Mortgagor does hereby warrant and defend the Property unto Bank forever, against any claim or claims, of all persons claiming or to claim the Property or any part thereof. Mortgagor further releases and waives all rights under and by virtue of the homestead laws and exemption laws of the state of ILLINOIS.

INTEREST AND REPAYMENT OF THE OBLIGATIONS. The Note accrues interest from the date of disbursement, on the unpaid principal balance at an annual rate equal to 1 percentage point above Bank's Prime Rate, as adjusted and announced from time to time until the Note matures or the obligation is accelerated. The Prime Rate, plus 1 percentage point, may also be referred to hereafter as the "Contract Rate".

"PRIME RATE" or "PRIME" means the rate of interest announced by the Bank as its PRIME RATE. That Prime Rate will fluctuate from time to time. The Contract Rate is the sum of Bank's Prime Rate (9%) plus 1 percentage point. The effective Contract Rate today is 10%. Bank's Prime Rate today is not necessarily the lowest rate at which Bank lends its lunds. The Prime Rate is only an index rate from which interest rates actually charged to customers may be measured. The use of the Prime Rate is for convenience only and does not constitute a commitment by Bank to lend money at a preferred rate of interest. The Prime Rate is a benchmark for pricing certain types of loans. Depending on the circumstances, such as the amount and term of the loan, the recitiworthiness of the borrower or any guarantor, the presence and nature of collateral and other relationships between a borrower and Bank, loans may be priced at, above or below the Prime Rate.

All adjustments to the Contract Rate will be made on each day that the Prime Rate changes. Any increase to the Prime Rate may be carried over to a subsequent adjustment date without resulting in a waiver or forfeiture of such adjustment, provided an adjustment to the Contract Rate is made within one year from the date of such increase. Any change in the Contract Rate will take the form of different payment amounts. After maturity or acceleration, the unpaid balance shall very interest at the rate specified in the Note until paid. If the interest accrued and collected exceeds the Maximum Lawful interest as of the time of collection, such excess shall be applied to reduce the principal amount outstanding, unless otherwise required by law. If or when no principal amount it is outstanding, any excess interest shall be refunded to Borrower according to the actuarial method. Interest shall be computed on the basis of a 360-duy year and the actual number of days elapsed.

Accrued interest is due and payable in 11 monthly payments on the 1st day of each month, beginning August 1, 1995, or the day following if the payment day is a holiday or is a non-business on 107 Bank. Unless paid prior to maturity, the last scheduled payment plus all unpaid principal, accrued interest, costs and expenses are due and payable on July 1, 1996, which is the date of maturity. If the Contract Rate changes, any remaining payments may be a different amount. All amounts shall be paid in legal U.S. currency. Any payment made with a check will constitute payment only when collected.

- 6. LIENS AND ENCUMBRANCES. Mortgagor warrants and represents that the Property is free and clear of all liens and encumbrances whatsoever. Mortgagor agrees to pay all claims when due that might result, if unpaid, in the foreclosure, execution or imposition of any lien, claim or encumbrance on or against the Property or any part thereof.
