storage tank."

5. The tent of the statute set out above is subject to change by amendment. Persons using this form may update it to seffect changes in the con of the statutes cited, but no disclosure statement shall be invalid merely because it sets forth an obspicte or expended version of such text.

IV. Environmental Information

- A. Regulatory Information During Current Ownership
 - I. Has the transferor ever conducted operations on the property which involved the generation, manufacture, processing, transportation, treatment, storage or handling of "hazardous substances" so defined by the Elinois Environmental Protection Act? This question shall not be applicable for ronsumer goods stored or handled by a retailer in the same form, approximate amount, concern at on and manner as they are sold to consumers, provided that such retailer does not engage in any commercial mixing other than paint mixing or tinting of consumer sized containers). finishing, refinishing, servicing, or cleaning operators; on the property,

- 2. Has the transferor ever conducted operations on the property which involved the processing, storage or handling of petroleum, other than that which was associated directly with the transferor's vehicle usage?
- 3. Has the transferor ever conducted operations on the property which knotved the generation, transportation, storage, treatment or disposal of "hazardous or special wastes," as defined by the federal Resource Conservation and Recovery Act and the Illinois Environmental Protection Act? **W. #** Na....
- 4. Are there any of the following specific units (operating or closed) at the property strick are or were used by the transferor to manage wasts, hazardous wastes, hazardous substances or petrolegist?

Landilli	Wa	No.A
