**8. Alternative insurance:** In certain situations involving a combination of many long-term care expenses, it may be more effective to split the premiums between two or more companies. This can be done by splitting the premiums between two or more companies. The premiums will be paid by both companies, but each company will only pay for its own expenses.

All amounts distributed by Lender under this paragraph shall become additional debt of Borrower accrued by the  
Society upon payment in full by Borrower and Lender agrees to accept terms of payment thereon.

7. Protection of Landlord's Rights in the Property. It is understood that no part of the leasehold and the fee title shall not infringe unless Landlord agrees to the merger or uniting.

6. (Leveraging, Preemptive, Altruistic and Profitable) Bottleneck's Team Application Examples

In general, Bottleneck's team application examples can be categorized into two main types: **Profitable** and **Altruistic**. The Profitable category includes examples where the team is leveraged to increase revenue or reduce costs. The Altruistic category includes examples where the team is leveraged to support social causes or improve the community. In both cases, the team is used to identify opportunities for growth or improvement, and then work with stakeholders to implement changes.

**Profitable Examples:**

- Case Study 1:** A company that manufactures medical equipment for hospitals and clinics. The team identified a new market opportunity in developing countries and worked with stakeholders to develop a new product line specifically designed for those markets. This resulted in increased revenue and market share for the company.
- Case Study 2:** A company that provides software solutions for small businesses. The team identified a need for more user-friendly software and worked with stakeholders to develop a new product line. This resulted in increased sales and customer satisfaction for the company.
- Case Study 3:** A company that provides consulting services to other companies. The team identified a need for more efficient processes and worked with stakeholders to develop a new product line. This resulted in increased efficiency and cost savings for the company.

**Altruistic Examples:**

- Case Study 1:** A company that manufactures medical equipment for hospitals and clinics. The team identified a need for more accessible medical equipment for low-income families and worked with stakeholders to develop a new product line specifically designed for those families. This resulted in increased sales and customer satisfaction for the company.
- Case Study 2:** A company that provides software solutions for small businesses. The team identified a need for more user-friendly software and worked with stakeholders to develop a new product line. This resulted in increased sales and customer satisfaction for the company.
- Case Study 3:** A company that provides consulting services to other companies. The team identified a need for more efficient processes and worked with stakeholders to develop a new product line. This resulted in increased efficiency and cost savings for the company.

In section 1, under the heading 'What is the purpose of the Bill?', the Minister for Environment, Climate Change and Water has applied to the relevant sections of the Environment Protection and Biodiversity Conservation Act 1999 ('the EPBC Act') to the proposed development of the project. The Minister has also applied to the relevant sections of the EPBC Act to the proposed development of the project.

All instruments, policies, and procedures shall be acceptable to a creditor and shall include a standard procedure for prompt payment and recordal notices in the event of loss, shorter than five months notice to the instrument holder and a longer

payments may no longer be required, at the option of Lender, if mortgage insurance coverage in the amount and for the period that Lender requires is provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

**9. Inspection.** Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

**10. Condemnation.** The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assited and shall be paid to Lender.

In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately before the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due.

If the Property is abandoned by Borrower, or if, after notice by Lender to Borrower that the condemnor offers to make an award or settle a claim for damages, Borrower fails to respond to Lender within 30 days after the date the notice is given, Lender is authorized to collect and apply the proceeds, at its option, either to restoration or repair of the Property or to the sum secured by this Security Instrument, whether or not then due.

Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 and 2 or change the amount of such payments.

**11. Borrower Not Released; Forbearance By Lender Not a Waiver.** Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

**12. Successors and Assigns Bound; Joint and Several Liability; Co-signers.** The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

**13. Loan Charges.** If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

**14. Notices.** Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law requires use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given by first class mail to Lender's address stated herein or any other address Lender designates by notice to Borrower. Any notice provided for in this Security Instrument shall be deemed to have been given to Borrower or Lender when given as provided in this paragraph.

**15. Governing Law; Severability.** This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

**16. Borrower's Copy.** Borrower shall be given one conformed copy of the Note and of this Security Instrument.
