6. Occupancy, Preterm birth, Maternal and Postpartum Loan Application Latencies

In this section, we will compare the preterm birth rate, gestational latencies with very low birth weight babies, and the time between the first and second hospital admissions for mothers who gave birth preterm. We will also compare the time between the first and second hospital admissions for mothers who gave birth term.

The first panel of Figure 10 shows the preterm birth rate for each gestational age group. The preterm birth rate is highest for the <32 weeks gestational age group, followed by the <34 weeks gestational age group, and then the <36 weeks gestational age group. The preterm birth rate is lowest for the ≥37 weeks gestational age group. This pattern is consistent with previous research (Brenner et al., 2010).

The second panel of Figure 10 shows the gestational latencies with very low birth weight babies. The gestational latency is defined as the time between the first hospital admission and the second hospital admission for mothers who gave birth preterm. The gestational latency is highest for the <32 weeks gestational age group, followed by the <34 weeks gestational age group, and then the <36 weeks gestational age group. The gestational latency is lowest for the ≥37 weeks gestational age group. This pattern is consistent with previous research (Brenner et al., 2010).

The third panel of Figure 10 shows the time between the first and second hospital admissions for mothers who gave birth preterm. The time between the first and second hospital admissions is highest for the <32 weeks gestational age group, followed by the <34 weeks gestational age group, and then the <36 weeks gestational age group. The time between the first and second hospital admissions is lowest for the ≥37 weeks gestational age group. This pattern is consistent with previous research (Brenner et al., 2010).

Comments on the PEP and proposed changes to the PEP will be accepted until the date indicated by the date specified by the Secretary of State.

payments may no longer be required at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

**9. Inspection.** Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

**10. Condemnation.** The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender.

In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately before the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due.

If the Property is abandoned by Borrower, or if, after notice by Lender to Borrower that the condemnor offers to make an award or settle a claim for damages, Borrower fails to respond to Lender within 30 days after the date the notice is given, Lender is authorized to collect and apply the proceeds, at its option, either to restoration or repair of the Property or to the sums secured by this Security Instrument, whether or not then due.

Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payment referred to in paragraphs 1 and 2 or change the amount of such payments.

**11. Borrower Not Released; Forbearance By Lender Not a Waiver.** Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

**12. Successors and Assigns Bound; Joint and Several Liability;** Co-signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

**13. Loan Charges.** If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

**14. Notices.** Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law requires use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given by first class mail to Lender's address stated herein or any other address Lender designates by notice to Borrower. Any notice provided for in this Security Instrument shall be deemed to have been given to Borrower or Lender when given as provided in this paragraph.

**15. Governing Law; Severability.** This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

**16. Borrower's Copy.** Borrower shall be given one conformed copy of the Note and of this Security Instrument.

21. Acceleration of Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument that not prior to acceleration under paragraph 17 unless applicable law provides otherwise. The notice shall specify: (a) the date when repayment of the debt will become due; (b) the date when Borrower has failed to make payment when due; (c) the amount of the unpaid principal and interest; and (d) the failure to cure the debt within 30 days from the date the notice is given to Borrower, by which time the debt must be cured; and (e) the failure to cure the debt on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclose by judicial proceeding and sale of the Property. The notice shall further advise the Borrower that he may be liable for attorney fees and costs of title insurance.

22. Remedies. Upon payment of all sums advanced by this instrument, Lender shall receive the security instruments provided in this paragraph.

#### **NON-GOVERNMENTAL ORGANIZATIONS**

The Company has no present intention to sell or lease any of its properties; however, it may do so in the future.

For example, if you are a software developer, you might want to use a library like TensorFlow or PyTorch to build machine learning models. If you are a data scientist, you might want to use a library like pandas or NumPy to manipulate data. If you are a web developer, you might want to use a library like React or Angular to build user interfaces.

**20. Liabilities Subsidiaries** *Particulars shall be given of all debts or charges of a permanent nature due from subsidiary companies which have been incurred for the purpose of carrying on their business.*

19. Sale of Note. Change of Loan Servicer. The X is to be a general provision to the Note and together with this Second Lien Note, may be sold one or more times without prior notice to the Borrower. A sale may result in a change in the entity known as the "Loan Servicer," that is not necessarily permitted under the Note and this Security Instrument. There also may be one or more changes in the Note and this Security Instrument. The Note and this Security Instrument will remain valid and binding on the Borrower notwithstanding any such change.

18. Burttower's Right to Remand. If Burttower's rights were violated, he should have the right to have all evidence of his Statute of Limitations defense struck from the record. Burttower should have the right to have his Statute of Limitations defense struck from the record if it is determined that he had actual notice of the Statute of Limitations defense prior to the trial date.

It becomes apparent that the leaderless, unorganized, and unguided masses of people who have been brought together by the same cause, have no power to effect any change.

12. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any part of the Beneficial Interest in Borrower is sold to a transferee, it need not be registered by the transferee if registered by Borrower.
