THIS SECURITY INSTRUMENT IS MADE TO SECURE TO THE LENDER THE FOLLOWING DEBTS AND **OBLIGATIONS:**

- (1) Performance of each agreement of Borrower incorporated by reference or contained herein, and
- (2) Payment of the indebtedness due and to become due unic, and performance of the terms, and conditions under a consumer revolving loan agreement entitled "United Air Lines Employees' Credit Union Home Equity Secured Open-End Variable Rate Note and Truth-In-Lending Disclosure Statement" (herein "the Note") dated the same date as this Security Instrument, and all difficultions, extensions, renewals, any reli statements thereof. The Note contemplates a series of advances, of a revolving nature, to be made, repaid, and remade, from time to time, under the terms of the Note with all such advances to be secured by this Security Instrument to the same extent as if such future advances were made on the date of execution of this Security Intrument. The total outstanding principal balance owing at any time under which sum is referred to in the Note as the "Credit Limit". the Note shall not exceed \$ 12,000.00 The outstanding principal balance does not include the finance charges, or other costs which may accrue under the Note. The entire indebtedness under the Note, if not paid sooner, is due and payable on January 1,
- (3) The Note provides for an initial interest rate of 8.75 %. The Note provide for changes in the interest rate, as follows:
 - A. Variable Rate.

The Annual Percentage Rate and the corresponding daily periodic rate may increase or decrease monthly if the value of the Index changes. The Annual Percentage Rate includes only interest and not other charges.

B. Change Dates.

The Annual Percentage Rate may change on the first day of each month beginning March 1, 1995.

Each date on which the Annual Percentage Rate could change is called a "Change Date". The new Annual Percentage Rate will become effective on each Change Date and will apply to my unpaid principal balance until the rate changes again.

C. The Index.

The Index is the highest Prime Rate as reported in the Money Rates Section of <u>The Wall Street Journal</u>. The Current Index for any month is the index value that appears in the first issue of <u>The Wall Street Journal</u> published in the preceding month. If the Index becomes unavailable you may choose a new index and adjust the Margin in accordance with federal law. My Annual Percentage Rate will not change at the time of the substitution or adjustment merely due to the substitution of indices or the adjustment in the Margin. You will notify me of any substitution or adjustment.

D. Calculation of Langue FFICIAL COPY

On each Change Date you will add 100 basis points (1.00 percentage points, called the "Margin") to the Current Eadex. The result will be my new Annual Percentage Rate, but will be subject to the limitations set forth in Subparagraph E. below.

E. Limits On Changes.

The Annual Percentage Rate will not increase above the maximum legally permissible rate. In addition, my ANNUAL PERCENTAGE RATE will not increase above 14.0% or below 7.5%. During any one calendar year my Annual Percentage Rate will not increase or decrease such that the Payment Calculation Rate increases or decreases more than one level as shown in the payment chart in the Note. My Annual Percentage Rate as of January 1 can increase during the year to the highest Annual Percentage Rate in the next highest level, but cannot go higher during the year. My Annual Percentage Rate as of January 1 can decrease during the year to the lowest Annual Percentage Rate in the next lowest level, but cannot go lower during the year. This restricts the change in my Annual Percentage Rate during any one calendar year to 3.99 percentage points.

F. Effect of Change.

An increase in the Annual Percentage Rate either will result in higher payments, if my Annual Percentage Rate increases to the next level shown on the payment chart, or will result in a smaller portion of my payments going to repay principal, which will mean that my unpaid principal balance will be repaid slower. A decrease in my Annual Percentage Rate either will result in lower payments, if my Annual Percentage Rate decreases to a lower level shown on the payment chart, or will result in more of my payments going to repay principal, which will mean that my unpaid principal balance will be repaid more rapidly.
