Assignee ("Loan Agreement"); (iv) the performance of all obligations, covenants, promises and agreements of the Assignor contained in any loan or other agreements setting forth terms and conditions applicable to the loan evidenced by the Note or providing collateral security therefor, including the performance under any other instrument given at any other time to secure the payment of any other indebtedness of the Assignor; and (v) the payment of all expenses and charges, legal or otherwise, paid or incurred by the Assignee in realizing upon or protecting the indebtedness referred to in the foregoing clauses (i), (ii), (iii) and (iv) or any security therefor, including this Assignment (the Note and the other indebtedness, obligations and liabilities referred to in clauses (i) through (v) above being hereafter collectively referred to as the "indebtedness hereby secured").

The Assignor warrants to the Assignee that the Assignor has the right to make this Assignment and that the Assignor has not heretofore alienated, assigned, pledged or otherwise disposed of any of the rights, rents and other sums due or which may hereafter become due and which are intended to be assigned hereunder other than to Assignee.

This Assignment includes and establishes a present, absolute and primary transfer and assignment of all rents, earnings, income, issues and profits of the premises, but so long as no Event of Default shall exist under the Note, Loan Agreement or the Mortgage, and no event shall exist which by lapse of time or service of notice, or both, has or would become an Event of Default thereunder, the Assignor shall have the right and license to collect, use and enjoy all rents and other sums due or to become due under and by virtue of any Lease as they respectively become due, but not more than 30 days in advance.

The Assignor hereby irrevocably consents to and authorizes and directs that the tenant or other obligor under any Lease upon demand and notice from the Assignee of the Assignee's right to receive rents and other sums hereunder, shall pay such rent and other sums to the Assignee without any obligation on the part of such tenant or other obligor to determine the actual existence of any default or event claimed by the Assignee as the basis for the Assignee's right to receive such rents or other sums and notwithstanding any notice from or claim of the Assignor to the contrary. The Assignor hereby waives any right or claim against any tenant or other obligor for any such rents and other sums paid by tenant or other obligor to the Assignee.

Without limiting any legal rights of the Assignee as the absolute assignee of the rents, issues and profits of the premises and in furtherance thereof, Assignor agrees that in the Event of Default under the Mortgage, whether before or after the Note is declared due in accordance with its terms or under the terms of said Mortgage, the Assignee may, at its option, (1) take actual possession of the premises hereinabove described, or of any part thereof, personally or by agent or attorney, as for condition broken, and with or without force and with or without process of law, enter upon, take and maintain possession of all or any part of said premises together with all documents, books, records, papers and accounts relating thereto, and exclude the Assignor, its agents, or servants, therefrom and hold, operate, manage and control the premises, and at the expense of the premises, from time to time, cause to be made all necessary or proper repairs, renewals, replacements, useful alterations, additions, betterments and improvements to the premises as may seem judicious, and pay taxes, assessments and prior or proper charges on the premises, and to enter into or renew or extend leases for such times and on such terms as Assignee may deem fit, including leases for the terms expiring beyond the maturity of the indebtedness secured by said Mortgage, and cancel any lease or sublease for any cause or on any ground which would entitle the

Assignor to cancel the same and in every such case have the right to manage and operate the said premises and to carry on the business thereof as the Assignee shall deem proper; or (ii) with or without taking possession of the premises, Assignee may proceed to enforce the Leases and collect all sums due or to become due thereunder and by so doing Assignee shall not be deemed a mortgagee in possession nor to have assumed or become responsible or liable for any obligations of Assignor arising thereunder or in respect thereof.

Any sums received by Assignee under or by virtue of this Assignment shall be applied to the payment of or on account of the following in such order and manner as Assignee may elect:

- (a) to the payment of all proper charges and expenses including the just and reasonable compensation for the services of Assignee, its attorneys and agents, clerks, servants and others employed in connection with the operation, management and control of the premises and the conduct of the business thereof and, if the Assignee shall elect, to the establishment of a reserve which shall be sufficient in Assignee's judgment to indemnify it against any liability, loss or damage on account of any matter or thing done in good faith and in pursuance of the rights and powers contained herein;
- (b) to the payment of any sum secured by a lien or encumbrance upon the premises;
- (c) to the cost of completing any improvements being constructed on or about the premises; and
- (d) to the reduction of the indebtedness hereby secured, whether or not the same may then be due or be otherwise adequately secured.

The manner of application of such sums and the items which shall be credited or paid out of same shall be within the sole discretion of Assignee and nothing herein contained shall obligate Assignee to use any such sums for a purpose other than reducing the indebtedness hereby secured unless it shall elect so to do. Assignee shall be subrogated to any lien discharged out of the rents, income and profits of the premises.

The Assignor hereby further covenants that the Assignor will upon request of the Assignee execute and deliver such further instruments and do and perform such other acts and things as the Assignee may reasonably deem necessary or appropriate to more effectively vest in and secure to the Assignee the rights and rents which are intended to be assigned to the Assignee hereunder. Assignor irrevocably waives any right it now or hereafter may have to offset any claim or liability owing from it to any obligor on a Lease against sums due or to become due from such obligor under a Lease.

