%. The Note provides for The Note provides for an initial interest rate of changes in the interest rate and the monthly payments, as follows:

4. INTEREST RATE AND MONTHLY PAYMENT CHANGES

The interest rate I will pay may change on the first day of JULY that day every 12th month thereafter. Each date on which my interest rate could change is called a "Change Date."

(B) The Index

Beginning with the first Change Date, my interest rate will be based on an Index. The "Index" is the weekly average yield on United States Treasury excitities adjusted to a constant maturity of 1 year, as made available by the Federal Reserve Board. The most recent Index figure available as of the date 45 days before each Change Date is called the "Current Index."

If the Index is no longer available, the Note Holder vill choose a new index which is based upon

comparable information. The Note Holder will give me notice of this choice.

(C) Calculation of Changes

Before each Change Date, the Note Holder will calculate my mw interest rate by adding

percentage point(i) (2.750 percentage point(i) (2.750 %) to the Current Index. The Note Holder will then round the result of this and tien to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated in Section 4(D) 62'ow, this rounded amount will be my new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that I am expected to owe at the Change Date in full on the Maturity Date at my new interest rate in substantially equal payments. The result of this calculation will be the new amount of my monthly payment.

(D) Limits on Interest Rate Changes

The interest rate 1 am required to pay at the first Change Date will not be greater than 7.750% or less than %.
