A new interest rate calculated in accordance with paragraphs (C) and (D) of this Rider will become effective on the Chang. Pate. Borrower shall make a payment in the new monthly amount beginning on the first payment date which occurs at least 25 days after Lender has given Borrower the notice of changes required by paragraph (F) of this Rider. Borrower shall have no obligation to pay any increase in the monthly payment amount calculated in accordance with paragraph (E) of this Rider for any payment date occurring less than 25 days after Lender has given the required notice. If the monthly payment amount calculated in accordance with paragraph (E) of this Rider decreased, but Lender failed to give timely notice of the decrease and Borrower made any monthly payment amounts exceeding the payment amount which should have been stated in a timely notice, then Porrower has the option to either (i) demand the return to Borrower of any excess payment, with interest thereon at the Note rate (a rate equal to the interest rate which should have been stated in a timely notice), or (ii) request that any excess payment, with interest thereon at the Note rate, be applied as payment of principal. Lender's configation to return any excess payment with interest on demand is not assignable even if the Note is otherwise assigned before the demand for return is made.

(E120MA) A configuration and the payment amount of principal and the payment with interest on demand is not assignable even if the Note is otherwise assigned before the demand for return is made.