Assignor covenants and agrees to observe and perform all of the obligations imposed on it under the Leases and not to do or permit to be done anything to impair the security thereof, not to execute any Lease on terms and conditions less satisfactory to the lessor than are usual and customary in leases with a similar term and for similar types of space in the general market area where the premises are located, not to further assign or encumber its rights under the Leases or its rights to the rents or other sums due or to become due thereunder and not suffer or permit any of the Leases to be subordinated to any other liens or encumbrances whatsoever, any such subordination to be null and void unless done with the written consent of Assignee. Assignor further covenants and agrees not to amend, modify or terminate any of the Leases without the prior written consent of Assignee, provided that unless and until an Event of Default, Assignor may

enter into amendments and modifications to Leases which do not materially and adversely affect the security thereof and may terminate Leases if substantially concurrently with such termination, it shall have entered into a new Lease of the space which was the subject of the terminated Lease upon terms and conditions no less beneficial to it than those contained in the terminated Lease and with a lessee of at least equal creditworthiness to the terminated lessee, provided that the foregoing to the contrary notwithstanding, no lease shall be terminated if such termination would reduce the amount which any lender is then obligated to fund under any commitment issued to provide financing for the premises. Assignor further covenants and agrees that it will, at the request of Assignee, submit the executed originals of all Leases to Assignee.

The acceptance by the Assignee of this Assignment, with all of the rights, powers, privileges and authority so created, shall not, prior to entry upon and taking of actual physical possession of the premises by the Assignee, be deemed or construed to constitute the Assignee a mortgagee in possession nor impose any obligation whatsoever upon the Assignee, it being understood and agreed that the Assignee does not hereby undertake to perform or discharge any obligation, duty or liability of the landlord under any Leases or under or by reason of this Assignment. Assignee shall have no liability to Assignor or anyone for any action taken or omitted to be taken by him hereunder, except for its gross negligence or willful misconduct. Should the Assignee incur any liability or damage under or by reason of this Assignment or for any action taken by the Assignee hereunder, or in defense against any claim or demand whatsoever which may be asserted against the Assignee arising out of any Lease, the amount thereof, including costs, expenses and reasonable attorneys' fees, together with interest thereon at the rate applicable to the Note at the time of incurrence (or if the Note has been paid in full at the time of incurrence, then at the rate applicable to the Note at the time of such payment in full), shall be secured by this Assignment and by the Mortgage, and the Assignor shall reimburse the Assignee therefor immediately upon demand, Assignor's obligation to so pay to survive payment of the indebtedness hereby secured and the release of this Assignment.

The rights and remedies of the Assignee hereunder are cumulative and are not secondary to or in lieu of but are in addition to any rights or remedies which the Assignee shall have under the Note, Mortgage or any other instrument or document or under applicable law and the exercise by Assignee of any rights and remedies herein contained shall not be deemed a waiver of any other rights or remedies of Assignee, whether arising under the Mortgage or otherwise, each and all of which may be exercised whenever Assignee deems it in its interest to do so. The rights and remedies of the Assignee may be exercised from time to time and as often as such exercise is deemed expedient and the failure of the Assignee to enforce any of the terms, provisions and conditions of this Assignment for any period of time, at any time or times, shall not be construed or deemed to be a waiver of any rights under the terms hereof.

The right of the Assignee to collect and receive the rents assigned hereunder or to exercise any of the rights or powers herein granted to the Assignee shall, to the extent not prohibited by law, extend also to the period from and after the filing of any suit to foreclose the lien of the Mortgage, including any period allowed by law for the redemption of the premises after any foreclosure sale.

This Assignment shall be assignable by the Assignee and all of the terms and provisions hereof shall be binding upon and inure to the benefit of the respective executors, administrators, legal representatives, successors and assigns of each of the parties hereto. All provisions hereof are severable and if any

provisions hereof shall be invalid or unenforceable, the validity and enforceability of the remaining provisions hereof shall in no way be affected thereby. If more than one person signed this instrument as Assignor, the term "Assignor" as used herein shall mean all of such persons, jointly and severally.

This Assignment of Leases and Rents is executed by Trustee, not personally but as Trustee as aforesaid, in the exercise of the power and authority conferred upon and vested in it as such Trustee. Nothing herein, in the Mortgage or in the Note contained shall be construed as creating any liability of Trustee personally to pay the Note or any interest that may accrue thereon, or any indebtedness accruing thereunder or hereunder, or to perform any agreement or covenant either express or implied herein or therein contained, all such liability, if any, being expressly waived by Assignee and by anyone now or hereafter claiming any right or security hereunder. So far as Trustee, personally, is concerned, Assignee hereunder or the holder of the Note and the owner of any indebtedness accruing hereunder or anyone making any claim hereunder shall look solely to the trust property herein described and to the rents hereby assigned for the payment thereof, by the enforcement of the lien hereby and by the Mortgage created, in the manner herein, in the Mortgage, the Note and the other Loan Documents (as defined in the Loan Agreement) provided.
