In these situations, there's a leader who's doing most of the work, and others who are following along. This is called a **hierarchical pay-off matrix**, because it's based on the **leader-follower** model. In this type of game, one player is the **leader** and the other is the **follower**. The leader makes a decision first, and the follower follows suit. The payoffs for each player depend on both their own actions and those of the other player.

Lender will give notice to Borrower of any change in the interest rate and monthly payment amount, "the notice" unless otherwise provided in the Note, at least 25 days before the new monthly payment amount is due, and must set forth (i) the date of the notice as given or (ii) the date of the new monthly payment amount, (iii) the old interest rate, (iv) the new interest rate, (v) the new monthly payment amount, (vi) the current index with the date it was published, (vii) the method of calculating the change in monthly payments, and (viii) any other information which may be required by law from time to time.

19 Notice of Change

If the interest rates which would be necessary to repay the unpaid principal balance in full at the maturity date at the new and interest rates through sequentially equal payments. Under what circumstances, however, would it be necessary to repay the unpaid principal balance in full at the maturity date at the new and interest rates? This would occur if the result of this calculation will be the amount of the new monthly payment of the original note plus the amount of the new monthly payment of the new note.

(E) Calculation of Payment Charge

The interest rate will never increase by more than one percentage point (1.0%) or decrease by more than five percentage points (5.0%).

(D) Limits on Interest Rate Changes

Before each Change Date, Leader will calculate a new interest rate by adding a margin of 2.00% to the current index and rounding the result to the nearest one-eighth percentage point (0.125%). Subject to the limits stated in Paragraph (D) of this Rule, this rounded amount will be of one percent (0.125%).

(c) Calculation of Interest Rate Changes

(c) The Index
Beginning with the First Change Date, the interest rate will be based on an Index. "Index" means the weekly average yield on United States Treasury Securities adjusted to a constant unitary of one year, as made available by the Federal Reserve Board. United States Treasury Securities are those held in the Secretariat of Housing and Urban Development or his or her designee.
