(the "Lender") of the same date and covering the property described in the Security Instrument and located at:

"Index" means the weekly average yield on United States Treasury Securities adjusted to a constant maturity of one year, as made available by the Federal Reserve Board. Subject to the limits stated in paragraph (D) of this Rider, this rounded amount will be the new interest rate until the next Change Date.

(D) Limits on Interest Rate Changes

The interest rate will never increase or decrease by more than one percentage point (1.0%) on any single Change Date. The interest rate will never be more than five percentage points (5.0%) higher or lower than the initial interest rate.

BY SIGNING BELOW, Borrower accepts and agrees to the terms and covenants contained in this Adjustable Rate Rider.

A new interest rate calculated in accordance with Paragraphs (C) and (D) of this Rider will become effective on the Change Date. Borrower shall make a payment in the new monthly amount beginning on the first payment date which occurs at least 25 days after Lender has given Borrower the notice of changes required by paragraph (F) of this Rider. Borrower shall have no obligation to pay any increase in the monthly payment by paragraph calculated in accordance with Paragraph (E) of this Rider for any payment date occurring less than 25 days after this Rider decreases, but Lender failed to give timely notice of the decrease and Borrower made any monthly payment amounts exceeding the previous amount which should have been stated in a timely notice, then Borrower has the option to either (i) demand the principal amount of any excess payment, with interest calculated before return any excess payment with interest on demand is not assignable even if the Note is otherwise assigned before the demand for return is made.

(F) Notice of Changes

If the interest rate changes on a Change Date, Lender will calculate the amount of monthly payment of principal and interest which would be necessary to repay the unpaid principal balance in full at the maturity date at the new interest rate through substitutions equally payments. In making such calculation, Lender will use the unpaid principal balance which would be owed on the Change Date if there had been no default in payment of the new monthly payment of principal and interest. The result of this calculation will be the amount of Note, reduced by the amount of any prepayments to principal. The result of this calculation will be the new monthly payment of principal and interest.

(E) Calculation of Payment Changes
