2. Definitions. In this document, the following definitions apply:
"Mortgage". This document is called the "Mortgage".

94280698

"Borrower". JERZY OLECHNO AND GRACE OLECHNO, HUSBAND AND WIFE

will be called "Borrower".

Borrower's address is shown below.

Lender. TCF BANK SAVINGS fsc will be called "Lender". Lender is a federal savings bank which was formed and which exists under the laws of the United States of America. Lender's address is 801 Marquette Avenue, Minneapolis, Minnesota 55402.

"Agreement". The CommandCredit Plus Line Agreement signed by one or more Borrower and dated the same date as this Mortgage will be called the "Agreement". Under the Agreement, any Borrower signing the Agreement has a revolving line of credit called the "Account". The Agreement allows such a Borrower to obtain Loan Advances from the Account, make payments, and obtain readvances. Under the Agreement, such a Borrower may request Loan Advances from the Lender at any time until the final due date, shown in section 3 below.

"Property". The property that is described in section 3 is called the "Property".

3. Final Due Date. The scheduled date for final payment of what Borrower owes under the Agreement is MARCH 28, 2009

4. Variable Annual Percentage Rate. The Annual Percentage Rate is the cost of Borrower's credit as a yearly rate. The Annual Percentage Rate Lender uses to figure Finance Charges will go up and down, based on the highest U.S. prime rate published daily in the Wall Street Journal under "Money Rates" (the "Index"). The Index is not the lowest or best rate offered by Lender or other lenders. If the Index becomes unavailable, Lender will select, to the extent permitted by applicable laws and regulations, some other interest rate index that is comparable to the Index and notify Borrower. If the Annual Percentage Rate goes up or down, the Daily Periodic Rate will also go up or down. To figure the ANNUAL PERCENTAGE RATE, we add 2.40 percentage points to the index rate in effect the previous business day. ("Business day" does not include Saturdays, Sundays and legal holidays.) On each business day we will recalculate the ANNUAL PERCENTAGE RATE for this loan so that it is 2.40% (2.40 percentage points) above the index published the previous business day. If the index rate changes, however, the ANNUAL PERCENTAGE RATE for this loan will change the next business day. The beginning index rate for this loan is 6.00% per year. The beginning ANNUAL PERCENTAGE RATE for this loan is therefore 8.40% per year, which is a Daily Periodic Rate of .02301%. The maximum ANNUAL PERCENTAGE RATE is 19.00%. The minimum ANNUAL PERCENTAGE RATE is 4.00%.

5. Description of the Property. Borrower gives Lender rights in the following Property:

a. The Land, which is located at (address) 3912 N NEWCASTLE AVE., CHICAGO, IL 60634

- e. That the Borrower may reinstate the Mortgage after acceleration; and
- f. That Borrower may bring suit in court to argue that all promises were kept and to present any other defenses Borrower has to acceleration.

Lender need not send the notice if the promise Borrower failed to keep consists of Borrower's sale or transfer of all or a part of the Property or any rights in the Property without Lender's written consent. If the Borrower does not correct the failure by the date stated in the notice, Lender may accelerate. If Lender accelerates, Lender may foreclose this Mortgage according to law. Borrower also agrees to pay Lender's attorneys' fees and costs for the foreclosure in the maximum amount allowed by law. Lender will apply the proceeds of the foreclosure sale to the amount Borrower owes under this Mortgage, and to the costs of the foreclosure and Lender's attorneys' fees.

24. **Obligations After Assignment.** Any person who takes over Borrower's right or obligations under this Mortgage with Lender's consent will have Borrower's rights and will be obligated to keep all of the promises Borrower made in this Mortgage. If another person takes over Borrower's rights or obligations under this Mortgage, Borrower will not be released. Any person or organization who takes over Lender's rights or obligations under this Mortgage will have all of Lender's rights and must keep all of Lender's obligations under this Mortgage.

25. **Waiver of Homestead.** Under the exemption laws, Borrower's homestead is usually free from the claims of creditors. Borrower gives up the homestead exemption right for all claims arising out of this Mortgage. This includes Borrower's right to demand that property other than Borrower's homestead that has been mortgaged to Lender be foreclosed first, before the homestead is foreclosed.

26. **Condemnation.** If all or part of the Property is condemned, Borrower directs the party condemning the Property to pay all of the money to Lender. Lender will apply the money to pay the amount Borrower owes Lender, unless Lender agrees in writing that the proceeds can be used differently. If Lender uses the money to reduce the amount Borrower owes under the Agreement, Borrower will still have to make regular monthly payments until everything Borrower owes is paid.

27. **Paragraph Headings.** The headings of the paragraphs are for convenience only, and are not a part of this Mortgage.

6. Notice of Variable Rate of Interest. This Mortgage Secures a Line of Credit that has a Variable Rate of Interest. This means that the interest rate may increase or decrease from time to time, as explained in section 4.
7. Finance Charge. Borrower will pay a Finance Charge until Borrower has repaid everything owed under the Agreement. Lender charges the Finance Charge at the end of every month by billing cycle. The monthly billing cycle runs from the first day of a month to the last day of that month. To figure the Finance Charge for a monthly billing cycle, Lender adds up the Finance Charges for each day occurring during the last day of the month. Lender then divides the total monthly Finance Charge by the number of days in the month. This gives Lender the Daily Balance for each day. Lender then takes the beginning balance of Borrower's Account and divides it by the number of days in the month. This gives Lender the Daily Periodic Rate. This is the Daily Periodic Rate divided by the number of days in the month. This is the Daily Periodic Rate multiplied by the beginning balance of Borrower's Account.
