The maturity date of this Mortgage is November 28, 1999. The interest rate under the revolving line of credit is a variable interest rate based upon an index. The index currently is 8.000% per annum. The interest rate to be applied to the outstanding account balance shall be at a rate 1.000 percentage points above the index for balances of \$50,000.00 and under and at a rate 0.500 percentage points above the index for balances of \$50,000.01 and above, subject however to the following minimum and maximum rates.
