The amount of my scheduled monthly installment could be tess than the amount required to pay the interest due after a rate adjustment for that installment period. (a) Adjustment Dates. The interest rate I will pay will be adjusted on the First Interest Rate Adjustment Date (shown on the front of this Rider) and on every Installment Due Date thereafter.

(b) The Index. Beginning with the First Interest Rate Adjustment Date, my interest rate will be based on an Index. The "Index" is the monthly weighted average cost of savings, borrowings and advances published from time to time by the Federal Home Loan Bank of San Francisco (called the "Bank"). If the Index is no longer published during the term of the Note, or if Note Holder, in its sole discretion, finds that the Index no longer represents the current monthly weighted average cost of savings, borrowings and advances by the Bank available to Arizona, California and Nevada savings institutions of a type that were eligible to be members of the Bank on August 8, 1989, then the Note Holder may select an alternate index to calculate the interest rate, and that alternate index shall be the "index." If the alternate index selected by the Note Holder is no longer published during the term of the Note, the Note Holder may choose another alternate index to calculate the interest rate. Each published update of the Index is called the "Current Index."

(c) Calculation of Adjustruent. The Note Holder will determine each adjusted interest rate by adding the Rate Differential 'shown on the front of this Rider) to the most recently published Current Index. The sum of the Current Index and the Rate Differential is the interest rate that will apply to my loan until the next nonth's interest rate adjustment.

The Note Holder may choose not to increase my interest rate even if an increase is permitted because of an increase in the Current Index. The Note Holder is not required to give me advance

notice of interest rate adjustments. The interest rate I am required to pay during the term of

(d) Limits on Interest Rate Adjustments. The interest rate I am required to pay during the term of this loan will not be greater than the Maximum Rate nor less than the Minimum Rate (shown on the front of this Rider), unless the property securing this loan is sold and the loan is assumed. Sale of the property and assumption of my loan require the Note Holder's consent. If the property is sold and my loan is assumed, the Note Holder may adjust the Maximum Rate up to five percentage points (5.0%) above the interest rate in effect on the date of the assumption. The Note Holder may also adjust the Minimum Rate up to five percentage points (5.0%) below the interest rate in effect on the date of the assumption. The Note Holder may increase or decrease the Maximum Rate and the Minimum Rate each time the property is sold and the loan is assumed. The Note Holder, however, may thouse not to adjust the Maximum Rate or Minimum Rate each time the property is sold and the loan is assumed. The Note Holder's choice whether to adjust the Maximum or Minimum Rates will be made at the time the Note Holder consents to the sale and assumption.

2. METHOD OF COMPUTING ADJUSTMENTS TO THE MONTHLY INSTALLMENT.

(a) Adjustment Dates. My monthly installment will be adjusted on the First Installment Adjustment Date (shown on the front of this Rider) and annually thereafter. The date the installment will be adjusted is called the "Installment Adjustment Date".

(b) Calculation of Adjustments. The new installment will be calculated approx may alw 60 days prior to the Installment Adjustment Date by using the interest rate which is then in freet and the loan balance which would be owing on the Installment Adjustment Date if all regularly scheduled installments are made. The new installment will be an amount which would be sufficient to repay the loan balance which would be adjusted in the calculation of the loan balance which would be adjusted in the calculation of the loan balance which would be adjusted in the calculation of the loan balance
